William Martin, a Civil War veteran of Fort Littleton, had his right arm amputated at the elbow last week. the operation being performed at his home by Drs. J. H. Devor, R. W. Ramsey and David Maclay. During the Civil War, at the battle of Ferdericksburg, he was so badly wounded that it was necessary for him to have his left arm amputated. He lay on the battlefield, wounded, without attention, from a Friday until Monday, and withal withstood this test on his physical endurance. For a few years after the war he was engaged in farming but in recent years has lived retired in Fort Loudon. Recently he sustained an injury to his arm. Part of the diseased bone was removed but in order to save his life it was necessary to amputate the member at the elbow.

Mr. Martin is the father of Mrs. Watson Lynch, of this place.

Constable's Pay.

MR. EDITOR.—Our lawmakers make all kinds of laws in the State, but neglect the salary of the constables. Some of us have to go as far as 35 miles to the county seat, and get only $1.50 and mileage, which makes $5.70. We have to pay our hotel bill out of this, which leaves us very little for ourselves. We have to do all the running after bad characters, but the good law gives no salary, as it does the County Commissioners and District Attorney. We hope that our member of the Legislature, when he goes to Harrisburg next winter, will make a move to fee us all with a reasonable salary.

CONSTABLE.

Can Kill Diseased Horses.

Attorney General Carson on Thursday furnished State Veterinary Pearson with a written opinion to the effect that the state live stock sanitary board has authority to condemn and order the destruction of a horse afflicted with glanders, the owner of which refuses to enter into any agreement as to the value of the animal or to designate an appraiser to represent him.

If you are troubled with piles and can't find a cure, try Witch Hazel Salve, but be sure you get that made by E. C. DeWitt & Co., Chicago. It is the original. Wire Fence! Wire Fence!

Much Cheaper Than Any Style of Wood Fence

Let us figure together. A stick of timber that will square 6 inches and is 16½ feet in length, will make 49½ feet of lumber, which at $1.50 a hundred, is worth 75 cents. Now, I can sell you a good wire fence for 32c a rod, which is less than half the cost of a board fence.

The style I sell at 32c is a "bunkem" fence. A witness in court was once asked what kind of fence he had, when he made the reply, "I have a "bunkem" fence" "What kind of fence is that, thundered the court." "A "bunkem" fence," answered the witness, "is a fence that is horse-high, bull-strong, and pig-tight." That is just the kind of fence I sell. The price ranges from 23c. to 60c., a rod depending on the style and height.

I also sell the

Axe handles, pick handles, sledge handles, Simon cross-cut saws, Diston cross-cut saws, handsaws, a complete line of strap and heavy barndoor hinges Plumber's supplies—such as pipe, fittings, spigots, &c. I have on hand all the time a stock of Lane's patent barndoor hangers and tracks—the best hanger on the market—can't get off the track. Proved cable chain from ¼ to ¾ on hand all the time, price ranging from 4½ to 7 cents a pound.
