GLOBE MILLS.—"Spring fever" is in order. The disease is sometimes known by another and more common name.

G. M. Witmer and Dr. Miller called on C. A. Moyer last Saturday.

Banks W. Yoder mingled among some of his friends at Shamokin Dam last Sunday.

Mrs. Simon Erdley was the welcome guest of Morris Erdley and family last Sunday.

Mr. Proctor called here on business last week.

A large congregation gathered at Zeibers church last Sunday to hear Rev. J. F. Wampole the gifted orator of the Lutheran church, and they went away well pleased. In fact, Sunday was one of the times when everything seemed in accord with nature.

J. O. Yoder left last Monday morning for Selinsgrove where he is attending the Missionary Institute.

Messrs G. Y. and L. Y., what were your attractions the other evening.

PATRICK.

LOWELL.—The farmers are about done sowing oats around here.

Prof. Miller gave quite a theatical performance at Kalpetzer's School house on the 19th, with his assistant, Prof. Frank Peter, late of Carncross Minstrels, Philadelphia. The Squire took a good ha-ha.

C. W. Fisher reports one hundred and twenty-five trout in a half days fishing. Next.

J. H. R., door keeper at Prof. Miller's concert was annoyed a good deal by some outsiders, trying to see the show without paying. Prying open window shutters on occasions like that seems to be children's work.

There were advanced at the Grange hall some sound doctrines concerning the farmers, how they should conduct their farms to make them pay. The audiance was fair and all went away well pleased.

The professionals who assembled at the residence of A. A. Romig on Tuesday evening, April 10, had a very polite invitation to retire before the Squire made the happy couple one. This is the truth and nothing but the truth.

U. No.

MIDDLECREEK.—Most of the farmers are through sowing oats. Quite a large amount of potatoes will be put out this year.

Peter F. Reigle was in the city last week buying his spring and summer goods.

Swartz & Shultz's planing mill is running to its utmost capacity.

Since the trout season has opened your reporter has landed a number of fine specimens of the beauties.

E. F. Goss has built himself a new black-smith shop.

Mrs. Harriet Kline has returned from her visit to her son in Lewistown.

Alfred Weider is remodeling the inside of his house.

Mrs. E. C. Steininger is on the sick list.

One of our overseers has purchased a span of mules. Soon we will hear of "mule-whacker Jim."

Charles Maurer recently brought 2 new buggies from Mifflinburg which he offers for sale cheap.

A young man from Kramer was seen in our neighborhood Saturday evening. Could he have been after our girls?

BEAVERTOWN.—William Lavengood died at the residence of Mrs. Peter Thomas, four miles north east of town with whom he had his home for a great number of years. He was aged about 57 years, was buried in the St. Peter's Evangelical cemetary near where he lived, Rev. J.C. Mumma preached the funeral sermon.

Charles E. and J. Palmer, the two oldest sons of Prof. Carpenter, the former from Dent Run, Elk county, and the latter from Missionary Institute, Selinsgrove, made a surprise visit to their parents and friends on Saturday a week, and spent several days here.

Communion services were held in the Reformed church on last Sabbath, eleven new members were added to the church.

Several of our citizens are planting quite a lot of fruit trees, James H. Bingman planted five hundred peach trees, W. R. and Nathan Freed three hundred, Millard F. Kern two hundred, W. H. Bingman one hundred, J. P. Kearns four hundred, and one hundred and sixty apple trees.

A. H. Bowersox, accompanied by his son Meade, was to the city last week to purchase his Spring and Summer goods.

William H. Herbster is giving his house a new coat of paint, and it presents a very pretty appearance.

W. N. Heimbach put a new slate roof on his house last week.

J. P. Shirk is building an addition of 39x20 feet to his stable.

Jacob A. Hane went to Mechanicsburg last week where he secured a job as moulder in a large foundry.

Our young friend, Dr. Charles H. Brisbin from Yeagertown, who has just returned from Jefferson Medical College with his sheep skin, spent some time in town attending to Dr. Baker's patients, while he (Baker) accompanied Mr. D. M. Snook to Philadelphia to have a stone taken out of his bladder, which operation we are glad to say was successfully performed on last Friday.

Charles A. Grimm, Dr. C. H. Brisbin, Lester E. Specht and Frank E. Specht spent several days at Jacks mountain last week trout fishing, they report having caught 222.

I. M. Wentzel of the Central House has placed a large box into a small stream close to town in which he keeps eels, to supply his table with frsh meat.

Miss Kate S. Bowersox opened her school this morning.

Moses Specht is in the city this week purchasing his new Spring and Summer goods.

Mrs. Louisa Grimm had been afflicted with a canser for some time. On last Thursday Drs. Wagenseller of Selinsgrove performed a surgical operation upon her. The patient is doing well.

Beavertown has five or six candidates for census enumerator.

Farmers are busy plowing their corn ground. The wheat fields look very promising. Peaches on low land will be a total failure this year.

A Great Event

In one's life is the discovery of a remedy for some long-standing malady. The poison of **Scrofula** is in your blood. You inherited it from your ancestors. Will you transmit it to your offspring? In the great majority of cases, both Consumption and Catarrh originate in Scrofula. It is supposed to be the primary source of many other derangements of the body. Begin at once to cleanse your blood with the standard alterative.

Ayer's Sarsaparilla

"For several months I was troubled with scrofulous eruptions over the whole body. My appetite was bad, and my system so prostrated that I was unable to work. After trying several remedies in vain, I resolved to take Ayer's Sarsaparilla, and did so with such good effect that less than one bottle

Restored My Health

and strength. The rapidity of the cure astonished me, as I expected the process to be long and tedious."—Frederico Mariz Fernandes, Villa Nova de Gaya, Portugal.

"For many years I was a sufferer from scrofula, until about three years ago, when I began the use of Ayer's Sarsaparilla, since which the disease has entirely disappeared. A little child of mine, who was troubled with the same complaint, has also been cured by this medicine."—H. Brandt, Avoca, Nebr.

PIANOS-ORGANS.

The improved method of fastening strings of Pianos, invented by us, is one of the most important improvements ever made, making the instrument more richly musical in tone, more durable, and less liable to get out of tune.

Both the Mason & Hamlin Organs and Pianos excel chiefly in that which is the chief excellence in any musical instrument, quality of tone. Other things, though important, are much less so than this. An instrument with unmusical tones cannot be good. Illustrated catalogues of new styles, introduced this season, sent free.
