TALMAGE'S PAPER .- THE CHRIS TIAN AT WORK (New York) ranks with the best of the religious weeklies. Dr. TALMAGE is its active editor, and his sermons are published exclusively in its columns. The terms, \$3,25 per annum, cover everything, including postage and delivery of the new premium, a "Port tolio of Twelve Gems," or a copy of LANSEER'S "Twins." Without the premium it is only \$3 per annum, postage prepaid, as above. Agents will find this a success.

\$500 REWARD .- The frequent burglaries and highway robberies perpetrated in our midst recently by a gang of outlaws have produced quite a sensation, and it will be observed by an advertisement in this issue that the Sheriff and County Commissioners have taken proper steps to bring the ecoundrels to justice, by offering a liberal reward for the apprehension of the parties implicated in these public outrages.

It behooves every good citizen to guard well his premises, and put himself in communication with the Sheriff, who is deter. mined to use his best efforts to bring about in warrant 2790, Millstone township; the arrest of these vagabonds who are tax and costs \$260,20. preying upon society

A MECHANICAL INDEX .- In the

Registry of Deeds office, in Dublin,

there is an ingenious invention by

which through the agency of a me-

chanical index and the use of printing

and photography, searches in that office

are to be facillitated. The invention

comprises the substitution of a simple

mechanical index for the numerous

books now in use, and the application of

printing and photography in producing

the transcripts or copies which are re-

quired. The index is placed in a

wooden case about the hight of an ordin-

ary office desk, and consists of a roll of

suitable paper, which is coiled round cyllinders, which in the model are

turned by handles at the side. If a

person wants to know whether there is
