The Carlisle Herald.

CARLISLE, DECEMBER 2, 1869.

Our excellent friends, Col. J. D. Adair, and George S. Emig, esq., have opened a General Insurance Agency at Madison, Wisconsin. We wish them abundant success. These gentlemen have most excellent business qualifications, and are honest and reliable, in all their transactions. They will be valuable accessions to any community, and we hope their success will be assured from the first.

Our list of deaths last week was a sad one. It told of the loss of three children in one family in less than two months, at one of the regular army posts, on the Pacific coast. The parents on whom this great affliction fell, Capt. Thomas and Mrs. Jennie McGregor, were well known in this community, and in their deep distress they have the heartfelt sympathy of all who know them here. May their whole future life be entirely free from sorrow, for surely they have been most sorely tried.

The "Antelope" will be the name of a new passenger locomotive, now building at Chambersburg, which will shortly appear on the Cumberland Valley Railroad.

A children's jubilee will take place at Rheem's Hall, on Friday evening, December 3. The exercises will consist of singing, by the children, under charge of Prof. J. H. Rheem, and illustrations from the Bible. Children attending in bodies as Sunday schools admitted free. Admission for adults, 25 cents. Doors open at 7, exercises at 7.30.

At the Union Fair, to be held during the Holidays, that splendid Buggy, made by A. B. Sherk, which took the premium at the County Fair, will be chanced off, at 25 cents per chance.

Last week Christian Mellinger, Treasurer of Cumberland county, residing at Stoughstown, accidentally shot himself in the left hand, inflicting a painful wound.

The receipts of internal revenue in the district composed of the counties of York, Cumberland, and Perry, for the four months commencing July 1, and ending October 31, 1869, exceeds the same period last year, $22,035.40. This increase is the more remarkable from the fact that there was not one-third the production of whisky in that period this year that there was in 1868. One distillery that produced ten barrels a day, which was worked the last year, was not in operation this season. The cost of assessment in the same period in 1868 was $5,674.97, against $4,217.12 in 1869—a decrease in expenses of $1,482.85—or a saving of over $370 per month.—*York Republican.*

The body of a drowned woman was found, last week, in the Yellow Breeches creek, near Mr. Hursh's mill, in Lower Allen township. She was the mother of a family, and resided in York county. It is supposed she was deranged at the time of the rash act.

"Immediately after the annual appointment of teachers, in each district, the secretary of the board shall send a written list of their names, and the schools to which they have been respectively appointed, to the proper county superintendent, with a notice of the day upon which the ensuing term of school, in the district, will commence, and the termination thereof, as directed by the board."

A number of secretaries in the county have failed to comply with the above law, and they will confer a favor on the superintendent by immediately sending their reports to him at Carlisle, or leaving them at his office in the Court House.

Mr. N. A. Myers, of South Middleton township, will please accept our thanks for a mammoth Pound apple, weighing twenty-four ounces, and measuring nearly fifteen inches in circumference.

The sun will be the ruling planet next year, and besides the usual disadvantages of a hot, dry atmosphere, apoplexies and heart diseases will be more than ordinarily prevalent. As a little timely warning may not be out of place, we would take the liberty to caution persons against all physical and mental excesses—over indulgence in food or drink—or an undue exercise of their feelings and passions. Many valuable lives may be saved in 1870 by a strict attention to those, at all times, salutary rules.

The company owning the railroad at the South, on which Judge Black was injured last summer, has been called upon to pay a doctor bill of $5,000 for medical attendance. This the company refuses to do, but is ready to pay the amount to the Judge. We learn that the Judge has no use of his right arm yet, and that it is likely to remain permanently crippled. He has already acquired the art of writing well with his left hand.—*Lancaster Intelligencer.*

Is everybody that isn't married already going to perpetrate matrimony simultaneously? This is getting to be a question worth considering seriously. Every paper we take up contains a huge list of marriages, and this has been going on for some time. It is all right, we rejoice to see it, and beg leave to congratulate everybody; but then we can't get along without some "young" people. If it should snow, who would do the sleighing? Married people can't afford it. And what would be the use of moonlit nights and music in the campus in summer, if there were to be no beaux and sweethearts, to be benefited thereby? And then suppose anybody should become a widow, how will she get a second husband, if *all* the young gentlemen rush madly in to the marriage state just now? We don't want to interfere with anybody's arrangements, but then these things must be thought of before it is altogether too late.

Miss Olive Logan has been engaged to deliver her lecture on "Girls," in the Court House, on December 31. The proceeds are for the benefit of the Young Men's Christian Association, and a course of lectures will be delivered this winter under their auspices.

The Rev. F. Bottomo, of New York city, will preach in Emory church, on Sunday the 5th inst. Service morning and evening.

A good girl for general housework is wanted. Good wages will be given. Inquire at this office.

Sixty-five thousand dollars have been expended on the house and grounds of the Hollidaysburg *Seminary*, and the result is one of the most elegant educational establishments in the country.

We are much gratified to chronicle the appointment of our old townsman, Prof. James Marshall, to the post of First Assistant Post Master General, vice Earle, resigned.

Prof. Marshall is a graduate of Dickinson College, was for many years Professor of Latin and Greek in that institution, leaving it to accept the appointment of United States consul at Leeds, England, at which post he served the nation, during President Lincoln's administration. He is a gentleman of unsurpassed abilities and unspotted character. We congratulate Postmaster General Cresswell on having secured a First Assistant so eminently fitted for the post. It is a fact that Messrs. Cresswell and Marshall were class mates at Dickinson, Marshall taking the first and Cresswell the second honors.

[Announcements.]

Sleighs! Sleighs! Sleighs! If you want to see the handsomest Sleighs ever made in Cumberland county, go to the Coach Factory of A. B. Shork, corner of Pitt and South streets, Carlisle, and two seated single Sleighs, of all styles and prices.

Littell's Living Age, being published in weekly numbers of 64 large pages each, making more than 3,000 pages of reading matter yearly, presents to its readers the best literature of the European quarterlies, monthlies and weeklies, with a thoroughly satisfactory *completeness*, as well as freshness, and at a small cost. The ablest living writers in all departments are constantly represented in its pages, and all who desire a "thorough compendium of all that is admirable and noteworthy in the literary world," to keep pace with the scientific or political progress of the age, or to cultivate in himself or his family a taste for the best literature, cannot well dispense with *The Living Age.*

Considering the quantity of reading matter furnished, the subscription price (8.00 a year) is cheap; but for those who desire the cream of both home and foreign literature, a still cheaper offer is made, of which the lovers of the best literature will avail themselves in great numbers, viz: for $10.00 remitted to the publishers of "The Living Age," they will send that magazine weekly, and either of the following, for a year: "Harper's Monthly," "Weekly," or "Bazar," "The Atlantic Monthly," "The Galaxy," "Putnam's Monthly," "Lippincott's Monthly," or "Appleton's Journal" (weekly); or for $8.50, they will send "The Living Age" and "The Riverside Magazine" for a year.

"The Living Age" is pronounced by high critical authority to be "the best of all our eclectic publications;" and we can do our readers no better service than by calling their careful attention to its prospectus, published in this paper.

THE PRICE OF COAL AND HOW TO ECONOMIZE.

The committee appointed by the American Institute to examine into the merits of the various coal burning stoves, "have reported that, after making a thorough examination of the various stoves, and testing them thoroughly, both in reference to economy and heating power, they have found the 'American Base Burner' (manufactured, in this city), to be the most economical, and the most powerful heater—some of the tests showing that this stove consumed full one-half less fuel than the others, and in every case gave much more heat." Is it not better to get the above named stove and avoid the great waste of coal?—*Albany Knickerbocker.*

These stoves are for sale by William Fridley, East Louther street, Carlisle, Pa.

ÆTNA LIFE INSURANCE COMPANY,

of Hartford, Connecticut.

ASSETS.....$12,000,000

safely invested at interest.

Annual Income over.....$6,000,000.

Over 63,000 persons have insured in the Ætna Life. 13,000 persons insured in the Ætna Life in 1868. 20 or 30% of the inhabitants of Cumberland and Franklin counties, Pa., have insured in the Ætna Life.

The percentage of losses and expenses for the years 1865, 1866, 1867, and 1868, combined, was less in the Ætna than in any other leading company.

On the twenty-sixth of May, 1820, Oliver Wolcot appointed and signed the Act of the Legislature of the State of Connecticut which chartered the Ætna Life Insurance Company; but, as life insurance was not practised in this country to much extent till many years afterwards, it did not commence issuing Policies till 1850. In 1851, it adopted the tables with dividends to Policy holders, and introduced the improved plans.

New Subscribers will be supplied with Harper's Weekly from the commencement of the Story to the end of 1870 for $4.00.

Critical Notices of the Press.

The Model Newspaper of our country. Complete in all the departments of an American family Paper, Harper's Weekly has earned for itself a right to its title, "A Journal of Civilization."—*New York Evening Post.*

Harper's Weekly may be unsuccessfully declared the best newspaper in America.—*N. Y. Independent.*

The articles upon public questions which appear in Harper's Weekly, from week to week, form a remarkable series of brief political essays. They are distinguished by clear and pointed statement, by good common sense, by independence and breadth of view. They are the expression of mature conviction, high principle, and strong feeling, and take their place among the best newspaper writing of the time.—*North American Review, Boston, Massachusetts.*

SUBSCRIPTIONS—1870.

HARPER'S BAZAR.

A supplement containing numerous full sized patterns of useful articles accompanies this paper every fortnight, and occasionally an elegant Colored Fashion Plate.

Harper's Bazar contains 16 folio pages of the size of Harper's Weekly, printed on superfine calendered paper, and is published weekly.

Critical Notices of the Press.

Harper's Bazar contains beautiful patterns, articles, etc., a variety of matter of especial use and interest to the family; articles on health, dress, and housekeeping in all its branches; its editorial matter is specially adapted to the circle it is intended to interest and instruct; and it has, besides, good stories and literary matter of merit. It is noteworthy that this journal, with such features, has achieved, in a short time, an immense success; for something of its kind was desired in thousands of families, and the publishers have filled the demand. The young lady who buys a single number of Harper's Bazar, is made a subscriber for life.—*New York Evening Post.*

The Bazar is excellent. Like all the periodicals which the Harper's publish, it is almost ideally well edited, and the class of readers for which it is intended—the mothers and daughters of average humble life—can not but profit by its good sense and good taste, which, we have no doubt, are to day making very many homes happier than they may have been before the women began taking lessons in personal and household, and social management from this good natured mentor.—*The Nation.*

It has the merit of being sensible, of conveying instruction of giving excellent patterns in every department, and of being well stocked with good reading matter.—*Watchman and Reflector.*

Critical Notices of the Press.

The most popular Monthly in the world.—*New York Observer.*

We must refer in terms of eulogy to the high place and varied excellences of Harper's Magazine—a journal with a monthly circulation of about 120,000 copies—in which pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American people; and the popularity it has acquired is merited. Each number contains fully 144 pages of reading matter, appropriately illustrated with good woodcuts, and it combines in itself the varied usefulness, and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—*Trubner's Guide to American Literature, London.*

Of the marvels of the wonders of journalism—the editorial management of Harper's, etc., etc.—all the periodicals which the Harper's publish are almost ideally well edited.—*The Nation, N. Y.*
