PUT YOUR FOOT IN IT...

That's the best way to test a shoe. If it feels right it generally IS right. Shoes made from poor material and built by cheap labor never feel right—you can spot them soon as you put your foot in.

We believe that good shoes are the cheapest shoes—they feel better, wear better and look better than the other kind. Our prices are right for right shoes. We sell comfort, durability and style in shoes.

SANDYSTON.

A day or two ago a party had his hound dog out chasing rabbits, and, as it happened was practicing his dog on posted lands. The owner of that dog is well aware of the penalty attached to such a gross violation of the game law, and is taking long chances.

Supt. of Schools Ralph Decker visited the schools of this valley the week just passed and advised the Sandyston clerk of board of education to call a meeting Saturday evening of this week, to see what can be done for consolidation and repairs of school houses. It is evident that Supt. Decker means that Sandyston must do some rebuilding, repairs and consolidation.

The city people passing through here are changing the fashion of last year. Last year the ladies went bareheaded and the gents wore their hats. This year the matter is reversed. On Sunday a man driving with two ladies, he bareheaded and smoking a bad cigar, passed here. I felt sorry for those girls and that horrid smelling stogie.

Joseph Thompson of Branchville while driving with his wife and child on the new road Sunday last his horses became frightened at the steam roller and ran away. The wagon, a new one, was upset and smashed, his wife badly hurt, and during the flight of the team they collided with the carriage of L. T. Smith and wife and smashed one of its wheels.

Now is the time when everybody feels poor from the fact that the assessor has started on his annual tour to find the amount of your worldly possessions. Two things are certain in this life, and they are death and the tax collector and the assessor only preceded the latter a few days, while the former is ever with us.

The past week was too wet for corn planting and little if any was planted. The weather of Saturday and Sunday promises to leave the ground in fine condition, and, as almost all are ready, the bulk of the crop will be planted this week, barring rainy weather.

Most of the townships in this county have hired their teachers for the coming year, but as yet this township has made no move in this direction, and as usual will wait until the other townships have secured the choice of teachers.

An exhibition of reckless driving was seen on our streets Saturday last and it is hoped the public may be spared anything of the kind in the future.

Daniel Raser who was seriously injured by being thrown from his wagon is slowly getting better but his injuries will affect him for life. His daughter, Ella, from Buffalo, N. Y., came home Tuesday last.

The Rubber social at Aden Vansickle's Saturday night was well attended but the net receipts were not heavy. I incline to think the junk peddlers have captured most of the rubber crop in this vicinity judging from results at the social.

Talk of fish laws when I can see no use of them at all. Thursday Tom Hilton and your writer fished on Long Pond nearly all day, and the result was Tom 5 little perch and the writer one sun fish. Now, I am in favor of no fish laws for the reason that I cannot catch fish, law or no law.

A Sure Thing

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranted by all druggists. Trial bottles free. Regular sizes 50c, $1.00.

Constipation Cured

A BARRYTOWN MAN'S EXPERIENCE WITH CAL-CURA SOLVENT

Dr. David Kennedy's New Medicine Cured Him Promptly

Constipation leads to worse. Often it is the cause of appendicitis. Always it leads to dangerous chronic disease. It should not be neglected, nor should it be temporarily alleviated with drastic purgatives. Here is a case in point:

Mr. C. S. Osterhoudt, of Barrytown, N. Y., was distressed with indigestion, chronic constipation and kidney trouble for four years. He tried many medicines without relief. He heard of Cal-cura Solvent, Dr. Kennedy's new medicine and it began to improve rapidly. All of his old complaints have disappeared and he owes everything to Cal-cura Solvent.

Write to the Cal-cura Company, Kennedy Row, Rondout, N. Y., for a free sample bottle.

Remember: Only one Dr. David Kennedy ever lived in Rondout, City of Kingston, N. Y., and be sure you get his new and latest medicine, which is sold only in $1.00 bottles. All druggists.

H. L. Davenport of Halcyon Cottage has made a number of improvements and now has a fine place.

City people will soon be here, already some have appeared, and if the people would show proper enterprise and learn the knack of satisfactorily entertaining them, many more would come and remain. They bring many dollars here which should partly be spent in general improvements and providing more comforts and conveniences for their proper accommodation. Like every other business some of the profits should be spent in betterments.

There is a good demand for cooks with no supply.

High Falls Hotel has been greatly renovated and greatly improved. The trees trimmed and lawns put in excellent order give the surroundings an air of neatness. An aermotor has been erected, a large tank built and now water is supplied all through the house.

A number here have discarded buying western horse feed as it seems to injure stock. Better raise your own supply of grain. It will improve the land and save money.

Hens are furnishing a good supply of eggs and the price keeps to a paying basis.

The seed business is quite an item this spring with our merchants, and farmers will have to go down in their stocking for the money.

Courtesy and fair dealing in a tradesman will bring business, the contrary will drive it away.

Some citizens are grumbling because, in their opinion, the cribbing at Cave bank is not properly or permanently done. It costs money to do a good job and it also needs a man who has the judgement to do it.

A number from here who attended the dance at Dalloz in Dingman are elated at the manner in which they were entertained. All had a splendid time.

Our ministers are quite active looking after the welfare of their flocks. The Presbyterian pastor held a meeting recently at Centre which was well attended.

Owners of ties here are holding on for better prices. Peters Bros. at Bushkill pay good prices, cash or trade.
