Dramatic Treat All Next Week.

Mr. George H. Sommers and his company opened a week's engagement at the opera house last night to a large audience. The play, "The Pavements of Paris," is a drama containing many thrilling episodes. Mr. George H. Sommers as "Monsieur Bonneau," made a decided hit. Miss Belle Stevenson, in the dual character of the "Labelle Gautier" and "Countess Delauney," proved herself to be an actress of pronounced ability. The company is a strong one. The specialties interposed during the performance were of a very pleasing character. Prof. Sherman's express paradox, exhibiting a remarkable herd of educated goats in such feats as military marches, waltzing, pyramids, scenic and forming tableaux, was a remarkable exhibition. La Petite Bessie showed much talent as a colored impersonator and responded to numerous encores. A very remarkable specialty was the dancing by Ermani, and her performance was greeted with prolonged applause. The fire dance was never given here in such a beautiful manner.—York Daily, March 30.

The company will open a week's engagement at Ferguson's theatre commencing Monday, April 5th, with the thrilling production, "The Pavements of Paris." All the scenery, electrical and calcium effects necessary to render this dramatic treat, will be used in the production.

AND NOW A FARMERS' TRUST.

Agriculturists to Profit by the Lessons of Commercial Kings.

Toledo, April 2.—A gigantic farmers' trust is now being organized in this country. Hon. Jonas Stanberry has been placed at the head of the organization in this section. Several branches were secretly organized, and the order is strictly oathbound. It originated at Lancaster, Pa., and was incorporated under the laws of New Jersey as the Agriculturists' National Protective association. The supreme body is made up of one representative from each state. Each state has a subordinate board of directors, consisting of one representative from each congressional district. Each district in turn is governed by a board of two members from each county. Each county is under the immediate control of a board.

It is the purpose to do nothing this year in the way of controlling the markets, because the organization is not yet complete. Next year, however, the crops will be limited to the actual living needs of the members of the organization.

If the plan is carried out not a dollar's worth of farm produce of any kind will be sold for general consumption. After the year 1898 there will be erected or rented in each county storehouses, in which all products for the market will be placed. From these warehouses the products will be shipped as the state and national directors may order.

Disastrous and Fatal Fire.

Meadville, Pa., April 2.—Cambridge Springs, a health resort about 15 miles from here, was almost entirely destroyed by fire yesterday, involving a loss of one life and a property loss of $200,000. At about 10:30 o'clock fire was discovered in the notion store of Mrs. Wellman, on Main street, and as there is no fire department at the Springs the flames spread rapidly. Assistance was requested from this city, Corry and Union City. Engines and reels were dispatched at once, but before the fire could be checked 30 business houses and a dozen residences were destroyed. Charles Hayes, a merchant, entered his place of business while it was in flames to save some valuables and was crushed by falling walls.

Baby Strangled to Death.

Reading, Pa., April 2.—While two boys were fishing in the Schuylkill river below Reading they found in the water the body of a male infant with a rope wound tightly around its neck. The child was apparently about 6 months old, and of robust appearance. It is thought that it was strangled to death. The coroner is investigating.

The Public Debt.

Washington, April 2.—The monthly statement of the public debt shows that at the close of business Wednesday the debt, less cash in the treasury, amounted to $1,093,962,260, a decrease for the month of $8,638,254. This decrease is accounted for by a corresponding increase in the amount of cash on hand.

Octogenarian Burned to Death.

Mauch Chunk, Pa., April 2.—Mrs. Burnhauser, aged 83 years, was burned to death yesterday. Shortly after noon she gathered together a lot of brushwood and set fire to it. While putting on more of the brush her clothing caught fire, and before any assistance could be rendered she was burned to a crisp.

Hospital Patients.

Jennie Fessler, a school girl, 13 years old, and living at Mt. Carmel, came to the State Hospital, Fountain Springs, with a needle in her hand. While running through the house she fell on the hand and caused the needle to penetrate the flesh. The foreign body may have moved from its place of entrance so its position will be located with an X-ray, after which removal will be comparatively easy. Among others treated in both departments were the following: John Kotch, 30, Glendower, laborer, lacerations of thumbs with evulsion of nail; Joseph Robuski, 27, Hickory Ridge, miner, simple fracture of right femer of the third, or thigh, due to falling rock; Michael Coyle, 39, Lost Creek, miner, Raven Run colliery, lacerations of arm and puncture of leg, due to a fall of coal.
