PEN AND SCISSORS.

☞ We clip the following from the Pitts-g "Dispatch" of last Saturday;

CAMBRIA Co.—*Idling at Ebensburg.*—We ed four days last week very pleasantly at sburg, the county-seat of Cambria coun-a very pleasant village, quiet and sober a person dressed for Sunday, and as un-oding, plain and neat as it is unambi-s of city proportions or fabulously valua-orner lots. Drawing its support from rrounding country and intermittent sessions, and having no internal sour-of development, it is likely to remain for ext fifty years, precisely what it now is quiet, healthy village, and one of the asantest summer resorts among the Alle-ies. With more attention to architectu-ornment, the cultivation of shade trees, d the development of the usual attractions ed at watering places and mountain re-, Ebensburg—with ready access by rail-d, which it is soon to enjoy by way of ersON—might reap a more profitable har-vest from invalid sojourners, pleasurers, and rtists, than from all her present sources of revenue. During the warmest days of sum-er, when lowlanders are sweltering and roiling, with the thermometer ninety-eight egrees in the shade, the mountaineers of Ebensburg are enjoying the most balmy and vigorating airs, with as blue a sky over them, and as delightful views around them, s ever charmed the eye of tourist or captiva-d the pencil of an artist,

It was "Court week" during our stay—and consequently the town was more anima-ed than usual. An irruption—a quadrien-al occurrence—from Johnstown had fairly erflowed the village There were Welsh, d Irish, and Dutch, high and low, all in-ested in the conspiracy case, the libel case, e one or other of the numberless assault and attery cases, to which they had contributed heir proportion. General interest was man-fested in the result of the conspiracy and li-el case, both growing out of the strike among the hands employed at the Cambria Iron Works, in Johnstown, which commen-ed about the fifth of April last, and contin-ued for a month. As the "strike" or turn-out was repeatedly noticed in the "Dispatch" during its progress, a synopsis of the evi-dence, showing the facts as legally develop-ed, will be read with interest.

The Editor, or perhaps more properly, the reporter of the "Dispatch," then proceeds to give what we regard as a decidedly one-sided account of the libel suit growing out of the strike among the employees of the Cambria Iron Company last winter, which was taken up by the Court of Quarter Sessions of this county last week, but which was finally com-promised by the parties interested, and the Jury dismissed. We have no desire to cast any censure on the Cambria Iron Company, or to set ourself up as the champion of the strikers: but we must say, that we regard the comments of the reporter of the Dispatch, *under the circumstances*, as ill-timed and im-proper. The difficulty having been amica-bly arranged between the parties, it is cer-tainly the interest of all concerned—the em-ployers as well as the employees—that the past should be at once consigned to oblivion. Newspaper accounts of the libel suit, and newspaper comments on the same subject, have an inevitable tendency to keep alive a feeling of disaffection and discord among the employees of the Company, which every law-abiding citizen should discourage. It may be true, that the severest blow that could be given to the prosperity of Cambria county would be the closing of these immense works; but, nevertheless, it must not be forgotten that the poor laborer,

> Who begs a brother of the earth,
> To give him leave to toil,

is endowed by his Creator with rights as high, holy and sacred as those possessed by his wealthy employer, and we are confident that no considerations of pecuniary interest, would induce the people of Cambria to regard with indifference, any attempt to deprive the labor-ing man of his just rights. We sincerely hope the Company will have no more diffi-culties with their hands. DANIEL J. MORRELL, Esq., the representative of the Company at the Works, made quite a favorable im-pression on our citizens while in town last week. He appears to be heart and soul a gentleman.

The "Dispatch" states that the principal leader of the strikers was a young Irishman. As their is nothing in either the appearance or accent of the gentleman alluded to, to in-dicate that he is a native of the Emerald isle, we presume the *reporter* ascertained this im-portant fact by special inquiry, and that it is noted for the especial benefit of the readers of the "Dispatch," the majority of whom are Know Nothings.

☞ Wonders will never cease, and we are now firmly convinced, that the age of miri-cles has not yet gone by. Reader, can you believe it? twelve of our subscribers cal-led at our office last Monday, and paid us in full, for one years' subscription to the "Democrat & Sentinel." Incredible as this may appear, it is nevertheless so. We were hopeful enough to believe that the *run* would *continue* during the present week, but we have been wofully disappointed. With one solitary exception, our subscribers since last Monday have *suspended*, and our golden dreams have vanished. We hope the exam-ple set by the *Spartan band*, who called on us last Monday, will be a timely admonition to the balance of our subscribers, "to go and do likewise."

☞ Our esteemed friend, Major David Hough, of Philipsburg, Centre county, is in town this week. He is still steadfast in the support of Democratic principles, and says he is proud of having cast his vote for James Buchanan in 1856, and will be happy to do the same thing in 1860, if a favorable op-portunity for so doing presents itself.

☞ A man named Morgan Williams, com-mitted suicide, while laboring under an at-tack of temporary insanity, in Johnstown, last Wednesday morning. The deceased was until recently, an employee of the Cambria Iron Company, and was a temperate man. The Tribune says that "upon examination it was found that a huge gash was cut in the throat of the deceased, severing the windpipe, which had undoubtedly caused his death. A bloody jack-knife, with the blade open, and a pool of blood where the body had fallen, gave evidence that the man had died by his own hands."

SECOND WEEK, JUNE COURT.—The follow-ing cases have been disposed of:—

Wilmer, Brother & Co., for use of John Brawley, vs William & James M'Gough, trading as William M'Gough & Co.—Jury find for the Plaintiff $170,38.

Peter Ritter vs James Reamer—Jury find for the Plaintiff $94,40.

Somerset Plank Road Company vs Execu-tors P. Shoenberger—Jury find for the Plain-tiff $545,75.

Christian Zentz vs John Zentz—Jury find for the Defendant.

David W. Fox vs Elias Baker—Jury find for the Defendant.

A Jury was empannelled this afternoon in the case of Schittiger vs Hobbell—Action of ejectment. The case is not yet disposed of.

☞ Our young friend, Andrew Gleason, of Summitville, has handed us the following item:

John Conway, an Irishman, was killed last Monday, at 12½ o'clock, in the Central coal bank. He was undermining at the time, when a fall of coal came down on him. He leaves a wife and family to mourn his loss

☞ We are pleased to learn, just as we are going to press, that the Democracy of Westmoreland have placed in nomination Hon H. D. Foster for Congress. The nom-ination will doubtless be confirmed by the other counties of the district—Indiana and Armstrong With Gen. Foster for their stan-dard-bearer, we are confident the Democracy of the district will triumph.

☞ The Mormon war is ended. Govern-or Cummings has taken "peaceable possession of Salt Lake city, and it said that the *Saints* are rapidly departing for parts unknown."

THE

LIVER INVIGORATOR!!

PREPARED BY DR. SANFORD, IS A GREAT scientific Medical Discovery, and is daily working cures almost to great too believe. It cures as if by magic, *even the first dose giving benefit*, and seldom more than one bottle is required to cure any kind of *Liver* Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a *Diseased Liver*.

The Liver is one of the principal regula-tors of the human bodyforms its functions well, and when it per-tem are fully develop-the powers of the sys-most entirely depend-ed. The *stomach* is al-tion of the Liver for-most entirely depend-ent on the healthy ac-of its functions. A compound has been formed by dis-solving gums and ex-tracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad from the stomach, system, supplying in their place a healthy flow of bile, invigora-ting the stomach, caus-ing food to digest well, purifying the blood, giving tone and health to the whole machin-ery, removing the cau-ses of the disease, and effecting a radical cure without any of the dis-agreeable after effects, felt by using Calomel or Mineral Poison, that is usually restored to.

One dose after eat-ing is sufficient to re-lieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose or two teaspoonsful will al-ways relieve Sick-Headache.

One bottle taken for female obstruction re-moves the cause of the disease, and makes a perfect cure.

Only one dose im-mediately relieves Cho-lic, while one dose of-ten repeated is a sure cure for Cholera Mor-bus, and a preventive of Cholera.

One dose taken often will prevent the recur-rence of bilious attacks, while it relieves all painful feelings.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all yellowness or unnatu-ral color from the skin.

One dose taken a short time before eating gives vigor to the appe-tite and makes food di-gest well.

One dose often re-peated, cures the Chro-nic Diarrhoea in its worst forms, while summer and bowel com-plaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer or speedier remedy in the world, as it *never fails*.

There is no exagger-ation in these state-ments, they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr. Sanford's Invigorator, so generally known now throughout the Union.—This preparation is truly a *Liver Invigorator*, producing the most happy results on all those who use it. Almost innumerable certificates have been given of the great virtue of this medicine by those of the highest standing in society, and we know it to be the best preparation now before the public.—*Hudson County Democrat.*

A BEAUTIFUL HEAD OF

RICH GLOSSY HAIR,

COMPLETELY PRESERVED

To the Greatest Age.

And who that is gray would not have it re-stored to former color; or bald, but would have the growth restored, or troubled with dandruff and itching but would have it removed, or troub-led with scrofula, scald head, or other eruptions, but would be cured, or with sick head ache, (neu-ralgia) but would be cured. It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this, see circular and the following.

ANN ARBOR, Nov. 5, 1856.

PROF. O. J. WOOD—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, I was disposed to place your Restorative in the same category with the thousand and one loudly trum-peted quack remedies, until I met you in Law-rence county some months since, when you gave me such assurance as induced the trial of of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its origi-nal beautiful brown color, and had thickened and become beautiful and glossy upon, and entirely over the head; she continues to use it, not simp-ly because of its beautifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest ef-fects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and and confidentially recommend its use by all who would have their hair restored from white or gray by reason of sickness or age) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,

SOLOMON MANN.

FRIEND WOOD: It was a long time after I saw you at Blissfield before I got the bottle of Resto-rative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as en-titled to the highest consideration you claim for it.

Again, very respectfully and truly yours,

SOLOMON MANN.

CARLYLE, ILL., June 28, 1852.

I have used Prof. O. J. Wood's Hair Restora-tive, and have admired its wonderful effects.—My hair was becoming, as I thought, premature-ly gray, but by the use of his restorative it has resumed its original color, and, I have no doubt, permanently so.

The Wonder of the Age!

J. M. LINDSEY'S GREAT MEDICAL DIS-COVERY!—Which is a purely *vegetable Preparation*, for the purifying of the blood, giv-ing vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity thro' all the functions of life.

HOW IT WAS DISCOVERED.

In the fall of 1851, a daughter of Mr. Lindsey was suffering from a malignant attack of Can-crum Oris (Canker of the mouth.) She had pre-viously been prostrated by the attacks of Dys-entary, Inflamation of the Lungs and Hectic Fe-ver, successively, which resulted in the above na-med disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pro-nounced the case a hopeless one. Everything in-dicated a speedy and horrible death—a death of rotting out of life! At this critical juncture, Mr Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the little suffer-er. She was made to use it freely, and in a short time, to his most delightful astonishment, there was a very perceptible change for the better.—The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the com-pound was faithfully continued, the result of which, with the blessing of God, was her com-plete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his *Great Remedy for Blood Impurity*—since which time its effects have been almost miraculous. Hundreds upon hund-reds, by it, have been snatched from an untime-ly grave and restored to the sweets of health and the endearments of friends. The young and old have tested its saving powers and sing aloud its virtues. Say they—"after using Lindsey's Im-proved Blood Searcher, we felt as if a new life was stirring our veins, and under God we owe to it more than words can express.

But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the *Great-est Discovery of this or any other age.*

J. M. LINDSEY,
Hollidaysburg, Blair county, Pa.

CERTIFICATES.

Pattonville, Bedford co., Pa., Oct, 14, '57.

Mr. J. M. Linpsey.

Dear Sir:—I was severely afflicted with rheu-matism for a whole year—nine months of which I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles I was able to walk around again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and belie itis avleill claims to be.

Yours, truly, JOHN SHAFFER.

A DESPERATE CASE OF TETTER AND BARBER'S ITCH, cured by the use of Lindsey's Blood Searcher. I, the undersigned, some time in last March, was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch.—My condition was one of the greatest misery; my face was almost constantly running with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for nev-two months, without the least benefit, I was in-duced to make a trial of Lindsey's Blood Search-er, and the result was that in using one bottle and a half I found a perfect cure. I may also say that I eagerly tried whatever was recommended as a cure. Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure creosote on my face and neck, but all to no purpose—the Blood Searcher was the first and only thing that did me any good. As a blood purifier it is unequalled, and I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recommend it to any who may suffer from Tetter, or any oth-er disease arising from an impure state of the blood. JOHN DELEHUNT.

Hollidaysburg, Pa., July 29, 1857.

AN INTERSETING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher.—This certifies that about one year ago our little son aged four years, was most sorely af-flicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin watery humor almost constantly, which would encrust his eyes beyond the power of opening them until they were wash-ed and cleaned by soap and water. About the same time an abscess formed just below the groin which in due time broke and commenced a dis-charge, which was found impossible to dry up or heal—the bed would be very much stained and the clothing of the child perfectly sickening in a single night's time. After having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March—and before two weeks had pas-ed away the change was manifest, and I am happy to say that in the use of a SINGLE BOT-TLE our little boy has been restored perfectly to health. We cannot speak too highly of this in-valuable medicine. It should be in every family—none should be without it. As a purifier o lood it is beyond all price! f

DANIEL BOLLINGER.

DR. J. M. LINDSEY. March 19, 1857.

Dear Sir: I have been using your Improved Blood-Searcher since some time last summer, and I deem it to be a matter of duty to bear my tes-timony to its *invigorating blood restorative virtues* I have been, for a number of years, severely troubled with *erysipelas and general debility*; but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintances fre-quently remark, that I look so "fat and hearty," and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe this is one of the most val-uable medicines that woman can use, especially those who *are* or have entered upon the decline of life (from 40 to 50 years of age.) I feel that it would have been above ingratitude on my part to have withheld this testimony, and in thus con-senting to appear as a witness before the public. I have been actuated solely with reference to the voice of conscience and duty. You are at liber-ty to make whatever use you may deem proper of this statement.

Yours, respectfully,

MARGARET W. O'DONNELL.

LIVER COMPLAINT CURED BY LIND-SEY'S IMPROVED BLOOD SEARCHER. *Blair county, ss.*—Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who, being duly sworn according to law, doth depose and say.—Two years ago I was afflicted with pain between the shoulders, almost constant cough, loss of ap-petite, chills, nightsweats, and very subject to take colds; I, at length, became so weak that I could hardly walk; my physician done me no good. Sometime last fall I commenced taking Lindsey's Improved Blood Searcher, and by the use of two bottles was perfectly cured. I feel to recommend it to all who suffer from Liver dis-eases, general debility, loss of appetite, and oth-er diseases arising from impurity of the blood.—I would not like to do without it. I consider it an excellent family medicine.

(Signed.) GEORGE KOPP.

Sworn and subscribed this 16th day of March, A. D. 1857, before me.

Note—Mr. Kopp is a resident of Frankstown, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and influence.

A DESPERATE CASE OF AGUE AND Dyspepsia entirely cured by the use of Lindsey's "Improved Blood-Searcher."

Blair county, ss:—Personally appeared before me, the subscriber, one of the Justices of the Peace, in and for said county, John Moran, who being duly sworn according to law, doth depose and say that, in the spring of 1856, I was a vic-tim to that worst of diseases—dyspepsia, and that in iss worst form. My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering from the Ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced as I though beyond recovery; I thought I must die; my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his Improved Blood Searcher, assuring me it would work a cure. I commenced its use with but little confidence, but in one week's time—so great was its restorative powers—I found my ap-petite to return, my stomach received a new tone so that I could eat anything without the slight-est inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dyspepsia since. I enjoy a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood Searcher. I believe it not to be only a sure remedy for ague but an infallible *preventative*, and, as such, I would recommend it to all whose business, hab-its or residences, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where the Improved Blood Searcher is properly used.—I feel it my duty to point all who suffer, to this all-healing medicine.

(Signed.) JOHN MORAN.

Notice to Claimants

OF THE

JUNIATA DIVISION & PORT'E. RAILROAD.

BY the 17th section of the act to provide for the payment of certain claims against the Com-monwealth, approved the 24th of April, 1858. The Canal Commissioners are authorized to ex-amine all claimt against the Commonwealth con-tracted by Wm. S. Calohan late Superintendent of the Portage Railroad, and by J. D. Lett and J. A. Cunningham, late Supervisors on the Ju-niata Division, and which were not reported by those officers to the Board.

Board of Canal Commissioners will meet in Hollidaysburg, on Tuesday, the 6th of July, and at Johnstown, on Thursday, the 8th of July next, for the purpose of examining all such claims as are embraced in the provisions of said act.

Claimants will present their claims at either of these places, as may be most convenient to them and be prepared with such proof as may be necessary to their proper authentication.

The claimants will perceive the necessity for their prompt attendance at the times and places above stated, as it may be the last opportunity the Board may have to examine and take action upon these claims. By order of the Board.

THOMAS L. WILSON, Secretary.

May 26, 1858.

NOTICE IS HEREBY GIVEN, that the partnership lately subsisting be-tween Michael Steigerwald and John E. Maucher of Carrolltown, Cambria county, under the firm of Steigerwald & Maucher, expired on the fourth day of May, 1858. All debts owing to the said partnership are to be received by said Michael Steigerwald, and all demands on the said partner-ship are to be presented to him for payment.

MICHAEL STEIGERWALD,
JOHN E. MAUCHER.
