### REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 23, 1896, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates at-large to the Republican National convention, and for the transaction of such other business as may be presented.

By order of the State Committee.

M. S. QUAY,
Chairman.

Attest:—JESSE B. RUX,
W. R. ANDREWS, Secretaries.

---

THERE may be war and panics and strikes, but the almshouse deals go on forever.

---

SANTA CLAUS had no use for his sleigh this trip. His visit to Shenandoah was made on a bicycle.

---

IT never pays to go out of the way to make the acquaintance of a man who is running for an office.

---

THERE is a rational and patriotic England peace party, as well as in this country. Justice is always a basis for dignified and honorable agreement.

---

"LET us all be up and doing" for the Spring campaign. It will be a good way for every member of the Citizens party to begin the new year.

---

JUDGE LYNCH, of Luzerne county, has decided that a School Director may act as Secretary of the Board and receive a salary. The question of legality was raised in the Wilkesbarre School Board on account of a dead-lock in filling the position.

---

IN a little less than a week the spinster will be in full possession of the privileges which leap year custom is supposed to give her. There is every reason why she should make use of her opportunity, this time, for after 1896 she will be forced to wait eight years for another leap year, and in that time present charms may fade. Possibly the new woman will seize upon the prerogative of proposal without waiting for a leap year.

---

HERE is some political news that came all the way from Pottsville: "The Executive Committee of the Republican Standing Committee, at a recent meeting, appointed Messrs. Payne, Albright and Davis to await upon the Republican County Commissioners and other Republicans elected to office to urge upon them the removal of all Democrats holding office under them. This sub-committee held a conference with closed doors with Messrs. Allen and Rentz, but with what success could not be ascertained in detail. It is reported among those on the hill that Rentz has conceded every appointment to Allen, provided the persons he would name were Republicans."

---

THE railway strike in Philadelphia appears to have been settled agreeably to both sides. The company and the men both made concessions, and in doing so their course is to be commended, as a continuance of the struggle would not only mean thousands of dollars lost to them but also a great hardship to the business people of Philadelphia. In the settlement one figure stands out prominently above the rest. John Wanamaker's friends are taking advantage of the opportunity to boost his canvass for the United States Senatorship. There is no doubt that his efforts contributed more to the amicable settlement of the difficulty than any other one man, and that fact will afford him an advantage in any desire he may entertain as a successor to Don Cameron.

---

THE Republican House of Representatives has taken prompt action, and will pass measures looking to financial relief. The Ways and Means Committee reported two bills to-day, one of which is a bond measure and confers authority to issue 3 per cent. five year bonds for the redemption of greenbacks, and for no other purpose. The second is the revenue bill, and it imposes a duty equal to sixty per cent. of the McKinley rates on lumber and wool. On all other dutable articles it makes a uniform advance of fifteen per cent. These bills will pass the House, but there is some doubt as to the action of the Senate. The measure for increased revenue is not what the Republicans would like had they full power, but it is as near the McKinley tariff bill as it is possible to go at this time. The President has partially surrendered to the Republican party on the tariff question by his acceptance of the measure.

### Political Aftermath.

The Pottsville Republican contains the following political information: "County Chairman Burd Payne is not a compromise candidate for Almshouse Steward this year. Had his slate and that of Senator Coyle gone through last year, his chief clerk would have been James Fadden, of Cass township, late Assistant State Librarian at Harrisburg, where Fadden previously took a night course in a business college to prepare for the job. An up-county doctor, a relative of James J. Franey, furniture dealer, Shenandoah, was to have been the physician. Now, why were Franey, Harry Muldoon and his cousin, James Fadden, so intimate with Senator Coyle and Chairman Payne? Perhaps ex-Senator King can tell you. He was Coyle's opponent for the Senatorship and was beaten 700 in a district with a normal Democratic majority of 1,200. Big Jack Toole played the winning hand that beat their game."

### Woman-hood

has its own special medicine in Dr. Pierce's Prescription. And every woman who is "run down" or overworked, every woman who suffers from any "female complaint" or weakness, needs just that remedy. With it, every disturbance, irregularity, and derangement can be permanently cured.

It's an invigorating, restorative tonic, a soothing and strengthening nervine, and the only medicine for women which—once used, is always in favor. In periodical pains, displacements, weak back, bearing-down sensations, and every kindred ailment, it is specific.

Dr. Pierce's Pellets cure constipation, liver-ills, indigestion, dyspepsia, piles and headaches.

### "All Right," Said He.

Two young men purchased a turkey from a farmer on Main street Tuesday evening and tendered a ten dollar bill. The turkey cost $1.26. The farmer first laid out 76 cents which one of the young men put into his pocket. The farmer then counted out eight one-dollar bills and a dispute over the change was closed by one of the young men pulling out a dollar bill and handing it to the farmer with the eight bills in hand. "Now give me my $10," said the young man. "All right," said the farmer, suiting his action to the reply, and it was not until he figured an hour with a friend that he found he had sold the turkey for 24 cents. The surprising feature about the affair is that it didn't cost the farmer a dollar or two more for his experience.

## Hip Disease

Results from a scrofulous and impure condition of the blood, and it is cured by Hood's Sarsaparilla the great blood purifier. The father of a Philadelphia girl writes this:

"We gave Hood's Sarsaparilla to our little girl, who had symptoms of hip disease. She could not put her foot down on the floor when we commenced giving her the medicine, but in a short time she was able to get off the couch and to reach her playthings. Since then she has steadily improved, thanks to Hood's Sarsaparilla, and her general health is all that could be desired. When any of the other children are not well we give them

### APPLAUSE ... CLEVELAND.

**The Press of Mexico ... Recent Venezuelan Messages.**

CITY OF MEXICO, Dec. 26.—The press continues to give support to President Cleveland, who has become immensely popular, and one paper declares that he has the public sentiment of all the new world behind him, that he is invincible and that he has injected into the public law of the world the Monroe doctrine, which is the reason why Europe is maddened and utters grave threats. But Europe will find that all the nations on this hemisphere declare the Monroe doctrine to be international law, for the people of the new world are sovereign on this side of the sea and have now the formidable support of a great nation, which in its secession contest revolutionized the art of naval warfare and compelled England to copy its inventions and, beside that, the United States, which in that war put 2,000,000 brave men in the field can raise even greater armies now, for it is a nation of 70,000,000 rich, brave and patriotic men.

All the leading journals take the side of the United States in unequivocal language, the only dissenting voices being the clerical organ El Tiempo and the organs of resident Spaniards, which declare the United States is on the brink of ruin, financial and political, and in peril of the combined hostile action of Europe.

ROME, Dec. 26.—Advices received here from Aleppo say that the town of Zeitoun, fifteen miles from Marash, which has been held by the insurgent Armenians for some time past, has been captured by the Turkish troops. It is added that the inhabitants of Zeitoun fled to the mountains.

The wife of Mr. D. Robinson, a prominent lumberman of Hartwick, N. Y., was sick with rheumatism for five months. In speaking of it, Mr. Robinson says: "Chamberlain's Pain Balm is the only thing that gave her any rest from pain. For the relief of pain it cannot be beat." Many very bad cases of rheumatism have been cured by it. For sale at 50 cents per bottle by Gruhler Bros., druggists.

In speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy Major Picton says: "I have used it myself and in my family for several years, and take pleasure in saying that I consider it an infallible cure for diarrhoea and dysentery. I always recommend it, and have frequently administered it to my guests in the hotel, and in every case it has proven itself worthy of unqualified endorsement. For sale by Gruhler Bros., druggists.

### Two Youthful Missouri Heroes.

CARTHAGE, Mo., Dec. 26.—The Russell brothers, the older of whom is not yet 16 years of age, are heroes in the vicinity of Smithfield. During the big flood two families camped on the White farm were missing, and were supposed to be drowned. These boys began a search for them and found them—thirteen men, women and children—in a wagon box on a hay stack, with a mile of water around them in every direction. The unfortunates had been there twenty-four hours and were nearly exhausted. The lads conveyed them two at a time to the land.

When most needed it is not unusual for your family physician to be away from home. Such was the experience of Mr. J. Y. Schenck, editor of the Caddo, Ind. Ter., Banner, when his little girl, two years of age, was threatened with a severe attack of croup. He says: "My wife insisted that I go for the doctor, but as our family physician was out of town I purchased a bottle of Chamberlain's Cough Remedy, which relieved her immediately. I will not be without it in the future." 25 and 50 cent bottles for sale by Gruhler Bros., druggists.

## Will Not Perform Miracles But It Will Cure.

DR. MILES' RESTORATIVE NERVINE cures nervous prostration. Not miraculously, but scientifically, by first removing the germs of disease, and then supplying healthy nerve food, increasing the appetite, helping digestion and strengthening the entire system. Desperate cases require prolonged treatment as shown by that of Mrs. M. B. Reed, of Delta, Iowa, who writes: "As the result of a lightning stroke, the physicians said I had a light stroke of paralysis, my limbs would all draw up. I would have throbbings in my chest that seemed unendurable. For three months I could not sleep and for three weeks did not close my eyes. I prayed for sleep, and felt that if relief did not come I would be dead or insane. I took Dr. Miles' Restorative Nervine and the second night slept two hours and from that time on my health improved; slowly at first, but steadily and surely. I took in all 40 bottles, and I cannot express how grateful I am, for I am now perfectly well, and have taken no medicine for over four months." Dr. Miles' Nervine is sold by druggists on guarantee that first bottle benefits or money refunded.
