Hair Hints

It is much easier to keep the hair when you have it than it is to restore it when it's lost. If your hair is "coming out" it needs instant attention. The use of AYER'S HAIR VIGOR will promptly stop the hair from falling, and stimulate it to new growth.

"Some years ago my hair began to fall out and I became quite bald. I was advised to try

Ayer's Hair Vigor

and had used it but a short time when my hair ceased to fall out and a new and vigorous growth made its appearance. My hair is now abundant and glossy."

SCHOOL BOARD MEETS.

An Important Communication Submitted by Superintendent Cooper.

An adjourned meeting of the School Board was held last night with the following members in attendance: Messrs. Coughlin, Sullivan, Hanna, Keiper, Baugh, Malick, Holvey, Dove, Martin, Breslin, Connors, Devitt, Britt and Whitaker. Also Superintendent Cooper, Truant Officer Smith and Solicitor Burke.

The agreement, contract and bond under which the Centre and West streets school buildings are to be connected with the line of the Shenandoah Sewer Company were presented and accepted.

Superintendent Cooper submitted the following report on the close of the school year: Monthly enrollment—Boys, 1268; girls, 1389; total, 2657. Average daily attendance—Boys, 1116; girls, 1243; total, 2357. Percentage of attendance—Boys, 93; girls, 92; total, 93. 650 pupils attended every session. There were 61 visits made to the schools by citizens and 21 visits made by directors.

"The work for the year was quite satisfactory. Harmony prevailed among the teachers and pupils and between the teachers and the office. Unity in action and to get the best results obtainable seemed to be the motto of your teachers. All the schools were carefully examined and the results obtained reached our most favorable expectation. The office feels that special mention should be made in this report of the very creditable way in which the High school graduates acquitted themselves both in their examinations and at the commencement. They certainly showed that they had been thoroughly taught in their studies and well trained for commencement exercises. The grammar graduates also acquitted themselves satisfactory. The promotion sheets of the other grades have not been completed; but the promotions will be fairly large and the pupils will be promoted on good averages. If teachers are to be judged by their efforts and retained on their merits, then your teachers are worthy of a re-election. The office heartily recommends that all who may apply for re-election be re-elected. The office recognizes the fact that the most serious question which has presented itself for your consideration is the length of term to fix for the present school year. You as educators want to consider that question seriously and earnestly before you take steps toward having the term diminished from ten to nine months. Our courses of study have gradually but positively worked themselves into a ten month term and any change from that term would necessitate a change in the entire system. You have been expecting and requiring first-class work and first-class results. You cannot hope to get the same results in a nine-month term that you have gotten since you lengthened your school term to ten months. From an educational standpoint, to lessen the term will be an error. For that reason the office urges, if you can, in any way, see your way clear financially that you leave the term the same as it has been since 1893. If you cannot, then the office submits this proposition: That you leave the High school at least continue for a full term of ten months. Remember that the work of the High school is somewhat different from that of the other grades. From that grade your pupils are thrown in contact with pupils from other towns. If you desire our high standard to be maintained you can ill-afford to shorten the term or lessen the course of study. In fact, if the course is changed at all it should be lengthened, not shortened. It may be argued that the work was done before the term was increased in 1893. Permit the office to say that the work never was done, and never will be done, in a nine-month term. Remember the fact that, when you increased the term you at the same time increased the curriculum in the High school. Your High school faculty did and will do as good as any other High school faculty. But they cannot, nor can any other faculty do the work of ten months in nine months of time. Therefore, the office recommends that the term be continued at ten months.

"The truant officer, janitors and janitresses have been regular, earnest and conscientious in the discharge of their duties and the office cordially recommend them for re-election.

"In conclusion the office desires to extend to you, members of the School Board, to the press of town, to the teachers, truant officer and all others connected with our schools its thanks for your kind, cordial and earnest support during the past year. You, by your kindness, energy and fidelity to duty, have greatly lessened the business and trials of your humble servant,

"J. W. COOPER."

After the reading of the report the recommendations were referred to the finance and teachers and salaries committees.

Truant Officer Smith and Solicitor Burke reported that the case of John Berg, prosecuted under the compulsory education act, was before the Grand Jury and a true bill returned. The defendant will fight the case on the constitutionality of the law.

All bills except those for salaries, interest and gas were laid over, as there were no funds with which to meet them.

The terms of the janitors and janitresses will expire before the next meeting and the building committee was instructed to continue the janitors in service until the permanent election.

Director Coughlin was elected treasurer of the schools savings bank for another year and his bond was fixed at $1,000, the School Board to have the power to increase the amount when necessary.

Minogue Dreaming Again.

Uncle Jimmy Minogue is real hot and spicy in his last week's Ashland News. Among other things he says: "The News favors a free silver ticket in the county and state. It would sooner support a gold-bug Republican than a gold-bug Democrat." * * "It is the prevailing opinion at the county seat, that the following free silver ticket will be nominated at the coming Democratic convention: For Judge, George J. Wadlinger; Congress, Wm. Wilhelm; Controller, Daniel Duffy; District Attorney, James J. Moran; Coroner, Dr. J. V. Alberts; Poor Director, John F. Horgan. This slate seems to have the endorsement of the voters from different sections of the county."

Judgment Against the County.

The hearing in the case of J. O. Ulrich, ex-County Solicitor, against the county, was fixed for 10 o'clock yesterday morning before Squire E. C. Nickols. The county's representative failed to put in an appearance and the Squire decided against it on the ground of default, rendering judgment in favor of Ulrich for the full amount of his claim, $100 and costs.

CRIMINAL COURT.

The Last Week of Court Until September Next.

The June term of criminal court came to a sudden close yesterday afternoon, because people interested failed to put in an appearance. All the jurors were discharged.

Levitt appeared on schedule time with Joseph May, Leon Wasley and Wm. Schmidt, pacemakers; W. G. Dusto, trainer; Christ Gruhler and H. H. Zulick, timekeepers. Levitt said after the spin that the wager was the easiest five dollars he ever made. What you get here you can depend on for good solid goods at very low prices. Our goods will be sold at very small profits. We quote a few prices:

Children's Shoes, 4, 5, 6 & 7, spring heel, patent leather tip, **40c.** A better one for **50c.**

Girls' Shoes, black and lace, size 11½ to 2, for 68c., worth $1.00.

Men's Shoes, vici kid, patent leather tip, $1.75, worth $2.25.

Men's Enamel Shoes, brown, patent leather, $2.10; worth $3.00.

Half of our Children's and Misses' Shoes are made in Orwigsburg by George Folmer & Son.

Our line of Ladies' Shoes cannot be beat, as we buy our own leather and just pay for the labor in making them. We can, therefore, sell you good stock at bottom prices.

Our line of Gent's Furnishing Goods cannot be beat. We also carry a nice line of Men's, Boys' and Children's Suits.

EDUCATED and ARTISTIC TASTES

In wall papers and decorations is one of the nineteenth century accomplishments. That is why those who select their wall paper at CARDIN'S get such delightful results. For those who wish to decorate their rooms with artistic wall papers go to
