The Brookville Republican says:-Monday afternoon a sad and fatal accident occured near the residence of Dr. Hunt, in this borough, by which an infant child of Mr. Harry Katz, of Eldred township was almost instantly killed. The mother had been in town and was returning home, seated in a rocking chair in a common lumber wagon, holding the child in her arms, when the wagon wheel struck some building stone on the road side, throwing the child from her arms, striking the ground and inflicting injuries that resulted in death in a few minutes. The corpse was taken into Dr. Hunt's and after a short time was carefully coffined and taken to the home of its parents during the evening. The sorrow of the mother cannot be expressed, and in her great affliction she had the sympathy of our people.

A Most Useful Article in every household is a sewing machine. The Wilson Shuttle Sewing Machine combines in every degree the most perfect machine yet invented. It is elegant in finish, simple to learn, runs smoothly and quickly, and what is more important is the cheapest. The Wilson Machine has received the highest praise from all who have used it, and stands at the head of all sewing machines. Machines will be delivered at any Railroad Station in this county, free of transportation charges, if ordered through the Company's Branch House at 327 and 329 Superior St. Cleveland Obio.

They send an elegant catalogue and chromo circular free on application.

He was taken to his residence on Grant street, where an examination was held by the doctor, when it was found that his collar bone was broken and his shoulder badly crushed. He laid at the point of death for fifteen hours, but he is now getting better, and Dr. Langfitt, the attending physician, informs us that it is his opinion the man will get well.

Burglary. Saturday night the store of Wellman Brothers, in Brockwayville, in which is also the Post Office, was entered by burg. lars, and and all the loose scrip and nickle in the money drawers, and some postage stamps taken. An effort was made to blow open the safe with powder, but the first effort was not successful, the powder bursting inside; and not making any opening. Another effort to open the safe was made from the back, a hole being drilled for another blast, but they made so much noise that the wife of one of the Wellman's was wakered, and the burglars finding they were discovered, made good their es-

Constable A. K. Morey and Mr. Joseph Taylor started in pursuit,-the burglars having about four hours start of them,and followed up their trace down Mill creek to Port Barnett, and from thence to Knoxville, where they discovered the party they were after had taken their breakfast. From Knoxville they were traced over and through all the rough roads and by ways possible until arriving at Troutville, Clearfield county where they came upon the game they were after, and made the arrest of two men, bringing them to Brookviile on Monday morning, when they had a hearing before 'Squire Maize, and the evinence being conclusive, were committed to jail to await trial at the ensuing term of court. On their examination they gave their names as Joseph Foster and William Austin. A satchel containing a full set of burglar's tools were found in their possession, together with all the supplies necessary in the business they were discovered engaged in. A map of Pennsylvania, with their route marked out upon it, was also found with them. The horse and buggy found in their possession is supposed to be,

long at St Mary's or Ridgway. To the energy and perseverence of Mr. Morey and his associates, Joseph Taylor and J. S. Barber, the latter leading the trail from Fnoxville, are due the capture of these men. They followed the traces fully sixty miles, and arrested the prisoners within twenty-four hours from the time the crime was committed. - Brookville Re-publican, June 9th.

AN EDITOR'S APPEAL .- As the report that we are very wealthy has gone abroad among our subscribers, and has made them awful slow about paying up, thinking doubtless we don't want the money, we hasten to say the report of our wealth is false in every particular. If ocean steamers were selling at a cent a dozen, we couldn't make the first payment on a canoe. The lightning of poverty has struck us square, and had it not been for an armful of hay our devil managed to steal from a blind mule, our large and interesting family would be without a mouthful to est at this moment. Is not this a sad picture, and can you delinquent subscribers look upon it without feeling the greenback rustle with indignation in your pocketbooks? We do not like to dun you, but we must if you fail to take the hint .- Shena-

doah (Va.) Democrat. The Baltimore Gazette has been publishing reports on the condition of publie halls and churches in Baltimore, with respect to the opportunities they offer for the escape of audiences in case of a disaster such as recently occurred at Holyoke, Massachusetts. As was to have been expected, a large number of the churches and public halls are complete traps, from which a terror-stricken audience would be unable to escape without loss of life and limb. A petition has been addressed to the Balti, more City Council, asking for the enactment of an ordinance requiring the doors of public buildings to be hereafter erected to have their doors hung so as open outwardly. The Gazette properly says that the ordinance should not only require such a precaution to be taken against disaster in new buildings, but in those already in use; and so it should be as to all such buildings

TIONESTA FIRE.-We learn from the Tionesta Republican of last week that the saw mill of Mr. Ditheridge of that place was burned on Monday the 31st of May. The loss was about \$75, 000 and no insurance. About 200, 000 feet of lumber was saved. The mill was the most complete and expensive of any ever erected in that region and its operation gave employment to a large number of man. The fire was caused by a heated journal. The sawyer saw the smoke, but could not locate the fire until it burst through the

The Press says G. W. Ditheridge was in Pittsburg at the breaking out of the fire, but he was in Tionesta before it was out, had men at work cleaning away the debris, and all his plans and specifications for another mill determined upon and under way before he slept. That's what he's going to do about it.

A conductor on the Pennsylvania Railroad recently got himself into an embarrassing situation. Court House Williamsport Pa. General Sheridan's Wedding

Gen. Sheridan was married on Thurs day of last week to Miss Irene Rucker, at the house of the bride's parents in Chica o. None but the members of the family and the General's comrades were in attendance. Among the distinguished guests present were General and Mrs. Sherman, members of Gen. Sherman's staff and their wives, Generals Augur and Pope, and many others -The bridal presents were rich and numerous. The ceremony was performed by Rt. Rev. Bishop Foley, assisted by Rev. P. Riordan, according to forms of the Catholic Church, of which both parties are members. After the collation the bridal pair, accompaied by Colonel and Mrs. M T. Sheridan and Mrs. M. C. Feeley, were driven to their residence, which was handsomely decorated and prepared for the newly mated pair. The General presented his wife with a carriage and two horses. \$5,000 made into a necklace and eardrops, and a pearl necklace. Among other presents was a \$500 lace hand kerchief from A. T. Stewart.

ALL QUIET AT MAHANOY-TROUBLE IN OTHER SECTIONS ANTICIPATED.

Pottsville, June 4 .- Everything is eported quiet this morning about Mahanoy City. The raiders disbanded and scattered throughout the neighboring country. The collieries stopped yester day commenced work this morning unmolested. The only disturbance since the arrival of troops was an alarm early this morning caused by a party of Mahanoy City Modocs firing at a body of riders. There was considerable firing,

and the troops promptly turned out.

Nobody was hurt. One of the soldiers shot yesterday died before morning. Adjutant General Latta and Gen. Siegfried are at Mahanoy City instructing the military and arranging permanent quarters, the citizens having petitioned for their stay until work is freely resumed and confidence established, threats having been publicly made to burn the town It is now a leged the raid was made by the Hazel ton strikers, because they were on the eve of a victory in that region and arranging with the operators to resume work on their own terms, and the arrangement was broken by the resumption at Mahanoy City.

There was much excitement this morning at St. Clair and Woodside, A party of strikers from Heinsherville Glen Carbin and that vicioity have stopped Deming & Co's colliery at Woodside, and driven the miners away. about one thousand men and boys are marching through St. Clair headed by a drum corps, pressing into their ranks the men they meet. It is not known where they intend going.

THE PRESIDENT'S THIRD TERM

LETTER. — REVERDY JOHN-SON'S OPINION OF IT, New York, June 4 .- The Herald publishes a long tetter from Reverdy Johnson, dated Baltimore, in which the writer, giving his opinion of the President's third term letter, says: 'That what sacrifices, if any, the President may have made in accepting the first or second nomination, they have nothing to do with his election for the third term, and whatever abuse he may have been subjected to during the time he has held the Presidency, is equally irrelevant. The Constitution does not prohibit, and the people are at liberty to elect to a third term, but until the time of President Grant, none of his predecessors who held the office two terms gave the most distant hint of wishing to accept the office again, nor was it suggested." The idea of the President that the safety of the country may demand the re-election of a President for the third term, Johnson considers an idle conceit, having no other support but the most egregious vanity The question now agitating the public to a third term. Johnson believes he will not be renominated; or if he iwill hardly receive the vote of a single State. The President seems to regard it as a mere matter of dollars and cents, and Johnson infers that if the salary the President now receives should be secured to him as a retiring pension, would gladly leave the office at the end

of the present term." Pottsville, Pa., June 1 .- A dispatch from Mahanoy City confirms the report that some of the miners had gone to work at one of the colliiers of the Philadelphia and Reading Coal and Iron Company at that place this morning at the reduced rate of wages offered by the coal companies. A dispatch from Tremont this afternoon states the men also reported for work this morning at the East Franklin colliery near that town at the reduced wages offered.
