The School "Shows Off."

In illustrations of the way in which teachers' lessons are frequently lost on their pupils a Chicago teacher tells a story of some of her pupils "showing off" under her auspices. She had been drilling into them one afternoon the difference in the meaning of the words "taught" and "learned." Over and over again in the presence of a late visitor she had explained the use of each of the words and had given them several examples in which the words were correctly used.

"Now," she said, "I think you have learned your lesson as well as I have taught it to you. Willie, will you give me a sentence with the word 'taught' in it?"

A lad behind crossed in on the front seat spoke up promptly:

"I thought it was time for school to let out."

"No, no! Mamie, you may give me an example," she said, turning to a bright girl farther back.

"I thought it was time go home," answered Mamie, with an air as if she had done exactly the right thing.

And, though she tried several times more, no other form of the word than the variation "t'ought" could the teacher get out of her school.—Youth's Companion.

In cases of burns, sprains, scalds, or any of the other accidental pains likely to come to the human body, Dr. Thomas' Eclectric Oil gives almost instant relief.

A REMARKABLE CURE

A CASE OF PILES OF EIGHTEEN YEARS' STANDING.

Cured by the Pyramid Pile Cure.

There are plenty of pile cures which give relief and sometimes cure a mild case of piles, but there is only one which can be depended upon with certainty to cure obstinate long standing cases, and that is the Pyramid Pile Cure.

Endorsements and testimonials are received daily from men and women whose integrity and reliability are above question and in this connection a letter received from the Rev. Jas. H. Westbrook of Bowne, Mich., may be of interest to pile sufferers who have sought in vain for a cure. He says:

I have used the Pyramid Pile Cure and I know that it is all that is claimed for it. I had been troubled with piles more or less for about eighteen years and I had tried other remedies, but the piles grew worse until about ten months ago I used the Pyramid Pile Cure. It gave almost instant relief and I have been free from piles ever since. Rev. Jas. H. Westbrook.

The remedy seems to act equally well in every form of piles, blind, bleeding, protruding or itching. It stops all pain almost immediately, allays irritation and removes constipation, and anyone who has suffered the annoyance and pain of a rectal trouble will appreciate the excellent results which invariably follow the first application of the Pyramid.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere at 50 cents per package.

MAHANOY CITY.

The Schertzinger-Rueffer Wedding a Brilliant Affair.

MAHANOY CITY, April 22.—A brilliant and fashionable wedding was that at 6 o'clock last evening of Miss Carrie, daughter of C. Schertzinger, the jeweler, and John W. Rueffer, of the firm of Ludwig, Nissen & Co., jewelers, of New York City. Miss Florence Bonnell, of Port Jervis, N. Y., was the maid of honor, and the bridesmaids were Miss Catherine Knebler, of Easton, Pa., and Miss Susie Hermany, of town. Mr. Charles Orcutt, of Boston, Mass., was the groomsman. The ushers were Messrs. William Dyatt, Catasauqua; Louis Spangenberg, Easton; A. C. Sherman and Ralph W. Schertzinger, of town. The parlor in which the ceremony took place was handsomely decorated with potted plants, smilax and cut flowers and the dining room was decorated in a similar manner. The march was played by Prof. John Jones, violinist, and Harry Harris, pianist. Rev. L. L. Lohr, pastor of St. John's English Lutheran church, officiated. About fifty guests were present and supper was served by a caterer. The couple will reside in Brooklyn, N. Y.

David Jones, of town, known as "Dummy," has challenged Robert Green, of Girardville, to a live pigeon shooting match for $50 a side, 7 birds each, and match to take place at Morea.

Edward Berrigan, aged 16 years, and Michael Dugan, aged 14, of Hill's patch, yesterday got into a carriage which had been left at the road side on account of the horse running away. The carriage started down the road after the shafts had been removed and when going fast struck a large stone. The collision threw the boys backwards out of the carriage and Berrigan sustained a fracture of the collor bone. Dugan was badly bruised.

The funeral of Mrs. Mary Jane Fowler, of Boston Run, took place at two o'clock this afternoon. Interment was made in the Odd Fellows' cemetery, at Tamaqua.

Fen. Cooper and J. J. Quirk left this morning for Shamokin to participate in the handicap shooting match.

Shamokin's Water Supply.

The new dam of the Shamokin Water Company, covering an area of about 5,000 acres with a capacity of 123,000,000 gallons of pure spring water, has been completed and the water was turned on for the first time on Wednesday. The cost of constructing the new dam was over $153,000, which amount was expended in order to give Shamokin one of the largest and best supplies of water to be found anywhere in the country. This immense reservoir was constructed by an earthen embankment being thrown across a valley about 900 feet in length with a thickness at the base of over 300 feet through the middle of an embankment. A concrete core wall eight feet in thickness extends through the entire length. This wall is placed several feet into solid rock. The distance from the surface to point at which the core wall starts in the rock varies from twenty feet to four feet six inches.

The Working Time.

It is stated upon what appears to be reliable authority that the P. & R. collieries will work next Wednesday and Thursday (three-quarter time) and start operations again on the following Monday and work three days (three-quarter time) each week during the month of May.

Face Badly Gashed.

John Sorlogle, a Polish miner residing in town, had the right side of his face badly gashed yesterday afternoon by a falling piece of coal in the Suffolk colliery. Dr. W. N. Stein attended him and put eleven stitches in a wound extending from the corner of the right eye to the angle of the mouth.

Injured by a Sprag.

Robert Sneddon, of North White street, had the index finger of his left hand badly crushed by a sprag at the West Shenandoah colliery yesterday.

FALSE PRETENCE CHARGED.

A Case in Which The Cow Failed to Produce.

Justice Lawler had a cow case before him to-day and heard as much about milk as he would had he attended a milk maid's convention. The complainant in the case was Mrs. Pauline Leonfsky, who charged Hyman Rubinsky, a cow dealer, with obtaining from her the sum of $25 by false and fraudulent pretences. It was charged that yesterday Rubinsky sold a cow to the woman with the assurance that the animal would furnish sixteen quarts of milk a day, but the cow failed to even reach the two quart mark and Rubinski refused to give the woman any satisfaction. Bail was given for trial at court.

Charged With Larceny.

Paul Stockalis was put under $300 bail this morning by Justice Lawler on a charge of larceny made by Andrew Zuenis, who claimed the former stole a mine pick from him. Zuenis swore he bought the pick from a miner eight months ago. The accused man pleaded that he saw the pick in the blacksmith shop of Maple Hill colliery and, as it looked like one he had lost, he carried it away.

Their luck as anglers was not very successful but their efforts were rewarded by the capture of a groundhog while returning home last evening. The animal was captured alive and is a large one.

Can't Always Tell.

We asked a friend what he'd pay for a certain pair of our shoes. He said $2.50 or $3.00, and think them worth the price. He knew something of the inside of the shoe business, too, but he was wrong; he judged by what he saw elsewhere.

We admit they were worth it, as shoes are regularly sold in some places, but that wasn't our price; we sold them for $1.75.

He'd make the same mistake in our $1.50 shoes. According to some stores' valuation they'd be $2 or $2.50. They look it; but we don't charge for looks. Factory price won't let us go higher than $1.50

Not only in the $1.50 line, but in every other line in the store we show the same price-saving instances. We can beat any ordinary store all the time; every time

And then we make our customers a present of a beautiful Parlor Lamp when purchases amount to $25.00.

Munyon Off for Europe.

The steamer New York, of the American line, Wednesday carried among its passengers Professor J. M. Munyon and a staff of his physicians. When questioned as to his intentions Professor Munyon said: "Yes, it is true I have determined to introduce my remedies into all foreign countries. The fact is I have had so many orders for my cures from abroad, not only from tourists, but from people who have heard of these remedies through their friends on this side of the water, that I am led to believe that I will meet the same generous patronage there for my cures that has been experienced here. I shall give London the largest and best-equipped medical institution in the world. I shall take there a duplicate of all my improved medical appliances as well as a complete stock of my remedies, and shall offer them to the public on the same generous terms that are afforded our people at home." We feel certain that he will receive a warm welcome abroad and that his humane labors will be crowned with man's universal gratitude.
