## New Advertisements.

Treasurer's sale of Lands for Taxes—C. F. Miller, Coudersport—Notice—Estate of Peter Mowry. Stray colt lost—Dr. Roy. Boy taught—Miss Todd. Philharmonic Concert at Mansfield Penn'a. Kerosene, 80 cents per gallon—Townsend, Williams & Mathers.

THE COUNTY POOR HOUSE.—bill has passed both Houses and is in the hands of the Governor. On the occasion of our late visit to Harrisburg we learned from Messrs. Humphrey, Mann, and others, that not a single remonstrance had been received. We presume that the measure meets with the approval of the majority everywhere.

Attention is directed to the column advertisement of Messrs. W. R. Smith's Sons, of Addison, N. Y. Our friends along the Cowanesque Valley will do well to give these enterprising trades a call. They are live business men, and follow the maxim.

THE MINING & RAILROAD COMPANY.—A bill chartering this Company has passed the lower House, and will doubtless pass the Senate. Mr. Mann, who had charge of the bill in the House, informs us that some hostility to the bill was manifested by one or two of the members. Unfortunately they thought there was "money in it," and expected to be remembered.

The bill provides for the construction of a railroad from Wellsboro to the Tioga Railroad in Elkland township. We regard it as a very important enterprise, affecting not only the people hereabouts, promising to develop the coal which exists in large quantities only a few miles from this village. We look to Senator Cowles for its safe deliverance in the Senate.

WELLSBORO ACADEMY.—The public exhibition of this school at the Court House Friday evening of last week must be considered a decidedly marked success. The attendance was very large, and a first-rate order prevailed. The exercises were in accordance with the programme published last week, and go well carried out as to elicit almost universal praise. Some of the dialogues created great merriment. The declamation was superior and the recitations such as to reflect great credit upon the parties.

Mr. Van Allen and his associate teachers are entitled to great credit for the happy result of the entertainment. Their pupils seem to have made rapid progress since the public exhibition given at the close of the first term. We only fear that the community may not show their appreciation of the labors and untiring energy of the principal in a patronage sufficiently remunerative to keep him with us. It is for our citizens to say whether the Academy shall be kept up or relapse into its late lifelessness.

The Spring Term commences Wednesday, March 21st.

The enormous volume of the land sales took us entirely by surprise and crowded out our usual Congressional and Legislative summary. Had we known of the great length of the sales we should have issued a triple sheet. As it is, we do the best we can, and put over several advertisements until next week. Patrons will do us the favor to be patient and we shall not fail to make it up within the month.

THE OIL HUNTERS.—We learn that the operators at the well on Thombottom Creek, near Wellsville are very greatly encouraged as the well goes down. A very strong vein of petroleum gas was struck lately, which forced the water several feet above the top of the pipe.

The Wellsboro Petroleum Co., will recommence operations with the return of settled weather.

The Westfield well refuses to give up the drilling apparatus, and has been abandoned for the present.

There seems to be no doubt of the presence of petroleum in considerable quantities at Columbia Flats. The damage done by the late explosion of gas has been fully repaired.

The Lucky Well, at Tioga, seems to be unfortunate. During a late attempt to pump it the sucker-rods broke a hundred feet below the surface, thus stopping work again.

Work at the Liberty Well is reported progressing. We have no special report.

PARSON'S COLUMN.

HAVING found the Tioga AGITATOR a very profitable medium for steady advertising, I propose through the coming year to increase

MY ADVERTISEMENTS LARGELY.

I invite the careful attention of the community to them, promising to make them simple statements of facts, as to

PRICES OF GOODS,

and state of trade, &c, and avoiding all bragging and long winded yarns.

My experience has been, that liberal advertising if based on truth, pays well: and I think it wise to follow it up. Any one that has a business worth bringing before the attention of the community, cannot well make it too plain or well known.

I hereby return my thanks to the citizens of Tioga County for the very liberal share of trade I have received for the past ten years, during which time my trade has steadily increased; and I freely acknowledge that my Tioga County trade is quite a large portion of it. I intend to try and deserve it still more in the future.

My customers can depend on always finding a large stock of

SEASONABLE GOODS,

at prices guaranteed to be at the bottom of the market, and with attentive Salesmen to wait on them promptly.

In all cases where there is a chance to receive stock under market prices, (which frequently occurs,) such bargains will be given to my customers.

I also am enabled by my large sales, to buy a great many Goods from first hands, saving New York Jobbers profits—enabling me to offer such Goods at much less than market rates.

I claim several advantages over most Stores, viz:

LARGER SALES IN PROPORTION TO EXPENSES; A LARGER STOCK OF GOODS SUITABLE TO COUNTRY TRADE.

A BUSINESS CONDUCTED NEARER TO A CASH BASIS,

than most any store in the trade. For further information, see notices of Prices below; also local column.

You can buy standard Sheetings at 34 cents, good heavy 4-4 sheetings at 25 to 30 cents at my store.

There is no advance in prices of Flannels, Blankets, Shaws, &c., at my store.

We continue to sell best DeLaines 2s 6d. Best prints at 2s. and good Prints at 20 cents. See special notice.

IS HEALTH WORTH HAVING?—If it is, protect it. It is a jewel as easily lost as virtue, and in some cases as difficult to recover. Nature, in our climate, and especially at this season, requires to be occasionally reinforced. But everything depends upon the tonic used for this purpose. The medicinal tinctures, *all of which are based on common alcohol*, are dangerous. Quinine, as everybody finds out who takes much of it, is a slow poison. One safe protective from all unhealthy atmospheric influences exists, and one only. This powerful preventive is HOSTETTER'S CELEBRATED STOMACH BITTERS, a compound of the purest stimulant ever manufactured, with the most effective tonics alteratives, and depurators that chemistry has yet extracted from the botanical kingdom. Convalescents, languid and feeble from recent sickness, will find the Bitters an incomparable Restorative, not disagreeable to the taste, and eminently invigorating. No other stimulant produces the same effect as this Stomachic. It does not excite or flutter the nerves, or occasion any undue arterial action; but at once soothes and strengthens the nervous system and the animal spirits.
