THE NEW YORK
STEAM SAW-MILL
AND
MACHINE COMPANY.
CAPITAL $250,000.

This company has been organized with the above capital for the purpose of supplying the demand for the

COMBINATION
PORTABLE STEAM SAW MILL,
AND OTHER IMPROVED MACHINERY

THEY have purchased the entire machinery business heretofore carried on J. M. Emerson & Co., at the Montgomery Works at Yonkers, on the Hudson, near this city, and with the experience and facilities combined in this organization are prepared to furnish machinery of all kinds at more liberal rates than has ever been offered at any other establishment.

THE COMBINATION SAW-MILL was patented October, 1856 and is now generally acknowledged to be the cheapest, most practical, and efficient lumber manufacturing machine in the world—A large number of them are in successful operation in different sections of this country, Canada, Cuba, and South America, and wherever they have been tested they are being adopted by lumber manufacturers in preference to all other mills.

EMERSON & CO.—Gentlemen: I have tried the saw-mill you made for me, and will say that it performs well, and more than meets my expectations. I am well pleased with its performance. I set it up on a small stream that admitted water about as thick as my little finger, which was much more than sufficient to supply the boiler. We are able to cut 3,000 feet of lumber in ten hours, with one log not more than one foot in diameter. We have no difficulty in sawing a log 30 feet long, with a little trouble and extra time. We are able to saw 6 logs per day, of that size, in the heart of a storm, and, in short, it answers the good purpose for which it was intended. Yours, &c. [illegible]

Dr. W. will visit the above places regularly once a month in the precise time advertised in all affected with Chronic Diseases which admit of a certain and speedy cure.
Among the many diseases successfully treated by him may be enumerated the following.

SCROFULA,
Annual Diseases of the Lymphatic origin, Ulcers, Tumors, Enlarged Glands or Swellings, Tetter Diseases, Scaled Head or Itching, Scrofulous Sore Eyes, Scaled Sores, Eruptions on the Face or other parts, &c.
All Diseases peculiar to Females and all Chronic affections of the Kidneys, Bladder, Lungs, Heart, Stomach, Liver, Spleen, &c.
Chronic Diseases of the Urinary Organs, including all the cases of a syphilitic or Venereal character, which destroy the constitution, and which the Mercurial Quacks have made simple and aggravated by their Mercurial Nostrums, are in a short time, and without exposure or detention from business, and without the use of Mercury, cured by the Doctor.
Persons who have spent their money in vain, and who have suffered from the effects of Mercury, until their constitutions are ruined, and who have given up all hope of being cured, may place confidence in the Doctor, as his long and extensive practice in the cures of the most difficult and obstinate cases, for a period of twenty years, is a guarantee that no pains will be spared, and no effort left untried, that will contribute to the restoration of the patient to perfect health.
Dr. W. has with him his Medical Assistant, who is a regular graduate, and who will be in attendance at the Doctor's Rooms, when the Doctor is absent, and will attend to all calls in the city.
Dr. W. is a member of the Medical Society of Philadelphia, and has had the advantage of a long and extensive hospital practice, and can refer to many of the first Physicians and Surgeons in Philadelphia, who have witnessed his skill in the treatment of Chronic Diseases, and who have frequently recommended patients to him for treatment
