ERIE TO TAKE OFF 25 LOCAL TRAINS.

Will Not Effect Waverly, However,—the Trains Are Those That Run to Accomodate Commuters in About New York City.

Waverly—The Erie railroad has decided that it will within the next ten days take off about 25 of the trains which run from New York to the suburbs. It was decided to do this after a conference of the officials of the road held last Thursday.

The suburban business does not pay, on the contrary its maintenance has cost the road much money. The service also requires so much attention and so much trackage that the company has lost a large amount of freight business, which would have been a source of profit.

Buried This Afternoon.

Waverly—The funeral of George Beidleman, whose death occurred at his home near Chemung on last Wednesday night took place this afternoon from the Methodist church at Chemung and the remains were buried in the Chemung cemetery. The deceased was well known by nearly all the older residents in this section of the country, and the funeral was largely attended.

Funeral Monday.

Waverly—The funeral of Mrs. Michael Cahill, whose death occurred at her home on Broad street last Thursday evening will take place next Monday morning, and the remains will be taken to Elmira on the 8:35 Erie train, where the burial will take place.

RECOVERED HIS CASH AT ELMIRA.

McMahan Gave Money to a Friend to Keep, and the Latter Scooted to the Qeen City.

Waverly—Yesterday was Lehigh Valley pay day. James McMahan had a sum of money due him for which he had given labor during the month of January. He received the sum and going out he soon discovered an acquaintance, and intrusted the sum of $42 to him with the understanding that they should meet again at a given place in Waverly at six o'clock last vening when the money should be returned to him. McMahan appeared at the place agreed upon but the man who had the money seemed to be a trifle short on memory at the same time that he was long on the cash of some one else and he failed to appear. Diligent inquiry revealed the fact that the man with the cash had, in company with another boarded a train and gone to the city of Elmira. McMahan concluded that the cash was gone for good, but at the same time made up his mind to at least make an attempt to recover it. Accordingly he boarded a train and went to the queen city. He told his trouble to a policeman, and the night stick sallied forth, and in a short time returned with the man that had the money. He had it all but $1.50, which he was more than willing to return to McMahan. The latter was so glad torecover the cash that he did not make complaint against the man who had proved himself to be unworthy to be a trustee.

MAN LOST TEN DOLLARS. WOMAN ARRESTED.

Money Found Later on Lower Fulton Street and Restored to the Owner—Woman Discharged.

Waverly—Last evening a man who resides to the North of Waverly made a trip to this village, as it is said he often does. While looking around for excitement he found a woman who appeared to be on a like quest. She is Mrs. Henry Heeman, whose husband is at present serving a term in the state prison at Auburn for burglarizing Bingham Bros', store at Lockwood last summer.

They visited a saloon together and were engaged in drinking. They separated after a time, and when the woman had gone the man discovered that he was minus a ten dollar bill that he supposed was safely resting in his pocekt. He at once concluded that the woman had stolen it, and he complained to the police with the result that Mrs. Heeman was soon in durance vile. She was searched but did not have such a sum of money on her. Later the money was found on Fulton street to the south of the Erie tracks. The woman was given a hearing last evening, and discharged. It is though that she took the money, but when she saw the police she became scared and dropped it.

Woman of Pittsburg Suburb Watched Husband and Woman Bathing.

Pittsburg—With telescopes Mrs. Claudia Geer VanPelt and two witnesses watched her husband, Arthur Cattell VanPelt, go in swimming in the Ohio River July 10 last, with Mrs. N. B. Lewis, according to the testimony given in her suit for divorce. The VanPelts live in the fashionable suburb of Bellevue and are well known socially, VanPelt being a graduate of the University of Western Pennsylvania.

Said to Have Gone Bathing

The sandy shores of Neville Island, where VanPelt and Mrs. Lewis went bathing is a favorite place for many sons and daughters of prominent families to disport in the water, according to two of the witnesses. It was testified that the Federal employes at Davis Island Dam keep field glasses in their offices to watch bathers during the summer.

Mrs. VanPelt testified that she eloped with VanPelt in 1899, at which time she was 20 and her husband 19, and was married at Youngstown. Two children were born. She testified that her husband abused her and the children. Last July he began running around with Mrs. Lewis whose husband left her because of her intimacy with VanPelt.

Followed the Couple

Mrs. VanPelt said she followed the couple to the Ohio River, and at a distance of 1500 feet watched them disrobe. They spent the afternoon swimming and playing on the sand.

Two witnesses, Frank McCormick and C. W. Sleeth, testified that they had witnessed the actions of VanPelt and Mrs. Lewis. Each day in the summer they said the employes at Davis Island Dam would scan the shore of Neville Island with field glasses to see what particular sights were offered. Both knew VanPelt and Mrs. Lewis before seeing them bathing.

The master who took the testimony recommended a decree in favor of Mrs .VanPelt.

BRIDE LOST FORTUNE; HUSBAND HAS PLENTY.

Pittsburg—Frank Walther a wealthy clubman, of New York city, and Miss Ida Brokaw Jutte, daughter of the late W. C. Jutte, were married Monday afternoon at the home of the bride here.

Until last Saturday it was supposed that the bride would ultimately come into possession of a third of her father's fortune, which was estimated at over $2,000,000. On that day, however, a decision was handed down in court in favor of the defendants, Frank N. Hoffstot and James W. Friend. By this decision the entire fortune of the Jutte family is swept away. Mr. Walther, however, has plenty of money of his own

TRADE CONDITIONS.

R. G. Dun & Co's Weekly Business Review.

NEW YORK, Feb. 16.—R. G. Dun's weekly review of trade says:

Dispatches from our branch offices indicate that there is less interruption to traffic because of inclement weather and business is active in wholesale lines for spring delivery, while collections are more prompt. Boston reports that transportation delays still cause some complaint, but cold weather helps trade in coal and seasonable clothing, and industrial prospects are excellent. Staple lines are active at Albany, and clearance dry goods sales result favorably, while manufacturing lines are well engaged, but high cost of production leaves small profits. Cold weather at Troy favors retail sales of goods, linen factories are busy, and some improvement is noted in collections.

Wholesale and jobbing dry goods houses at Philadelphia report large sales, mills are behind with deliveries and clothing manufacturers report a good spring demand. Iron and steel orders run into the fourth quarter, and building permits largely surpass last year's. Trade is active at Pittsburg, dry goods jobbers reporting orders of good volume, coal shipments are large, and there is a fair demand for window glass.

Commercial failures this week in the United States, as reported by R. G. Dun & Co., are 229, against 248 last week, 285 the preceding week and 241 the corresponding week last year. Failures in Canada number 28, against 30 last week, 25 the preceding week and 33 last year. Of failures this week in the United States 80 were in the east, 80 south, 48 west and 21 in the Pacific states, and 71 report liabilities of $5,000 or more. Liabilities of commercial failures reported for February to date are $2,264,649, compared with $4,400,687 a year ago.

SETTLEMENT REACHED.

President and Californians Agree as to Japanese in Schools.

WASHINGTON, Feb. 16.—The San Francisco school controversy growing out of the segregation of the Japanese school children in that city has been settled.

The basis of the agreement reached at the White House conference is that Mayor Schmitz and the members of the school board will immediately after the passage of the immigration bill as reported by the conferees in congress abolish the oriental schools and again admit Japanese children into the white schools.

The president and Secretary Root gave the San Franciscans assurance that if the bill is not passed at this session of congress an extra session will be called immediately after the adjournment on March 4.

The Japanese and Korean Exclusion league at San Francisco, re-enforced by many civic bodies, opposes what it terms temporarizing on the part of Mayor Schmitz in the Japanese school question. Officers of the league demand that the mayor hold out for an exclusion law as severe upon the Japanese as those that now apply to the Chinese.
