SANDYSTON.

Pennsylvania should be proud of their governor for he has signed the Salus-Grady bill and that says the press of that state shall not caricature any official of the state and Mr. Pennypacker especially. How some officials of New York would like that law notably the World and American. I notice the Pennsylvania press paragraphs the governor just the same.

George Owen, wife and mother-in-law of Newark spent Memorial Day with his parents near Layton returning to Newark Sunday afternoon. He is in the employ of Metropolitan Life Insurance Co. of that city.

The entertainment held in the Centreville church Wednesday evening was well attended and everybody went home delighted with the lady elocutionist and singers. If the cost of admission had not been placed so high the church would have been filled to overflowing.

The Sparta correspondent of the Deckertown Recorder laments the fact that Memorial Day is not held as it should be and I, as a veteran, think just as he does. Not a flag has been furnished to place on the 19 graves in this town and I understand the same can be said for the 41 soldier graves in Sparta township. The veterans of 1861-5 ere long will be only a memory.

The rainbow social at the Hainesville church Saturday evening was well attended and all report a good time. I did not hear the amount of receipts.

Memorial Day passed almost totally unobserved as only two parties were patriotic enough to throw their flags to the breeze. No one attended any of the excursions and the work of the day went on as usual.

Mr. Jenkins of Montclair, N. J., is spending a few days with Dr. Hughes and wife at Layton.

Work will begin on the piece of Macadam road from Tuttles Corner to Culvers Gap this week. The feed store of Job C. Elliott near Tuttles Corner has been rented for the Italians and the stone crusher and other machinery is on the way. It will be some time before the road will be opened for travel, but that it will be built is some satisfaction. A move will be made to make cost for the overseer of the Frankford end of the turnpike unless it is soon put in order.

Mrs. Huldah Siglar and sons moved into the farm house of Mrs. Mary Reuser on Monday last.

Our weather sharps say this May has been the driest known in years and they are right. Since April 15 we have had 54-100 of an inch of rain and as a result everything is suffering for water. The highest temperature was 92° on the 18th 19th and 20th and the lowest was 21° on the 2d. 25 days were clear, 3 cloudy and 3 partly cloudy. The greatest rainfall was 22-100 of an inch on the 22d. The average maximum was 76.29°. The average minimum 42.67 and the maximum set 67.32°.

Loren Shay of Rutherford, N. J., is visiting his father for a few days.

The church was decorated very prettily for the occasion with potted plants and palms. Mrs Reese has been a resident of Matamoras for several years where she has many friends. His Last Hope Realized

[*From the Sentinel, Gebo, Mont.*]

In the first openinings of Oklahoma to settlers in 1899, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which seemed almost impossible to check, and along in June the case became so bad that he expected to die. One day one of his neighbors brought him one small bottle of Chaberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the grass in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggest this item. For sale by Balch & Son, Matamoras, all general stores in Pike county.

The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. Time is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903 will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber for only one dollar a year gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, and democrats and republicans alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to all the news the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only $1 per year and this pays for 156 papers. We offer this unequaled newspaper and the Pike County Press together one year for $2.

The regular subscription price of the two papers is $2.50.
