The spring fires in the northeast have been unusually destructive this year, and a great deal of loss and suffering have been entailed. These fires are still raging in many localities and will continue until they exhaust themselves, or copious showers ensue. In the meantime thousands of people have been left destitute.

A TERRIBLE accident occurred at Roach's ship yard, Chester Pa., last Tuesday morning. The Saratoga, a large iron steamship, was launched at eight o'clock. About forty men were under the vessel at the time of the launch, and not hearing the order to come out seven men were killed and several wounded. The scene after the accident is described as heart rending. About 1500 men are employed at the yard, and the friends of nearly all of them rushed to inquire for them.

Mr. Clark's productions including "When the mists have rolled away," and the "Two Villages" are known and sung throughout the land, their beautiful melodies, choice poetry, and rare adaptation of music to the words rendering them universal favorites. We append the opening stanza of "Nowhere to go:" Homeless to-night and with no one to pity,
