# The Carlisle Herald.

CARLISLE, NOVEMBER 19, 1869.

Three burglars broke into Jacob Hipp's restaurant on last Friday night, robbed the till of 60 cents, helped themselves to beer and oysters, and were happy.

The gas burned until morning; but the robbers had departed.

The basement room of the St. Paul's Evangelical Church, on Louther street, will be dedicated on Sunday, November 21, at 11 o'clock. Ministers from a distance will attend.

The Honorable Charles Sumner will deliver his great lecture entitled the "Questions of Caste," at the Court House, in Harrisburg, on Monday evening next.

An authorized report of the speech of William H. Miller, esq., before the Governor on the Shoeppe case, appears in HERALD to-day.

Passengers to California can now make the through trip without change-of-cars. This is all very fine for those who have money to make the trip, but to poor sinners who have neither the time nor money to spare for a grand trip across the continent, this fact will not materially increase their comfort.

We are pleased to greet our friend Lieutenant E. B. Rheem, U. S. A, who now is spending some time with his relatives here. He looks in excellent health and spirits.

Would it not be a good thing to have a short course of lectures in Carlisle during the present winter? We have tried almost every other kind of rational and national entertainment, but we have not had a series of lectures, at any time within the last ten years. There need be no failure in the matter if the proper parties interest themselves, and good lecturers were obtained, and even should there be it is sometimes better to have tried and failed, than never to have tried at all.

Saturday last brought us the first instalment of winter in the shape of some three inches of snow. The boys and girls were delighted at the prospect of snowballing and sledding on the side walks. The young Misses and their beaux indulged in delightful sleigh rides and concomitant enjoyment. Their anticipations however, were disappointed. Sunday evening the snow had disappeared from the fields and roads, leaving just enough in the mountains to give us a view, disagreeable, and extremely chilly atmosphere.

The lovers of amusement appear to have had their prayers answered during this week. The Continentals appeared on Tuesday night, and notwithstanding the inclement weather, these ever welcome songsters were greeted by a good house. Professor Kidd, on Wednesday night, gave a fine elocutionary entertainment to an appreciative audience. We will visit our rural friends in various parts of the county.

A "Dissolving Panorama" was advertised (by us) to visit Carlisle on Monday evening last. As it appeared not, and the proprietor failed to furnish collateral for Rheem's hall and printing, it is assumed the institution reached its final resolution before Carlisle. A chubby bald individual, calling himself W. S. Griffiths, of Hagerstown, was the advertising agent, and succeeded in beating out of 500 programmes for Carlisle, 500 for other points, which he directed us to send to the "biggest tavern in Mechanicsburg!" We hope said house of entertainment lost no hash by the thing him. We warn our exchanges, should any printed panorama programmes with our imprint on them be given them copy, not to print them, except for cash down."

On Thursday of last week Governor Geary heard an argument in favor of the pardon of Dr. Paul Shoppe, who was convicted of the murder of Miss Stinecke, in this county, last May. Frederick Dittman, esq., of Philadelphia, William H. Miller, esq., Dr. Zitzer, and Professor Himes, of this place, argued the pardon of the prisoner on the ground that the evidence on which he was convicted was insufficient. The Hon. F. Carroll Brewster, Attorney General, was present, but made no reply to the arguments of the prisoner's counsel. The opinions of a number of prominent physicians and medical societies on the case have also submitted at the same time to the Governor.

Light is to be thrown upon Carlisle cracks; all the colored troops are about leaving."—*Harrisburg Exchange.*

More light will be thrown upon Carlisle Barracks. A number of street lamps will illuminate the parade ground. Credit is due the present commanding officer and the post adjutant for this and other improvements. Ventilators have been placed upon the roofs of all the quarters; and a commodious blacksmith shop erected adjacent to the stables. A new well has been lately run to the top of the bluff. Arrangements have been made to have a free concert in the theatre once a week, instead of tatoo, which will give the citizens an opportunity of listening to the excellent band and orchestra. The best selection of popular literature in this vicinity will be found in the post library. This is due to the good taste and scholarship of the treasurer of the post fund.

On next Sabbath evening the First and Second Presbyterian Churches of this borough, will hold a union meeting in the Second Presbyterian Church, for thanksgiving and praise to God, on account of the happy union which has recently been consummated between what have been known for more than 30 years as the two principal branches of the Presbyterian Church in the United States.

Two horses attached to the beer wagon of E. Krause ran away, on Louther street, on Saturday morning last. The wagon was very badly broken up, and beer kegs were scattered along the street. The horses ran at a fearful rate of speed for several squares before being stopped.

We call attention to the fact that the Cumberland Valley Railroad have changed the time table for passenger trains. The early train east now leaves Carlisle at 6:33, and the mail train at 9:50. The afternoon trains pass through somewhat later than formerly. "It is all to be pitied"—so think several who have been compelled to await the next train.

This week we issue our newspaper one day earlier than usual, in order to allow all connected with the office to enjoy themselves on Thanksgiving day.

The old "Continentals" gave an entertainment in Rheem's Hall, on Tuesday evening last. The singing was excellent, as it always is with them, and the hall was well filled. This troupe has been before the public for many years, and their name is a household word.

A lamentable case of suicide occurred in this city, on Thursday morning last. A young girl, aged about 16 years, daughter of W. A. Judy, was found hanging, by the neck, in the loft of a stable, owned by the family, in the southern part of the city. Immediately on the discovery she was cut down, but life was extinct. Coroner Strong was notified, and held an inquest over the body. The evidence went to show that there had been some wrangling between the girl and other members of the family that morning; that the deceased had left home, and declared her intention to remain away, when her brother went after her, and forced her to return, and she was punished by her mother, after which she went into the loft, and put an end to her existence. The verdict of the jury was that "deceased came to her death by wilfully hanging herself."—*Cumberland Civilian.*

Verdict for Defendants. Todd, Herman, Parker, and Henderson for Plaintiff; Penrose and Miller for Defendants.

Watts vs. Baker—No. 53, August term, 1867—Debt. Verdict for Defendant. Henderson & Hays for Plaintiff; Maglaughlin and Penrose for Defendant.

## OBITUARY.

Richard Martin, of Pine Grove, in this county, died at his residence, on the thirtieth of October, at the age of 69 years, 3 months and 16 days. He was born in Path Valley, Franklin county, Pa., and moved to his late residence in 1826, where he lived, loved and respected by all who knew him, till the day of his death.

Mr. Martin was a man of extensive and varied information, being a great reader of good and useful books, as well as of the current literature of the day. In his character and intercourse he was marked for his strict and conscientious integrity, and hence enjoyed, in an unusual degree, the confidence of all who knew him.

He was for many years a prominent member and class leader in the Methodist church.

His house was ever open, and a common home of ministers of all denominations. He was "a lover of hospitality" and many can testify with what cordiality he received and entertained strangers."

Though, in his last days, rendered unconscious by his disease, there can be no doubt that his end was that of the Christian—*It was peace.* M.

Furs! Furs! Beautiful sets of Fur for fiveand six dollars. Sable sets for $20, at W. C. Sawyer & Co's.

Coats! Coats! Ladies' black cloth coats for four dollars, at W. C. Sawyer & Co's.

We every where hear of the cry of dull times, but judging from the number of persons and packages that issue from Ogilby's, there appears to be special attraction there. We also observe that every day brings something new in the way of seasonable goods, and as Ogilby receives goods by every train, there is the place to buy, particularly when there is as heavy decline in prices as we notice by the Eastern papers prevails at this time.

Shawls! Shawls! Double all wool shawls for three dollars. Single shawls for two dollars, at W. C. Sawyer & Co's.

Our young friend, Mr. Charles D. Halbert, has recently opened, on Louther street, a short distance below the corner of Hanover, a first class marble yard. He has procured the services of the most expert and experienced workmen, and is determined to manufacture the very best kind of work, at reasonable prices. Being centrally located, and having on hand always a full supply of all kinds of stone, we would urge those of our readers in want of anything in his line to give him a call. They will never regret it.

## THE PRICE OF COAL AND HOW TO ECONOMIZE.

The committee appointed by the American Institute to examine into the merits of the various coal burning stoves, have reported that, after making a thorough examination of the various stoves, and testing them thoroughly, both in reference to economy and heating power, they have found the 'American Base Burner' (manufactured in this city), to be the most economical, and the most powerful heater—some of the tests showing that this stove consumed full one-half less fuel than the others, and in every case gave much more heat." Is it not better to get the above named stove and avoid the great waste of coal?—*Albany Knickerbocker.*

These stoves are for sale by William Fridley, East Louther street, Carlisle, Pa.

## THE ONLY RELIABLE CURE FOR DYSPEPSIA KNOWN IN THE WHOLE WORLD.

Dr. Wishart's Great American Dyspepsia Pills and Pine Tree Tar Cordial are a positive and infallible cure for dyspepsia in its most aggravated form, and in matter of how long standing.

They eradicate the secret abode of this terrible disease, and exterminate it root and branch, forever. They relate more agony and silent suffering than to gain or tell.

They are noted for curing the most desperate and long less cases, when every known means fail to affect relief.

No form of Dyspepsia or indigestion can resist their penetrating power.

Dr. Wishart's Pine Tree Tar Cordial. It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highly medicinal properties are retained. It invigorates the digestive organs and restores healthy action, thus the debilitated system. It purifies and enriches the blood, and expels from the system the corruption which scrofula breeds on the lungs. It is a sovereign remedy in pulmonary complaints which stops the air passages of the lungs. Its healing principle acts upon the irritated surface of the lungs and throat penetrates to each diseased part, relieving pain and subduing inflammation. It is the result of years of study and experiment, and is tendered to the afflicted with positive assurance of its power to cure the following diseases, if the patient has not too long delayed a resort to the means of cure: Consumption of the Lungs, Cough, Sore Throat and Breast, Bronchitis, Liver Complaint, Blood and Bleeding Piles, Asthma, Whooping Cough, Diptheria, &c.

A medical expert, holding honorable collegiate Diplomas, devotes his entire time to the examination of patients at the office parlors. Associated with him are three consulting physicians of acknowledged eminence, whose services are given to the public free of charge.

This opportunity is offered by no other institution in Carlisle.

Letters from any part of the country, asking advice, will be promptly and gratuitously responded to. When circumstances, remittances should take the shape of drafts or P. O. Office orders.
