Elk Advocate. THURSDAY, FEB. 17TH, 1876. Republican State Convention. HEADQUARTERS REPUBLICAN STATE COMMITTEE. HARRISBURG, FEBRUARY 1, 1876. In pursuance of a resolution of the Republican State Committee, adopted at a meeting held in Harrisburg this day, a Republican State Convention, to be composed of delegates from each Senatorial and Representative district, to the number to which such district is entitled in the Legislature, is hereby called to meet in the city of Harrisburg, at twelve o'clock, noon, on Wednesday, March 29, 1876, for the purpose of nominating an Electoral ticket and of electing Senatorial and Representative delegates to represent the State in the Republican National Convention, to be held at Cincinnati, Ohio, on the 14th day of June, 1876. By Order of the Committee, HENRY M. HOYT, Chairman, A. WILSON NORRIS, Secretary.

Grand Centennial Preparations. It is impossible to read the descriptions of the daily progress of preparations for the Centennial Exposition, without being deeply impressed with their magnitude, and the vigor of the efforts now being made in this and other countries, to bring here for exhibition the most wonderful array of curiosities ever collected in any part of the world. Of the artistic and industrial completeness of the Exposition, the most gratifying proofs are afforded by the applications for immense amounts of space, and the care taken in various countries to exclude objects which fall below a high standard of merit or intrinsic interest. The dullness of the times, instead of injuring the Exposition, may lead to its improvement, partly because it affords to many important workers more leisure for perfecting collections than they would have at ordinary periods, and partly because it increases the incentive to seek new markets for all valuable articles. If deficiencies occur in any department of the Exposition, they will probably be only such as may arise from the neglect of some of the individual States to make adequate provision for the representation of their industries and resources; and such defects, however much they may be regretted, will injure the community directly instead of indirectly, diminish the attractiveness of the Exposition itself. It is very desirable, however, on many accounts, that all portions of this country should be well represented, so that the nation as a whole, as well as each portion, may receive due notice and credit.—Steel's Phila. R. R. Guide.

RAILWAY FREIGHT RATES. THE NEW SCHEDULE OF RATES FROM CHICAGO EAST. Chicago, February 11.—The railroad companies which were recently in the pool that has now ceased its operations have agreed to the following rates on fourth class freight: From Chicago to Boston, 55; to New York, 50; to Philadelphia, 45; to Baltimore, 44; grains, these to five cents cheaper. Rates from St. Louis to Boston, 63; to New York, 58; to Philadelphia, 53; to Baltimore, 50; grains are six cents cheaper. From Indianapolis to Boston, 50 to New York, 45; to Philadelphia 50; to Baltimore 47; grains are three to four cents cheaper. From Cincinnati to Boston, 48; to New York, 42; to Philadelphia, 37; to Baltimore, 32; grains, four and one half cents cheaper. From Louisville to Boston, 50; to New York, 49; to Philadelphia, 44; to Baltimore, 39; from Peoria and Perkin to Boston, 60; to New York 55; to Philadelphia, 50; to Baltimore, 49; grains 6 cents cheaper. From Burlington and Keokuk to Boston, 63; to New York, 60, to Philadelphia, 55; to Baltimore, 53; grains, 5 cents cheaper. From Quincy and Hannibal to Boston, 65; to New York, 62; to Philadelphia, 57; to Baltimore, 62; grain 6 cents cheaper. From Rock Island and Davenport to Boston, 65; to New York, 60; to Philadelphia, 55; to Baltimore, 53; grains 5 and 6 cents cheaper. From St. Joseph, Atchison, Leavenworth and Kansas City to Boston, 78; to New York, 73; to Philadelphia 68; to Baltimore, 65; grain 8 cents cheaper. This schedule was reported by the meeting recently held here by all the freight agents of railroads doing business directly with the points interested in the change, or by means of other roads. It is based on actual mileage.

Washington, February 11.—At last the Centennial bill, appropriating \$1,500,000 is safely through both houses of Congress, and only awaits the signature of the President, which it will doubtless receive tomorrow. The debate in the Senate has been intolerable monotonous, and was utterly without excuse in view of the fact that they all knew that nothing would have the slightest effect upon the final result. There is necessity for an amendment to the Constitution making a man ineligible for the Senate until he shall have served two years on the editorial staff of a morning paper 22x28, and has acquired the art of getting all the news within that space. If the sixteen absentees had been present the vote on the bill to-day would have stood 49 to 23. The Democrats present divided equally, eleven on each side.

Cincinnati February 14.—The Coroner's jury in the case of the persons killed at Robinson's Opera House February 5, returned a verdict to-day that the people came to their death from shocks and injuries, the result of a stampede caused by a cry of fire raised during the performance by a person unknown to the jury, and from the over-crowded condition of the house. We find it was almost an impossibility to gain an exit, and under these circumstances these persons were unable to escape. The jury express the opinion, that had management been displayed in placing so many tickets on sale.

Ridgway Township Election. Held Tuesday Feb. 15, 1876. Justice of the Peace. J. D. Fullerton, D. 147 J. O. W. Bailey, R. 85 School Directors. O. B. Grant, D. 8 years N. T. Cummings, D. 3 years James Gardner, D. 1 year D. C. Oyster, R. 3 years B. F. Ely, R. 3 years H. M. Powers, R. 1 year Supervisors. James Riley, D. 113 O. B. Fitch, D. 118 John Cassery, R. 01 P. A. Mead, R. 07 Constable. J. W. Morgester, R. 04 M. E. Lesser, D. 54 C. W. Barrett, Ind. 33 Assessor. John R. Kime, D. 121 Henry A. Parsons, Jr. R. 89 Assistant Assessors. John Waunsley, D. 148 Geo. Dickinson, D. 135 Charles Mead, R. 64 R. V. Kime, R. 64 Judge of Election. Will Dickinson, D. 137 Capt. James Woodward, R. 75 Inspectors. P. R. Smith, D. 141 James Penfield, R. 72 Town Clerk. M. S. Kline, D. 138 J. M. Schram, R. 74 Town Treasurer. W. H. Hyde, D. 148 Horace Little, R. 71 Auditors. J. S. Powell, D. 146 T. S. Hartley, R. 66 There was 213 votes polled at this election, a larger vote by 75 than is usually cast at the spring election.

The Republican caucus nominees were all defeated, excepting J. W. Morgester, Constable, who received 87 majority over Lesser and Barrett together. The Republicans elected their inspector of election, because there was no opposition. A Sad Story. DEATH OF THREE MEMBERS OF THE CAMPBELL FAMILY AT HIGHLAND, OF TYPHOID PNEUMONIA. Mr. Thomas Campbell, an old resident of Highland, this county, died at his residence of typhoid pneumonia, last Tuesday evening, aged about sixty years. Mr. Campbell is well known to most of our readers and although he had his faults, like other men, he was one of the kindest, and most generous hearted men we have ever known, and his death is a loss to the community. Although he had always been a hard working man, he was in comfortable circumstances at the time of his death. Mrs. Thomas Campbell, died about a week ago, and it has been but a short time since John Campbell, the youngest son of the family died. Thus within ten days three members of this family have passed from the present to the unknown hereafter. Send in your orders for job work.

The weather is colder than blazes. There is some prospect for sleighing. Last Tuesday was a bad day for Republicans. Potatoes are selling in Erie county at fifteen cents a bushel. Several rafts were run on the flood this week. Remember we do job work cheaply and neatly. "Old Prob." is pretty good authority on the weather. Gene says February has five Sundays, and the almanac only calls for four. How is this Gene? We will give a list of all the township officers elected, at the recent election, next week. Go to Company H's Hard Times Party next Tuesday evening. Tickets 70 cents. This is the last number of volume 5, and a good time to pay your subscription. FEBRUARY.—This month, which is chiefly noted for its chilly, disagreeable, hybrid sort of weather, was gotten up by Numa Pompilius, the same old heathen who trumped up January. It is noted for its rain and snow and general disagreeable characteristics. Its air is harsh and penetrating. Its gloom is notorious. We never expect much from February, and we are seldom disappointed. In fact, so seldom is it fair that bad men are attached to pleasant weather in February. Says a Scotch complot: "A' the month o' the year 'Curses a fuil febrer'."

NEW STATE LEGISLATURE.—An entire new Legislature will be chosen in this state next year, according to the provision of the new constitution. The Senators chosen in 1875 were elected to serve three years, and those in 1876 one year. With the next session of the Senate, therefore, the terms of all Senators will expire, and the election of 1876 will be for 201 members of the Senate to serve two years and 90 members of the Senate. The Senatorial districts are numbered from 1 to 50 inclusive. Those chosen in 1876, from the even numbered districts, will serve two years, and those from the odd numbered districts, four. At all elections, subsequent to 1876, Senators will be chosen for four years. We shall make the most imposing display of precious metals at the Centennial exhibition, which has ever been made by any nation. New York, February 14.—An important ruling was made in the United States Circuit Court to-day by Judge Wallace in the suit of Berri vs. Adams Express Company, before a jury: The case involved the legal construction of the clause in the express company's receipt limiting its liability to 50 cents unless the value of the package shall be stated by the shipper at the time of shipment. The court ruled that the receipt was a binding contract, and that as the plaintiff did not state the value of his shipment at the time of delivery to the express company, responsibility of the latter was limited to fifty dollars, and plaintiff could only recover that amount, even though the actual loss had been occasioned by negligence of defendant.

State Notes. The next State Sunday School Convention will be held at Reading, June 13, 14 and 15. Soranton has an underground slaughter house to which stolen cows are taken and butchered. Oil bears a better price now than it has for two years. It brings about \$2 per barrel on the cars—against forty cents a year ago. The Meadville Gas Company has recently reduced the price of its gas: This does not prevent the use of refined oil in that city. A family named Cornelius in Huntingdon county has triplets who are seven years old and in good health. Their names are U. S. Grant, W. T. Sherman and J. W. Geary. A dozen Pennsylvania tramps broke into a church and held service, but a jury decided that their religion had no such whiffy in it and they were sent to do service for the State. The scene on the Centennial grounds is said to be suggestive of a human beehive. It is one of the most gratifying spectacles of activity ever witnessed. The people of Philadelphia are beginning to become alarmed on the subject of an ice supply for the Centennial. If this weather continues much longer their solicitude will grow into a panic. The flower beds at the Centennial grounds will be magnificent features. More than \$2,000 hyacinths and tulip bulbs have already been planted, which with thousands of other beautiful plants will be in full bloom on the opening day of the exhibition. The collectors of Copy, for 1875, have returned seventy-five houses and lots to be sold by the County Treasurer for non-payment of taxes, besides a couple of hundred vacant lots. Recent oil "strikes" in Bradford county promise to send the oil area northward. Some thirty new wells are now going down, and it is estimated that seventy-five thousand dollars a month is now expended in oil developments in that region. One day recently Mr. Charles Bennett, who lives about five miles north of Segertown, went to his barnyard to shoot a chicken. He fired and killed the bird; but the ball striking a stone, glanced off and killed a valuable cow which was standing near by. A girl who was married in Parker city last Tuesday evening did not know what township she was born in, although her parents reside in Clarion county. But so long as her husband didn't marry her for the purpose of producing heirs, perhaps it doesn't make any material difference about the township. He got the girl. The Philadelphia Express wants somebody to invent a good abbreviation for the long name of that city so that correspondents and others may not be unnecessarily wearied in writing it. It thinks Pa. too paternal, and that Phil. belongs exclusively to Sheridan. What's the matter with Phila? Is it too suggestive of one-course to be used during the Centennial show?

News Items. Eight thousand friends in Iowa propose the construction of the galena. Franklin Hulbert and Mrs. Marshall, of Chicago, have got up a walking-mat. The emigration returns of Liverpool for last year show a decrease of 33,902 persons. Brooklyn is to be lighted with oil because of the exorbitant charges of the gas company. A Nebraska paper says that there is a great scarcity of marriageable females out there. Michigan owns a million acres of public land appropriated for school purposes, and yet unused. The New York theatrical agencies are said to be suffering from a dearth of applications for employment. The British government expects to have six 81-ton cannon ready for service before the end of the year. The habit of secret drunkenness, it is said, is becoming very common among English public-school boys. Seats in the New York Cotton Exchange, having a nominal value of \$5,000, can now be bought for \$1,000. Thirty-two sales of short-horn stock took place in Kentucky last year, in which 1,558 animals were sold for \$665,936. "Cold tea" is what they graciously call whisky in the restaurant of the United States House of Representatives. A large number of European Jews are going to purchase the Holy Land of Turkey with a view of going there in a body. A recent inspection of the Chicago public school buildings has brought to light the fact that the ventilation in many of them is bad and the exit defective. Yellowstone-Park tourists are seriously damaging the curious calcareous formations which abound there by breaking off portions as specimens and mementoes. A citizen of Somerville, Mass., was surprised by the delivery of a coffin at his house, and later a hearse and eight carriages came. It was the joke of a lunatic. Prof. Henrichs, of Des Moines, says that seventy-five years hence Iowa summers will be like those of Louisiana, and the winters like those of Delude. At the time of the Revolution there were 25,000 Baptists in this country. There are now 1,750,000. Then they had but one college; now they have thirty. A "free-school guard" organization has recently been started, with headquarters in Washington, which has already a membership of fifteen thousand. A young man of East Jaffray, N. H., who went to Finland a few years ago to make his fortune by raising grapes, has gone home a sadder and wiser man. He lost \$2,000 in 1874 and \$3,000 in 1875. During the last six months the number of gallons of spirits produced in the United States was 29,100,892, against 28,260,212 for the corresponding period the year before, a falling off of 2,159,820 gallons. It is proposed to abolish the State Fish Commission of Maine which has cost the State \$21,000 during the past seven years, on account of the positive injury done to the fish through the efforts of the members. It is feared in California that the law which allows women to hold educational offices is only a stepping-stone for women suffrage, and a bill has been introduced in the Legislature to repeal the act. Three women are now holding the office of county superintendent in different sections of the State. The bill dividing cities of this State into five classes makes the following classification: Three hundred thousand, first class; less than 300,000 and exceeding 100,000, second class; less than 100,000 and exceeding 50,000, third class; less than 50,000 and more than 18,000, fourth class; less than 18,000 fifth class. Philadelphia is in the first class; Pittsburg, second class; Allegheny, Scranton and Reading, third class; Harrisburg, Erie, Lancaster and four others, fourth class; York, Easton, Altoona, Titusville, New Castle, Oil City and twelve others, fifth class.

CHEAPEST AND BEST. PETERSON'S MAGAZINE. POSTAGE PRE-PAID ON ALL SUBSCRIPTIONS.

Every subscriber for 1876 will be presented with a superb, large-sized steel engraving of Trumbull's celebrated picture of "The Signing of the Declaration of Independence." This will be "Peterson's" Centennial Gift.

"Peterson's Magazine" contains, every year, 1000 pages, 14 steel plates, 12 colored Berlin patterns, 12 mammoth colored fashion plates, 24 pages of music, and 900 wood cuts. Great improvements will be made in 1876. Among them will be a series of illustrated articles on the Great Exhibition at Philadelphia, which will alone be worth the subscription price. They will be appropriately called.

The immense circulation of "Peterson's" enables its proprietor to spend more money on establishments, stores, &c., &c., than any other. It gives more for the money than any in the world. Its THRILLING TALES AND NOVELLETTES Are the best published anywhere. All the most popular writers are employed to write originally for "Peterson's." In 1876, in addition to the usual quantity of short stories, FIVE ORIGINAL COPYRIGHT NOVELLETTES will be given, by Mrs. Ann S. Stephens, Frank Lee Benedict, Mrs. F. H. Burnett, and others.

Ahead of all others. These plates are engraved on steel, TWICE THE USUAL SIZE, and are unequalled for beauty. They will be superbly colored. Also, Household and other receipts; in short everything interesting to ladies.

N. B.—As the publishers now prepare the postage to all mail subscribers, "Peterson's" is CHEAPER THAN EVER; in fact is the CHEAPEST IN THE WORLD.
