VILLAGE RECORD.

WAYNESBORO',

Friday, May 7, 1869.

☞The last rails connecting the Pacific Railroads will be laid on Friday or Saturday.

☞The Grand Army of the Republic numbers 3,000 posts and a membership exceeding 460,000.

☞The flow of emigration from Ireland to the United States this year promises to excel that of any previous year. The great majority of the emigrants are going to the West.

☞At North Andover, Massachusetts, a boy of fifteen killed himself because his father required him to apologise to his school teacher for truancy.

☞Gen. Burnside will be a formidable rival to Gen Logan for the Commandership in the National Encampment of the Grand Army of the Republic, which is to meet in Cincinnati May 9.

☞Despatches received from Fort Sully at General Sheridan's headquarters say that everything that has been done to make peace with the Sioux as a nation is an entire failure, and that the Indians are just as far from peace now as they were two years ago.

☞Official returns from Connecticut make Jewell's majority four hundred and eleven, a gain on last year of two thousand one hundred and forty-five. So much for Grant and his policy of peace.

☞A woman with a child entered the Diamond Gallery of Brackbill the other day, and previous to placing it for a picture subjected the young one to a vigorous spanking. The artist interfered, when he was informed that she was only trying to get up a fine color in the child's face.

☞The whisky tax, at 50 cents per gallon, is yielding at the rate of $46,000,000 while last year, at $2,00 per gallon, the tax collected was $18,000. It is estimated that in two years more whisky and tobacco will pay the interest on the public debt. So much good for these vices.

☞Gov. Wise has, in the words of an exchange, at last surrendered to John Brown. He says, "For myself, I praise God for the war every day, notwithstanding its disaster and deaths, as a special providence, indispensable to free me and my heirs forever from the weakness, if not wickedness, of African slavery."

THE MINERS' STRIKE.—The coal miners throughout the anthracite regions of Pennsylvania have joined the strike. Several collieries have been closed during the past week. The supply of coal, as mined this year, is about six hundred thousand tons in excess of last year, and yet the stock on hand is less this year in the same proportion.

☞On Wednesday a week the Catholics and Orangemen in the city of Londonderry, Ireland, became involved in a serious riot, during which firearms were brought into use, and two men killed and several wounded.—The fighting at one time assumed the proportions of an extensive and sanguinary affray, and was only quelled by the efforts of the police and the military garrison.

☞The President is being pressed by conservative Southern men to name an early day for the elections in Virginia, Mississippi and Texas, but the Republicans there protest against having any election until the crops are harvested, in order the colored men may have a fair chance to vote, and in deference of these views the President will probably not order the elections before September, by which time the cotton and other crops will be out of the way, and the freedmen will be more at liberty to attend to the elections.

☞The New Orleans *Times* says Mr Joubert (colored) recently appointed Assessor of Internal Revenue in that city, "is grasping the details of the duties of his office very readily and intelligently. He is besieged by applicants for the twenty-seven subordinate positions at his disposal. Some politicians are ready to sacrifice their own private interest to serve the public in the Assessor's department. One of them, two or three days ago, patronizingly observed to Mr. Joubert that he had no objection to serving under him. Mr. Joubert naively replied, 'But I have some objection to invite you to serve under me."

☞Said General W. B. Stokes, in his late great speech at Nashville: "Now, I'll tell you what's a fact, there isn't a man nor a party that Johnson hasn't deceived. If there is a man in this crowd who can say that Andrew Johnson never deceived him, I should like to see him step forth. He has been a popular man in his day, for he has been with and deceived all parties in turn He is full of deceit and demagogism. He is like the old sow. You might take her up; put her in a bath-tub and scrub her perfectly clean, but turn her out, and she would run five miles in a hot summer day in August, through clear water, to reach her wallowing place in an old peach orchard. That's Johnson. He has got back into the old peach orchard again.

Two little girls were run over by a brewer's truck and instantly killed last week in New York.

QUICK WORK.—The Lancaster *Express* of Tuesday says: The three-story brick house, which Mr. Mishler is erecting in Middle street, which was to have been completed from foundation to roof, inside and out in thirty hours, it is expected will be finished this evening, making the time twenty hours instead of thirty. At 11 o'clock this morning the roof was on, and the way things were progressing at that time there was every indication that the whole thing would be completed at the hour for stopping work to-day, and the house ready for occupancy to-morrow. The brick layers completed their work in twelve hours, including one hour lost in waiting for brick. Thirty-nine thousand brick were used, and the ten bricklayers averaged four thousand in that time. The plasters and carpenters are away ahead of time, and Mr. W. H. Pool, the painter, is confident that he can put on the finishing touches before sundown. A large number of persons visited the scene to-day.

DISTANCE AND FARE.—The distance from Harrisburg to San Francisco, by Chicago and Omaha, and the Pacific railways, will be about 3,400 miles. At the present rates, the through fare will be $158 00. But the Pacific companies engage to reduce their rates in July, when the cost for the through trip is likely to be about $120 00, first class. It is also proposed to sell second and third class tickets at proportional reductions, say $75 and $50 each. While the poorest emigrants may thus be able to compass their transit either to the mining districts or to the Pacific coast, other arrangements are about to be made, and at a largely increased cost, for the luxurious accommodation of wealthy tourists.

☞The Total Eclipse of the sun on the 7th of August next is the only one that will be visible in North America during the present century. The centre of the line of totality will pass through Springfield, Illinois, and near Des Moines, Iowa. Both of these stations, as well as many others, will be occupied by coast survey parties.—Congress has appropriated $5,000 to defray the expense of observations. Professor Winlock, director of Harvard Observatory, is making arrangements for viewing the eclipse and noting its features at Shelbyville, Kentucky. The observation will last between two and three minutes.

☞General Robert E. Lee made a brief visit to President Grant at the White House in Washington on Saturday morning, accompanied by Mr. and Mrs. Samuel H. Taggart, of Baltimore. The meeting was the first that had taken place between them since that upon the battle-field of Appomattox, and is reported as having been cordial and pleasant upon both sides. It lasted but fifteen minutes, and consequently could have amounted to nothing more than an interchange of personal sentiments.

☞A despatch from Scranton, Pa., states that 30,000 miners in the anthracite coal region are about to "strike" for increased wages. These strikes, without really benefitting those who make them, compel poor people to pay very high prices for their coal.

HORRIBLE DEATH — We learn from the *Fulton Republican*, that Henry Spannuth, who lived two miles West of McConnellsburg, died on last Sunday morning of the loathesome disease of "Glanders." Mr. S., it is said, has been dealing in "Glandered" horses for the last few years, and several have died for him. About a week ago he took sick and since that time to his death developed this offensive and dangerous disease in all its forms.

☞Jacob Kurtz aged about 24 years was instantly killed by lightning, near Springville, Lancaster county, on the 29th ult — He was standing in the barn between his father and brother at the time the accident occurred.

Since our notice of Seward & Bentley's Alisma, we have heard considerable said about it, and all praise it so highly, we think it must be a fine preparation for the hair.—One gentleman in speaking of the Alisma, says his hair was quite gray before using it, but now it is as fine and good a color as when a boy.

Seward's Cough Cure, cures Croup.

☞Aim at perfection in everything, though in most things it is unattained, however, they who aim at it, and persevere, will come much nearer to it than those whose laziness and despondency make them give it up as unattainable.

The above is particularly applicable to the subject of health—all should do everything in their power to attain perfection, as near as possible, in that. This can be secured by a regular and continued use of the Zingari Bitters.

HIGH RENTS.—Some of the rents in New York are frightfully high. The rental paid for E. S. Jaffray's dry goods store, at Broadway and Second street, is $60,000. The highest hotel rent is that of the Fifth Avenue, which rates at $100,000; but the most profitable of its edifices is Trinity Building. This is occupied by offices. It cost about $100,000, and rents for nearly one half that sum. Single offices bring from $1000 to $2000.

William Sturgis, of Chicago, who has just gone into bankruptcy, reports his liabilities at four million, four hundred and fifty five thousand dollars. They do everything on a liberal scale in Chicago.

In West Virginia, 50,000 acres of land have just been sold at 25 cents an acre.

A Boston paper states that a man in that locality is riding a hog through the streets as a preparatory practice to managing a velocipede.

LOCAL MATTERS.

☞Fresh Butter at Price & Hoeflich's for 30 cents per pound. *

☞Watches, Clocks, Jewelry and Spectacles repaired and warranted at A. Leeds'.*

☞W. H. McDOWELL, Esq., will again be a candidate for Prothonotary. See adv.

☞Life is uncertain. Do not neglect having the Photographs of your children taken. Call at the Diamond Gallery. *

FARMERS.—Farmers desiring repairs upon the McCormick Reaper should give Messrs. Lidy, Frick & Co. timely notice. *

☞Take your Pictures to L. C. Brackbill at the Diamond Gallery and have them framed. He has just received a fine assortment of Rich Mouldings for that purpose. *

☞Watches, Clocks, Jewelry, Sleeve buttons and Spectacles, at Alex. Leeds', Watchmaker, next door to Town Hall. *

☞John A. Seiders, a soldier in the late war, and a deserving citizen, has received the appointment of Post Master for Chambersburg.

NEW SHOP.—Clayton Fry has commenced the Tinning business next door to the shoe store of C. Ruthes. Advertisement next week.

DEAD.—Dr. E. D. Rankin, a well known and universally respected citizen of Greencastle, died suddenly at his residence, on Tuesday, the 27th ult., in the 44th year of his age.

☞Persons desiring the usual notices of deceased friends published in our columns must furnish the particulars. We publish such notices free of charge and cannot take the time to hunt up names, ages, &c.

☞We learn fom the last *Journal* that Mercersburg and vicinity has subscribed the handsome sum of $120,000 to the capital stock of the Calidonia Company, which is to connect that place with the Cumberland Valley Railroad.

MACHINE SHOP AND LUMBER YARD.—We call special attention to the advertisement of Messrs. Lidy, Frick & Co. in to day's paper. This firm is now driving a large and prosperous business.

ARRESTED.—Wm. Taylor, (colored) in the employ of Dr. I. N. Snively, was arrested by officer Horner, on Saturday last; charged with stealing a watch from Jacob R. Wolfersberger. He was taken to Chambersburg and committed for trial.

☞The trial of Mrs. Rowland and the colored man Carroll, for the murder of the former's husband, at last accounts was progressing at Cumberland, Md, between sixty and seventy witnesses being in attendance from Washington county.

THE ELECTION.—The annual election for officers of the Waynesboro' Building Association will be held this (Friday) evening According to the Constitution all members absenting themselves from this meeting without a reasonable excuse will subject themselves to a fine of 25 cents.

OUT.—We observe that our friend, Dr. T. D. French, of this place, announces himself a candidate for the office of County Treasurer, subject to the action of the Democratic County Convention. The Doctor would, no doubt, if nominated and elected discharge the duties of the office in an acceptable manner.

STRWBERRY FESTIVAL.—The Ladies of the Ev. Luth. congregation of Waynesboro', purpose holding a "Strawberry Festival" about the middle of June, the proceeds of which will be used in furnishing the new Lutheran church now being built. Further notice will be given in due time.

NUNNERY MEETING.—The Annual Meeting of the Snow Hill Society will be held on Saturday the 15th inst.

As this meeting generally is largely attended we state for the information of the public that the "Jones' House," in Quincy, will be open on that occasion, and that meals will be furnished and the usual accommodations (liquors and lager excepted) afforded.

DEAD.—Terry Able, an old colored woman, well-known to the people of this town, died recently in Carlisle. A couple of years since she disposed of her house and lot of ground in this place, which she had occupied for upwards of forty years. Terry was a faithful servant to many families here, strictly honest and otherwise well disposed.—As such she will be remembered.

CALL DECLINED.—Rev. A. Buhrman of this place has declined a second call given him by the Lutheran congregation of Middletown, Md. It appears Mr. B. had consented to accept a call from that congregation upon certain conditions, but these were not complied with, and hence his determination to continue his labors here, for the present.

TURNPIKE.—A meeting will be held on Saturday next at the Paradise School House, on the Marsh Road, at 3 o'clock, to consider the advantages of building a Turnpike Road between the Pennsylvania line and the Forks of the Leitersburg Turnpike at the Toll-gate. The *Herald* says if the project is deemed advisable books will at once be opened for subscriptions to build the road.

BOROUGH ELECTION.—The election for Chief Burgess, five Councilmen, and one High Constable, was held on Tuesday last. The fusion ticket which triumphed over the regularly nominated Democratic ticket, is as follows:

Chief Burgess—George Fourthman.

Councilmen—John W. Coon, F. Fourthman, David Hahn, W. A. Reid, Thomas S. Cunningham.

High Constable—John H. Miller.

APOLOGY.—Through oversight a paragraph appeared among our selections on first page last week, in which harsh allusions were made to the Roman Catholic Church. Our attention was called to it, but too late for remedy. We have never meddled with sects upon the subject of religion, nor have we any disposition to do so now. If violence has thus been done to the feelings of some of our readers it was not so designed on our part.

RECEIPTS—For subscription for the last week:

Jacob Hoover, (Miller)	$2.00
Aaron Harmon,	2.00
John Walter,	2.00
Samuel A. West,	2.00
David Gipe,	6.50
Benj. F. Stouffer, (of A.)	2.00
Jacob Tritle,	2.00
S. S Winter,	1.00
Joseph Ripple,	2.00
Daniel Baer,	2 00
Perry Vickers,	1.00

TURNPIKE MEETING.—We would suggest to farmers and others interested the propriety of holding a public meeting, either in this place or in Quincy, at an early day, to take into consideration the advantages of building a Turnpike Road to intersect the Fayetteville pike.

If citizens of Funkstown, Fayetteville and surrounding country will take no interest in the proposed enterprise let us have the work completed as far as Quincy at least, which is the worst part of the road.

IN TOWN.—The man who does'nt take a newspaper visited Waynesboro' last week.—He set his bull's-eye watch by Leeds' sign, wiped his nose on a bolt of calico hanging in front of a store, purchased a patent medicine Almanac for 25 cents, and when last seen was trying to buy a barber POLE on the Diamond for a stick of candy.

POSTMASTERS.—Acting Postmaster General Earle has appointed Samuel W. Zeigler Postmaster at Leitersburg, vice James A. Hays resigned; and Lancelot Jacques Postmaster at Indian Spring, vice Robert Roach resigned.

PLANTS.—The best varieties of Sweet-potato and Garden plants can be had of M. C. Deatrich, on the Leitersburg pike, near the Antietam Junction. *

MARKETS.

PHILADELPHIA, Monday May 3. 1869.—Trade continues dull in all departments, and in breadstuffs the transactions are small. In flour they comprised 100 barrels superfine at $5.50 ℔ barrel, small lots of extra at $5 75@6.25, 200 barrels Pennsylvania do. at 7@7 75. Rye flour and corn meal are very quiet, with small sales of the former at $7@7.25. There is a good demand for prime wheat at full prices, but inferior grades are neglected; sales of 2,000 bushels red at $1-63@1.65, 2,500 bushels Pennsylvania and Michigan amber at $1.75@1.85, and 50 bushels white at $2. Rye is steady, with sales of Western at $1 43@1 45. Corn is scarce and firm, with sales of yellow at 88@89c, and 2,500 bushels high Western mixed at 85@87c. Oats are selling at 60@70c for Western, and 60@70c for Southern and Pennsylvania. Seeds—Cloverseed is active at $8.50@9 50 ℔ 62 lbs, the latter rate from second hands. Timothy is firm at $4.77. Whisky sells at 93@98c ℔ gallon, tax paid.

PROTHONOTARY.—W. H. McDOWELL will again be a Candidate for Prothonotary, subject to the decision of the next Union Republican Convention. Chambersburg, May 7.

PROTHONOTARY.

To the Republicans of Franklin County:—At the solicitation of numerous friends I am induced to again offer myself to your consideration as a Candidate for the office of PROTHONOTARY OF FRANKLIN COUNTY—subject, however, to the decision of the Republican Nominating Convention. No County Officer has deen elected from this portion of the County for a number of years, and being the oldest candidate for that position now offering, I hope that this consideration may be allowed to have due weight, in the selection of those who are to be the Candidates of the party, at the ensuing election.
