There is no foundation for the story that negotiations for a new treaty with Great Britain, dealing with the Isthmian Canal question have been started. After the lapsing of the Hay-Pauncefort treaty by the failure of Great Britain to accept it, President McKinley directed Secretary Hay to ascertain, if possible, from Senators, whether two thirds of the Senate could be counted upon to vote for the ratification of a treaty that would, in its main features, be acceptable both of this government and that of Great Britain. This task, by no means an easy one, Secretary Hay is still engaged on, and until it is completed, there will be no negotiations, as until then Secretary Hay will be unable to even acquaint the British Ambassador with the basis upon which this government will negotiate. The cable news that negotiations had been started in London, was as false as the Washington story. Wherever there are negotiations along this line, they will be conducted at Washington. President McKinley has confidence in Ambassador Choate but this matter is so important that he intends to keep it where he can personally watch every step taken.

Those having the Driving Park and Athletic Association matters in charge are wasting no time in making preparations to have the grounds in suitable condition for use this season. If a fair can be arranged for this fall the farmers and others interested should be active in promoting the scheme. It would perhaps induce a considerable number of people to visit the town, foreign dealers in implements and other wares would come here and trade would be stirred up and the town largely benefited by the influence of visitors. Keeping all the money we have in the county and spending it with local dealers is a way to make the community prosperous, and one of the best ways.

A great improvement has been made in the State road leading from the farm house of A. V. McCarty, in Dingman township, over the hill to Lewis Garvoilles. Through the enterprise and generosity of the latter gentleman, who gave the land and interested himself in the scheme, aided by several neighbors a new road has been built which entirely obviates the hill, and will probably be free from snow drifts in winter. Such practical evidences of a desire to make roads easier and better is worthy of emulation, and there are many places where a slight and inexpensive change in location would avoid bad hills and make far better highways The good work should go on wherever practicable.

Friday April 26 is appointed as one of the Arbor days. It is a good thing to plant trees on the school grounds but it is a better thing to plant them with care and care for them after they are planted. For several years the custom, to some extent, has been followed on our school grounds in Milford, but with perhaps two exceptions not a single tree of those planted now survives. Children should be taught the propriety of preserving trees and teachers and directors would do well to see that they do. Only in this way can the observance of the law be made something else than farcical.

What is known as the "process" butter bill has passed finally in the House. It puts an annual tax of $1000 on manufactories, $500 on wholesalers, $100 on retailers, $50 on hotel keepers and $10 on boarding house keepers using "process" or renovated butter. A large sign must also be displayed informing their patrons that such an article is sold by them. The tax and notice are intended to be prohibitive.

Lieut. Gen. Schofield, who came to Washington to preside over the Congress of the Loyal Legion, of which he is President, held last week, said of the Philippiness: "I regard it as a good thing for the people of this country that there is a problem to be worked out in the Philippines. The young men will find opportunities out there and the improvement of them will be a benefit to the country."

The U. S. Supreme court decided this week that a divorce obtained by either husband or wife in a State in which they have not lived together is null and void in all other States excepting the one where the divorce was obtained. This will affect the cases of many who have obtained divorces in States where there was no joint residence.

The Bliss judical bill which has passed the House it is said will be amended so that Judge Purdy will remain in Wayne and Judge Craig will take the Monroe-Pike district which will be the 47th. Carbon will be a separate district numbered the 57th.

Forest fires have prevailed in many sections of the county this week and many acres of woodland been burned over. Almost the entire timber lands on the farm of Col. A. E. Lewis, near the Borough, burned Wednesday.

Milford Hand Laundry.

The undersigned has opened a laundry on Centre Square Milford, Pa., in the store room formerly occupied by Geo. Dauman, and will do all kinds of work pertaining to the business with promptness and in a neat careful manner. A share of the public patronage is respectfully solicited. JOHN L. GOURLAY.

Many persons have had the experience of Mr. Peter Sherman, of North Stratford, N. H., who says, "for I suffered torture from chronic indigestion but kodol dyspepsia cure made a well man of me." It digests what you eat and is a certain cure for dyspepsia and every form of stomach trouble. It gives relief at one even in the worst cases, and can't help but do you good.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

"I have been using CASCARETS and as a mild and effective laxative they are simply wonderful. My daughter and I were bothered with sick headache and our breath was very bad. After taking a few doses of Cascarets we have improved wonderfully. They are a great help in the family."

BRIEF MENTION.

Through the contributions of the children of the infant class a very neat carpet has been purchased and was laid this week on their room in the Presbyterian church.

W.&G. Mitchell have arranged for an acetylene gas machine to be placed in their store on trial and if found to work satisfactorily they will probably in future light the store will their own plant.

The viewers appointed by the court to assess the damages on the Pierce place in Westfall township occasioned by the occupancy of the Milford and Matamoras projected railroad, met Wednesday and fixed the amount at $189.03.

Ryman & Wells have a cosy corner in their store where feminine hearts will be filled with longing and uncertainty. The line of millinery they display is so varied in style, handsome in design and tasty in workmanship, that the ladies will be very undetermined as which hat is the prettiest and most becoming and will want them all.

Captain Lafayette Westbrook, of Stroudsburg, has just awarded a contract for building one of the handsomest houses in this part of the State. It will be located on the site of his present residence and will be colonial in style.

Farmers by reason of last seasons experience should be convinced of the utility of planting forage crops this year. The grass was probably permanently injured by the drouth and will not afford a full crop hence it would be wisdom to supplement it by growing green fooder, peas, oats une corn should be liberally planted and now is the time to sow the former.

Lorenz Geiger has resigned as overseer of the poor. Now that he is out if he will stay out it will be a great relief to the community and a reason for especial thankfulness on the part of those unfortunates whose necessities compel them to ask aid of the Borough.

The friends and well wishers of Frank Crissman, and the number is legion in this section, will be pleased to hear that his prospects for a good season at Bergen Point are excellent. All his furnished rooms are taken and he thinks prosperity is about to take him on a warm embrace. He has our congratulations.

Don't use any of the counterfeits of DeWitt's witch hazel salve. Most of them are worthless or liable to cause injury. The original DeWitt's witch hazel salve is a certain cure for piles, eczema, cuts, scalds, burns, sores and skin diseases.

The condition of William Holbert, a town charge who is at present billeted on Chippy Cole, is deplorable, and he should be transferred some where where he could receive proper attention. There is such a thing as reasonable economey in the maintenance of the indigent and there is also a demand for the exercise of a reasonable amount of humanity in seeing that they are decently cared for. It is a shame for any community or officials to wholly sacrifice the latter for the sake of the former.

IN PARTITION.

At an Orphans' Court held at Milford, on the 18th day of March, A. D. 1901, it appearing to the Court, from the return of the Sheriff and the Jury of Inquest, under their respective hands and seals, made the 16th day of February, A. D. 1901, to the order or writ of inquest, that the parties in said writ named had been severally warned, (as many as chose being present) that the property described in the said writ cannot be parted and divided into shares to accommodate the parties entitled without prejudice to or spoiling the whole thereof, but that the same can be divided into purparts, and that the said Jury of inquisition had therefor divided said land and premises into three purparts and valued and appraised each purpart as follows:
Purpart No 1 at $2 500.
Purpart No 2 at $800.
Purpart No 3 at $800.
Amounting in the aggregate to the sum of Four Thousand One Hundred Dollars ($4,100.)

On motion of Alfred Marvin, Attorney for the petitioner, the Court do order and decree that the aforesaid inquisition be confirmed, and that a rule directed to the parties interested as in said writ of inquest mentioned, and all other persons interested, citing them and each of them to be and appear before the Judges of said Orphans' Court to be held at Milford aforesaid, on the first Monday of June next, at two o'clock in the afternoon, there and then to accept or refuse said real estate at the valuation so, as aforesaid, made, or show cause why the same should not be sold, in case said parties should neglect or refuse to take and accept the same as aforesaid, valued and appraised; said rule to be served personally upon the parties in interest wheresoever the same may be found, if personal service as aforesaid shall and may be practicable; and in the event of failure to so serve personally as aforesaid, then by publication for six successive weeks in the "Pike County Press," a newspaper published in said County of Pike, and by mailing to each of said parties a copy of said paper containing said notice to their respective Post Office addresses (postage prepaid) at least twenty days prior to said return day of said rule.
