FOR SALE—A good Cutter. Call at this Office.

THANKSGIVING.—There will be Divine Service and Preaching in St. Paul's Church on Thanksgiving Day, at 10½ o'clock A. M.

DEDICATION.—Remember the dedication of the new M. E. Church, this day (Wednesday) at 10½ A. M., and 7½ P. M.

RELIGIOUS.—Rev. W. P. Omans will preach in the Baptist Hall Tuesday evening, 18th, and probably the evening following.

S. S. BENEFIT.—We are requested to announce an entertainment to be given at the Dartt Settlement Church, Wednesday evening, Nov. 24, inst. For the benefit of the Sabbath School. All are invited to attend.

SHUT UP!—The trading public will please remember that the stores in this village will be closed all day to-morrow—Thanksgiving. The Post Office will be open from 7½ to 8½, A. M. From 9½ to 10½ A. M. From 1 to 2½, and from 6 to 7, P. M.

THE BELLS.—The bell of the M. E. Church was last week hoisted to its bearings in the tower, and adds to the "tintinabulations of the bells" of Wellsboro a decidedly basso profundo. It weighs about 1800 pounds, and accords with the Court House bell.

BEAT IT!—We are informed that Mr. Horace Johns, of Sullivan, dug with a hook 616 bushels of potatoes in seven days! That is an average of 88 bushels a day. One day he dug 102 bushels. Probably no other young man will try to beat it.

LAWRENCEVILLE.—We are sorry that a correspondent who writes under date of Nov. 8, cannot give a more flattering picture of his village. It is altogether too personal, and if not exaggerated too true to print. Look on the other side, friend. Every cloud has a silver lining.

CONCERT.—Prof. Lemuel Rockwell, the Blind vocalist, writes us that he will give one of his popular musical entertainments at the Court House, Tuesday evening Nov. 30. He will be assisted by his accomplished daughter, Miss Abbie Rockwell and we hope will receive a generous patronage.

CORRECTION.—Both the Elmira and Corning papers appear to have misunderstood us in the matter of the death of Mr. Updike's daughter. We did not intend to be understood as saying that Mr. English returned to town without going to rescue the child. He did go, and found the girl insensible; then ran his horses back to town for a doctor. It is not likely that the child survived the fall of the window one minute.

OBITUARY.—Prof. J. T. Streit, Principal of the State Normal School, Mansfield, died on Saturday. Rev. J. F. Calkins, of this village conducted the funeral services on Monday.

Thus has passed away, in life's prime, one of the most faithful and conscientious of men, an able educator, exemplary in all life's relations beloved in life, and in death universally regretted

GRAND CONCERT.—Prof. S. W. Adams, assisted by his daughter, the celebrated contralto, will give a grand Concert at the new M. E. Church in this village, Thursday (to-morrow) evening, the proceeds, above expenses, to go to the Sabbath School. We think we can promise the public as fine an entertainment as was ever provided for our people, and it is to be hoped the patronage will be generous. Admittance 25 cents. Tickets at the door.

THE LECTURES.—Rev. Mr. Bowman's second lecture, being the second in the Herman course of free lectures, and a continuation of the subject of his first lecture, was given to a full house last Friday evening. His remarks upon terrestrial electricity were exceedingly interesting, embracing many facts of experiment. The theory of planetary relation, dependence, and [illegible], was clearly defined by the aid of [illegible] and gyroscope. The lecturer [illegible] astronomy in the light of 19th century knowledge was both edifying and amusing. Mr. Bowman will, at some future time, probably continue the subject.

The next lecture in the course, will be given at the Court House, Friday evening, Nov. 19, inst., by M. H. Cobb. Subject—*How to Make Money*. Lecture to commence at 7½ o'clock. Seats free.

IMPROVEMENTS.—Wellsboro has forged ahead handsomely in the race of improvement during the year 1869. Aside from fencing and repairs of dwellings, new buildings have been begun, or completed as follows:

MAIN ST.—E. J. Purple, a fine brick dwelling. Isaac Sears, large frame dwelling. M. E. Church, of brick. B. T. Van Horn, frame warehouse. A. P. Cone, fine brick block, three stories, 80 x 100 feet, hotel and three stores. A. Foley, watch, clock, and jewelry store, brick. Messrs. Wright & Bailey, three frame stores. Charles Mosier, smithy. Wm. Harrison fine frame dwelling. H. W. Dartt, smithy. Jacob Sticklin, steam cabinet factory.

PEARL ST.—C. S. Fisher, frame dwelling.

WALNUT ST.—D. P. Roberts, frame dwelling. D. H. Belcher, cottage. R. L. Van Horn, frame cottage.

STATE ST.—Clark Dimmick, tenant house.

QUEEN ST.—Truman & Bowen, frame house.

CRAFTON ST.—Roberts & Bailey, warehouse, addition. Geo. Wagner, tailor shop and dwelling, addition.

FIRST AVENUE.—Wm. T. Mathers, cottage.—C. J. Wheeler, frame house.

SECOND AVENUE.—J. C. Wheeler, dwelling.—Moses Johnson, frame house.

Showing a total of fourteen dwellings, one church, seven stores, two warehouses, two smithy's, one steam cabinet factory, and one brick hotel.—The latter is going up as fast as the weather permits, the walls being up to the beginning of the third story. When finished, this will be the finest building in the northern tier east of Corry.

Besides these improvements, Sears & Co., Founders and machinists, have purchased new and valuable machinery, enabling them to do any kind of custom work, and Van Horn has put in pretty much all the improved machinery used in his business.

THE ELK RUN PLASTER.—We have sufficient reason for believing that the Elk Run Plaster quarry is destined to furnish large quantities of a first class fertilizer to the farmers of this county. It differs but little in appearance from the Cayuga or Onondaga gypsum, being rather finer grained. But, as the proof of the pudding is in the eating, we are able to present the testimony of men who have tried it thoroughly, side by side with the Cayuga. Mr. J. D. [illegible] says: "[illegible] the Elk Run plaster is equally superior to the Cayuga." Mr. Benjamin Chase, also a farmer, has tried both kinds [illegible] and says: "I have not had an opportunity to question Elk Run preference, but others can do so." Mr. E. [illegible], of Delmar, remarks: "[illegible] Elk Run Plaster [illegible] the Cayuga." He will patronize Elk Run [illegible] all events, being a friend of home enterprise.

[illegible] others in Delmar and Charleston have tried both kinds, and assure us that the Elk Run fertilizer is equal to any other of the kind they have used.

NEW ARRIVAL.—Mrs. E. E. Kimball is about to visit Wellsboro with a full stock of hats and Millinery goods, made up, and may be found at the old stand, next door above the Presbyterian Church. Her old friends are requested to take notice.

FOLEY has received lots of new styles of jewelry, very elaborate, very simple and very neat, as the case may be. They are also very cheap. He has likewise received a lot of Howe Sewing Machines, the best shuttle machine in the world without doubt. Have you got a German Student's Lamp, or a day-light burner? If not go to Foley's and get one, and save ten years age on your eyes.

Mrs. Sofield has received a new lot of the Willcox & Gibbs Sewing Machine, which, for simplicity, ease of management and operation, substantial sewing, and noiselessness, has no superior.

POTTER COUNTY.—The *Journal* says: Coudersport has no billiard tables. The last one was shipped to Covington, Pa. last week.

The Snow was six inches deep in this place last Monday noon. Several individuals took advantage of this occurrence to brighten up their cutter shoes. They call it taking a sleigh ride.

13 wild geese were captured one night last week in Sweden township. The night was very dark and they were bewildered, and some straw being fired they came down to the light, where they were easily despatched.

CORNING.—Mr. C. M. Beecher, late of the Hornellsville paper, is now foreman in the *Journal* office. Dr. Pratt says that should he leave Corning for the winter Mr. Beecher will have something to do with the editorial department of the paper, for which work Mr. Beecher is entirely competent.

The *Democrat* says: There is a woman in this town who became in one night the mother of five children, all living. She is a step-mother.

Ed. Fitzpatrick, a brakeman on the Blossburg road, fell under his train this morning, and 25 cars passed over his body, doing no injury except to his clothes.

TIOGA COUNTY QUARTERLY CONVENTION.—The third quarterly Session of the I. O. of G. T. for the year 1869, will be held with Bloss Lodge, at Blossburg, commencing on Tuesday the 23d inst., at 10 o'clock A. M.

G. W. C. T. Chase will be present, and address the citizens in the evening. He will speak at Morris Run on the evening of the 24th, and at Mansfield on the evening of the 25th.

May every Lodge in the county be fully represented, and let it be once said that Tioga county is alive to the cause of Temperance.

All members of the order in good standing are invited to attend. A. F. BENJAMIN.
Nov. 17, 1869. Sec'y of the Convention.

A. CARD.—Allow myself and wife, through your paper, to express our thanks to numerous friends of East Charleston, who on Tuesday evening last, crowded our house without notice, and beside cheering our hearts with many kind and encouraging words, robed my wife in a nice set of furs, and put our pantry in beautiful confusion with various good things most tempting to the palate. O. A. STONE.

TO THE BAPTIST CHURCHES IN THE TIOGA ASSOCIATION.—Your annual subscriptions to the Building Extension Fund has expired.—There is some three hundred dollars yet unpaid. Among the many fair preparations in the market to gain every lady to decide which one of them is most deserving of her patronage, HALL'S VEGETABLE SICILIAN HAIR RENEWER has been tested by the public since nine years, its virtues tested and certified to by many leading and influential physicians of New England, among whom we may name Walter Burnham, M. D., formerly Professor of Surgery in the Worcester Medical Institution and in Penn University of Philadelphia who says, "I have used it for restoring the hair, where inveterate eruptions had resisted various kinds of treatment, and found that not only was the hair beautifully restored to its original beauty, but also the disease of the scalp completely cured;" also Geo. Gray, M. D., of Nashua, N. H., the leading physician of the place where this RENEWER is manufactured, speaks of the preparation in this way: "I have seen its effects in very many cases. It will certainly restore the hair to its original color, it cleans the head of dandruff, and leaves the hair soft, glossy and beautiful. I do not think its use in any way injurious, but on the contrary, beneficial. I can, therefore, cheerfully recommend it to the public." A. A. Hayes, M. D., State Assayer of Mass., having analyzed it, assures the public by certificate, that it is the best preparation for the intended purposes of the many he has examined."

With these assurances from such high sources, surely those who desire a perfected and reliable hair restorer can do no better than use HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Dr. Clark,

PROFESSOR OF

ANATOMICAL PATHOLOGY,

And Physician for the Exclusive Treatment of Chronic Diseases. All Consultations and Examinations of Patients Made Free of Charge.

Dr. Clark examines and explains your disease without asking any questions, if he meets a case he knows it, and can do so in a few minutes. He does not tell your disease and how you feel without asking questions he does not consider himself competent to treat your case. This is the criterion to go by and patients should not be satisfied with any other. This is the only direct and positive evidence of any ability as a Scientific Physician, and by this standard I am willing to be judged.

Dr. Clark treats no case unless conscientiously of the opinion that it can be cured or permanently benefitted.

Dr. Clark treats no case unless he can describe the disease and its symptoms without interrogating his patient.

Dr. Clark will treat no Chronic Disease unless he can explain its character to the complete and perfect satisfaction of the patient examined. And the Dr. will then most positively state, that he desires no patients to take treatment from him, unless they are fully and completely satisfied with his consultations and examinations, which are made free from charge.

Dr. CLARK bases his practice upon the incontrovertible law of Nature. First—That every cause has an effect. Second—that diseases are causes producing effects or symptoms, and that every disease has its own peculiar effects or symptoms which if properly and thoroughly understood by the examining physician, can be clearly pointed out to the complete satisfaction of the patient examined.

Dr Clark's method of diagnosing or explaining diseases and their symptoms, is only the process of reasoning from cause to effect, and has been acquired by thorough literary and medical culture, and slowly an almost unlimited practice in every form of disease to which the human system is liable.

By the process of reasoning the Dr. has acquired a reputation and success in treating diseases seldom attained.

Dr. Clark is making quite a number of convenient appointments for the benefit of invalids who cannot go a long distance to consult him. Patients will find this an opportunity rarely afforded, and one they should not fail to take advantage of.

The Dr. furnishes all the medicines, instruments and apparatus necessary for the successful treatment of every case.

Dr. Clark will be at "Wellsboro House" Wellsboro, Pa., Monday, Tuesday, Wednesday, Thursday, Friday and Saturday, November 29, 28, 24, 25, 26 and 27, 1869.

Now Then!

Them Things is Arriv'l

EVERY thing is lovely, and the auger biped depends from a sublime altitude.

You Will Please Observe,

that the best natured man in Tioga having added the wants of the public, and having bountifully supplied himself with almost everything which this world can afford to appease them; now benevolently proposes to open the whole before the people, and say to all, old and young, black and white, rich and poor,

COME!

You pay your Money and you take your choice.

Don't stand out in the cold exposed to the elements and to the Sting of the neighbors bees, but pull the latch string, it is always out in business hours, &c.

ENTER!

The large hearted proprietor, or his urbane good natured clerk will conduct you, as it were through a

GARDEN

filled with ravishing delights.

1st. A GARDEN OF SPICES, in which every thing Spicy, from a nutmeg to cayenne pepper may be seen and procured.

2d. A GARDEN OF SWEETS, in which every variety of Saccharine delights, both solid and liquid, may be had by the stick, pound or gallon, and of such flavor and complexion as will make every aching tooth in your head to fairly jump with delight. Should you be pomologically inclined, this humane individual will conduct you into a

GARDEN OF FRUITS, in which almost every variety of luscious things to be found gathered from the four quarters of the globe, will be shown to satisfy your largest longings. Oranges from Cuba, *Lemons from Florida*, Prunes from Turkey, Raisins from Malaga, Currants from the Grecian Archipelago; Peaches dried and canned along with a great variety of Canned Fruits from the Jerseys; Dates from Syria, and Figs from Asia Minor. No end to the supply of every species of NUTS from 3 Continents.

THE TEA GARDEN will next command your attention; the warm decoction of the China leaf and the Java bean have become almost universal beverages, and if not swallowed too hot or to strong, the mild stimulants are esteemed as eminently promotive of comfort and sociality.—What comp ny of elderly ladies could ever part in peace without them? Now your friend the

GARDNER, will be most happy to show you all this. He will ask you politely to look at his Teas. You are welcome to try every chest and sea it. GUN POWDER, Somchong GREEN, HYSON, &c., which flavor you like, but of all the other styles whose jaw cracking names would be dangerous to pronounce, COFFEES, in every style, ditto, ditto, ditto.

Furthermore,

The beneficent proprietor of this mammoth establishment—out of sheer good will, and if you will believe him for no other motive than your interest and his, has at vast expense established at the same place an immense depot of Provisions, consisting of

Flour, Pork, Lard, Codfish, White Fish, Sword Fish, &c., &c.

Meal, Hams, Butter, Trout, Blue Fish, Halibut, &c., &c.

All of which he intends to sell at a profit, on the principle of "live and let live." He generally proposes also to receive in exchange all the products of your farm and dairies, and it is said confidentially to the public, that he never refuses

Cash.

Tho' it irks him wretchedly to keep it. So anxious is he that he dear people should want nothing whatever that money can buy of

L. A. GARDNER.

Great Improvement in Dentistry.

HAVING purchased the exclusive right of Dr. Funnin's improved patent Atmospheric Dentures in Tioga County, I now take pleasure offering it to the public as the greatest improvement ever made in

Mechanical Dentistry.

By the use of which, we can overcome almost all the difficulties which have heretofore baffled the skill of the most practical Dentists in the world. Plates constructed upon this principle can perfectly fit under all cases of the mouth as [illegible] possibly can under the best of Rubber Plates. Call and examine specimens of our work, and satisfy yourselves that we are prepared to do operating in every respect the same as [illegible] new set. Perfect satisfaction guaranteed in every case. N. BARTT, Dentist.

This is to certify that we are now using the Improved Dental Plates with perfect satisfaction, have used the old style of plates for years without success, and have no hesitancy in saying to the world that they are the best we know of.
