BOYS' VESTED CHOIR.

Their First Appearance in the All Saints' Church To-morrow.

Services in the All Saints' Protestant Episcopal church to-morrow morning and evening will be of a very appropriate order. It will mark the first appearance of the Boys' and Adults' vested choir which will on that day and every Sunday hereafter have charge of the musical portion of the services. That Shenandoah should have such a choir is a matter of congratulation for it shows that the people of this town appreciate the advantages produced by such an organization.

The Christian church is the lineal successor of the Hebrew church, many of the ideas, principles and usages of the Hebrew church have been, under inspired authority, transferred to the Christian church. Among the many striking illustrations of this is the fact that the singers of the temple wore a white costume, this being the reason that the Christian church has provided likewise, which inspires them with the feeling that during the services they are ministerial assistants, responsible for a portion of the divine services.

Services to-morrow morning will commence at 8 a. m. Holy Eucharist, without music. At 10.30 a. m. Holy Eucharist with festal music by the vested choir as follows: Professional hymn, No. 311; Kyrie Eleison, Gloria Tibi, Gracias, Nicene creed, hymn No. 116, offertory, Solo "Eye Hath not Seen." Sursum Corda, Sanctus, hymn No. 228, Gloria in Excelsis, Nunc Dimittis. Recessional Hymn, No. 112. The evening service at 7 p. m. is as follows: Processional hymn, No. 311, Magnificat, Nunc Dimittis, hymn No. 121, offertory, Duett "I waited for the Lord," hymn No. 122 and Retrocessional hymn, No. 112.

Breen's Rialto Cafe Free Lunch.

ODD FELLOWS' HOME.

Formally Opened To-day Under Very Favorable Circumstances.

Special to EVENING HERALD.

SHAMOKIN, April 17.—The Odd Fellows' Orphans Home, situated in a beautiful valley near Sunbury, was formally opened to-day under very favorable circumstances. This fact is very pleasing to those who have advocated the erection of a home in this part of the state for a number of years, and now see the culmination of their efforts. To-day twenty-two orphan children of deceased members of the I. O. O. F. were admitted to the institution.

The Home was recently purchased from the Hoover estate, the consideration being $6000. A public school is in close proximity, and railroad facilities are excellent. At a meeting of the board of directors John I. Miller, of Sunbury, was elected manager and since then that gentleman has been making all necessary preparations for the opening to-day. Odd Fellows lodges from seven counties, including those located at Shenandoah, are represented in the Home and each lodge is assessed annually $1.00 per member.

Children of deceased Odd Fellows, who at the time of their decease were members of the Order in Pennsylvania, whose mothers or guardian are unable to support and educate them, may be received in guardianship by the Home for the purpose of providing suitable homes or occupations for them. It is the intention of the Odd Fellows within a few years to erect a handsome and costly building upon the site for the comfort of the orphans who are received into the Home.

The Daughters of Rebecca lodge, of Shamokin, has already furnished one of the rooms at the Home, and others are making arrangements to follow this example.

Musical Treat

For all who visit Pooler's concert saloon tonight, by the cleverdance artist, Mr. Connell, assisted by Prof. George Knecht, pianist and vocalist. Everybody is invited. 1t

Notice to Street Offenders.

Complaint having been made to me that people going to and returning from church on Sunday are being constantly annoyed, even insulted, by a number of boys and young men who congregate in the vicinity of Centre and Jardin streets, I hereby serve notice that these offenders will be dealt with according to law and the streets cleared in a summary manner, hereafter. Complaint is also made that ladies are repeatedly insulted by the loungers at these places and that South Main street, in the neighborhood of the L. V. R. R., is constantly infested with these enemies of decency and good order. The police, special officers in particular, are requested to have a look-out at the above points, and at all other points where disorderly practices may be indulged in.

A. P. TAMON,
Chief Burgess.
1t

Our silk string neckties in blending colors are hot stuff at the price of 25 cents. At MAX LEVIT'S, 15 East Centre street.

Funeral of Mrs. Growcott.

The funeral of Mrs. Rosanna Growcott, took place from her late residence, on East Centre street this afternoon. Services were conducted at the house by Rev. G. W. Vanfossen. Interment was made in the Odd Fellows cemetery. The pall bearers were: Jacob Noll, Sr., John Pooler, Philip Mader, Abraham Green, John Needs and Edmund Harris.

When bilious or costive, eat a Cascaret candy cathartic, cure guaranteed, 10c, 25c.

"We Dye to Please."

This is the inscription which adorns the window of Wasley's drug store in connection with a dozen jars of Easter dyes sold there. Pedestrians on Main street yesterday afternoon were shown the blended colors produced by the dyes by Miss Inez Hornberger, who occupied a prominent place in the show window. Specimens of Easter eggs strewn about the colored straw form a beautiful sight.

Payne's Girardville Nurseries.

Funeral designs made up in any desired form of natural or wax flowers, upon short notice at reasonable prices. Large variety of frames constantly on hand. Orders may be left at Morgan's Bazar, 23 N. Main St., or at Payne's Greenhouses, Girardville, Pa. tf

Umbrellas from 50 cents to $7.00. Also old umbrellas re-covered while you wait. At Brumm's.

Died at the Almshouse.

George Boyer, a brother of the members of the firm of Boyer Bros., of Tamaqua, died at the Schuylkill Haven almshouse yesterday from a complication of diseases, but principally Bright's disease. The relatives have claimed the remains and they will be interred at Orwigsburg.

We Are Selling

CLOSE OF THE INVESTIGATION.

Legislative Committee Work Finished in Shenandoah and Mahanoy City.

THE MEMBERS GO TO THEIR HOMES

This Morning's Session in Mahanoy City Was a Short and Unimportant One. Shamokin Will Probably be the Next Point For Investigation.

The Miners' Investigation Committee has concluded its work so far as it bears upon Shenandoah and Mahanoy City and the immediate vicinities and the members of the commission have departed for their homes. No announcement has been made as to what the next program will be. Chairman Meredith was under the impression that the next place to be visited would be Shamokin, but after hearing that Ashland was a mining town in which none, or very few, of the Polish, Lithuanian and Hungarian people are employed, he said it was possible the committee would extend its investigation to that point. It is believed that the committee has performed most of the work it is called upon to perform under its appointment. The chairman says he cannot devote more than ten days more to it, as he has important home business to look after, so that it is quite likely that the committee will visit Shamokin during the latter part of next week and then proceed to make up its report.

In conversation yesterday some of the commission stated that they believed some thing of benefit would result from their investigation, but they were not prepared to say just what they had in view. Subsequently one of them dropped a few remarks, however, that leads to the conclusion that the benefit referred to will be a recommendation by the commission to the State Senate that Congress be urged to provide means for a greater restriction on immigration. This, the member conceded, is not such a measure as will bring immediate relief, but it is about all the commission sees thus far within its scope of authority.

After concluding its work here yesterday four members of the commission went to the Ellangowan mines, as the guests of District Superintendent William Broughall. The fifth member, Representative Roberts, went to Tamaqua to visit his father. The trip through the Ellangowan workings proved very interesting to the commission. Superintendent Broughall furnished the party with rubber coats and boots and mining caps, and at the head of the Shaft ex-Representative Brennan handed each visitor a mining lamp. He called each Senator and Representative by name as he handed the lamps and they were at a loss to know how he knew each one so well, as they failed to recognize their ex-colleague in mining clothes and with blackened face. When they learned it was Brennan there was a cordial exchange of greetings. The party decended the shaft and traveled to the new underground slope, when they descended to the bottom lift in a car. They then traveled through turnouts, tunnels and gangways until a chute in which a miner and laborer were at work, and the face of a gangway were reached. The operations were explained and after the latter place had been examined before and after firing a shot the party returned to the surface. After a short rest at Superintendent Broughall's comfortable home the party resumed the journey to Mahanoy City in the carriages in waiting.

MAHANOY CITY, April. 17.—The Miners' Investigation Committee opened the session this morning, at 9 o'clock, in the parlor of the Mansion House. The witnesses, mine officials and company clerks, gave evidence of an unsatisfactory character. Little, or nothing, was learned in addition to what has already been given. The session lasted half an hour and was followed by a short executive session, which closed the work of the committee in town.

CHARLES E. BUTLER,

Bookkeeper at Lentz, Lilly & Co.'s Park Place collieries, was the first witness. He failed to bring book and papers, as directed by the committee, saying they were not his property and the manager who has charge of them is out of town. The miners under his company earn from $10 to $30 every two weeks.

EDWARD REENE,

Park Place, superintendent of the Park Place and Springdale collieries, said he didn't have control of the books and papers and couldn't bring them. He could not say what it cost to place a ton of coal in the car under the breaker. The miners in his district earn from $10 to $30 every two weeks.

Rees Tasker, superintendent of the Mahanoy City division for the P. & R. C. & I. Co., also failed to bring books and papers. He had knowledge of the cost of putting a car of coal under the breaker, but was not at liberty to state it.

The committee at this point decided that it was useless to ask the local superintendents this question. Chairman stated that the object of the committee in subpoenaing these officials was to ascertain the cost of a ton of coal under the breaker, but was denied this information and the only hope of getting it was to subpoena the higher officials, which will be done.

Gustavus E. Biew, clerk in the office of Division Superintendent Tasker, testified that coal is sold to local individuals at the following prices: Broken, $2.50 per ton; egg, $2.90; stove, $3; chestnut, $2.80; pea, $1.80; buckwheat, 85 cents; rice, 35 cents. Miners get coal somewhat cheaper.

WILLIAM LATTIMORE,

Bookkeeper for the Mill Creek Coal Company, failed to respond to the call of his name.

WILLIAM R. RICHARDS,

Superintendent of the P. & R. collieries in the Mahanoy district, had nothing new to impart.

JOHN SKEATH

Stated that he was formerly P. & R. division superintendent, but is now employed as a general laborer. He said he had no definite information of destitution and want existing in Mahanoy City, but judged there are between 700 and 800 people in very poor circumstances. He gave the rate of wages for inside and outside labor.

ELMER EVANS,

Of Hazleton, superintendent at the Morea colliery, said he couldn't give the cost of putting a ton of coal under the breaker. He didn't have the books or papers of the colliery with him. They are not his property. Had a good deal of experience with company stores, having been connected with them for many years. Considered them a good thing for the working people. The prices paid for goods at the company stores are about the same paid in the town stores. The former always give full weight and the best grade for the price. He had heard workingmen complain of company stores and had never heard of a workingman who was anxious for the establishment of a company store.

Senator Coyle asked the witness if the store at Morea was a company store and the reply was that it was not.

Mr. Evans was the last witness and the committee left here on the 10.40 a. m. P. & R. train after holding a short executive session.

A MOTHER'S ANGUISH.

Mrs Gordy's Pathetic Message to Her Condemned Son.

Georgetown, Del., April 17.—James M. Gordy, convicted of murder in the first degree for the killing of his wife, Mrs. Mary Estelle Lewis, of New York, was brought into court this morning and sentenced to be hanged. Counsel for the defense had decided to make no objection to this procedure.

Gordy's mother, who is 67 years of age, is at the home of her son-in-law, Levin H. Moore, 32 miles from here. She is heartbroken over the fate of her son. Today she sat surrounded by her daughter and seven grandchildren, all weeping. For 12 years, ever since James had suffered from an attack of fever, said the old lady, her life had been made miserable by his way of living. "He was a boy of but one idea at a time," she said, "and it took us all to keep him moving along somewhere near right.

"If you see my boy," she cried, brokenly, "tell him for me to remember that he has a wife and baby in Heaven, awaiting his coming. Tell him to look to him who died for just such sinners as he. Tell him the last words of his poor old mother, who cannot see him again in this world, are to meet her and his wife and baby and father, who have gone before, in that land of eternal bliss, where all is as Jesus wills. Tell him to forget all else and cling to the dear Saviour."

Smith & Reilly' Restaurant.

In the basement of the Titman building.
Nice oyster stew, free, to-night.
Hot lunch on Monday morning.

Tax Collector Charged With Thieving.

Bloomsburg, Pa., April 17.—Nathaniel Ney, tax collector of Beaver township, was arrested yesterday, charged with embezzlement. The arrest was made on information given by ex-County Commissioner Jesse Rittenhouse. He will be tried at the May term of court.

Paterson Filemakers on Strike.

Paterson, N. J., April 17.—Having been denied an increase of wages, 500 employes of the Kearney & Foote File works struck yesterday. The men had demanded an advance of 10 per cent in their pay.

At Kepchinski's Arcade Cafe.

Oyster soup on Monday morning.

Notice to Property Owners and Saloon Keepers.

Owners and occupants of property are hereby notified to have their pavements, gutters and curbing in good order and safe to public travel not later than May 15th, 1897; if, by that time, this notice be not heeded I shall commence to lay and repair pavements, gutters and curbing at the expense of the property owners as the law and ordinances provide. Saloonkeepers are requested and warned not to make the streets a depository for empty beer kegs, particularly on Sundays.

Chief Burgess.

Shenandoah, Pa., April 15, 1897. 1t

Kendrick House Free Lunch.

Clam chowder will be served free, to all patrons to-night.

Weak Minded Wanderer.

To-day Chief Burgess Tabor found wandering on the streets an aged German who gave the name of Adam Smith and his age as 60 years. The only other information that could be gleaned from the man was that he was trying to get back to his home in Limbach, Germany. The Burgess made quarters for the wanderer at the lockup. He believes the man is demented and has wandered from friends.

Easter Eggs Given Away.

A handsome decorated egg given away today (Saturday), as an Easter greeting to all patrons.

Fine Trout.

Probably the finest mess of trout brought to town so far this season was that shown by G. G. Clauser to a lot of admiring fishermen last evening. The mess weighed eight pounds, and the speckled beauties measured from 10 to 13 inches each. They were caught in one of the tributaries of Pine Creek, in Lycoming county.

Columbia H. & S. F. E. Co. Notice.

A special meeting of the Columbia H. & S. F. E. Co. No. 1, of Shenandoah, Pa., will be held in the company's parlors on Monday, 19th inst., at 10:30 a. m., sharp, to attend the funeral of our late member, Dennis J. Conners, which will leave St. Mary's church, Mahanoy Plane, by carriages at 10:30 o'clock and arrive in Shenandoah at about 11 o'clock. By order of J. J. MORRIS, Pres.

Attest:—J. W. EISENHOWER, Sec'y. 1t

ROYAL BAKING POWDER CO. NEW YORK.

SUFFERINGS OF THE MINERS!

Pitiable Condition of Men Who Risk Life For Bread.

LIVING IN WRETCHED SQUALOR!

The Pennsylvania Legislative Committee Unearths a Condition of Affairs Which is a Disgrace to the Land of the Free.

Pittsburg, April 17.—The legislative committee that is investigating the condition of the miners of the Pittsburg district completed its second day of personal inspection among the mines yesterday. When the work was finished the members of the committee made the statement that no such suffering was ever known by them to exist before, and they are well convinced that something must be done, and at once, to alleviate the condition of the unfortunate thousands who are in the district.

The territory that was inspected was in and about Banning, on the Pittsburg and Lake Erie railroad, about 40 miles above Pittsburg. The miners are unable to make more than a dollar a day at the outside, and very more frequently their pay for the day is from 25 to 50 cents. The greater part of these employes are foreigners, there being but ten American born families in the entire number.

Alongside the depot is a row of sheds, one story high and built of unplaned boards. The building is about 100 feet long by 12 feet deep. It is divided into three departments, for each of which the inhabitants pay $6 per month to the company. The shed stands on posts, and a small lake of foul water covers the ground under it. In this building 100 people live. In the winter time, it is said, four of them would lie in a bed, place a cover over themselves, and as many more lay on top of them, their heads in the opposite direction. When the weather is warm enough their bed is on the floor. Bread and water forms the greater part of their food, with canned sardines and cheese occasionally as luxuries.

A little further up the stream are a number of frame buildings which answer the purpose of houses. There is absolutely no drainage, and under each house a pool of stagnant water stands the year round. All the refuse is dumped into the little stream, and a spring on one side of it is the only place for the miners and their families to secure water. There has been much sickness and a number of deaths lately, all of which are blamed on the surroundings.

After leaving the settlement in and about Banning the committee went to Jacob's Creek, bacut three miles below Banning, where the Darr mines of Osborne & Sager are located. The condition of the miners here is worse, if anything, than at the mines at Banning. The men work from three to four days a week, but the wages they receive are so small that they can scarcely manage to exist. The greater part of the miners are foreigners, with a good sprinkling of Americans, and some negroes.

The company owns the miserable hovels which shelter the inhabitants. One of the most wretched is a shed about 18 by 12 feet. For this hovel the company receives $4 per month, and it would cost about $25 to build it. The occupants of these houses are Peter Jones, his wife and child and eight "boarders." Where these 11 persons manage to find room enough to stretch out at night is a mystery. Inside there was a varied assortment of furniture, for the cooking, eating and sleeping is all done in one room.

"We just manage to live," said Mrs. Jones, "but if it wasn't for the boarders that we keep Peter could not make enough in the mines to keep us from starvation."

Death of Mrs. Elizabeth Tilton.

New York, April 16.—Mrs. Elizabeth R. Tilton, the wife of Mrs. Henry Ward Beecher's accuser, died on Tuesday last at her home in Brooklyn. The news of her death was not made public until yesterday. Since the famous Beecher trial she had lived in strict retirement. In recent years she had shared her home with her widowed daughter. Theodore Tilton, her husband, is in Paris, where he has lived ever since the Beecher trial. For a long time Mrs. Tilton was almost totally blind, but less than a year ago she underwent a difficult operation and regained her sight. About a month ago she suffered a paralytic stroke, from which she was slowly recovering when last week she was again stricken. The funeral services were held last night. Few were admitted to the house. The interment took place today.

Still Believes In Her "Baron."

Detroit, April 17.—"Baroness" Von Turkheim, nee Jeanie Young, of San Francisco, is in detroit awaiting the arrival of the alleged baron to whom she was recently married in San Francisco. She refuses to believe that her husband is not what he claims to be, or that he is a factor in a scheme to get her out of the country for reasons alleged to be best known to Attorney D. M. Delmas and others interested in the great Fair will case.

The Sharkey-Maher Fight.

Pittsburg, April 17.—Dan Lynch, Sharkey's manager, arrived here yesterday and held a conversation with John Quinn, the manager of Maher, concerning the proposed fight. They decided to accept the offer of the Greater New York club.

Easter Eggs Given Away.

A handsome decorated egg given away today (Saturday), as an Easter greeting to all patrons.
