Billious headaches are caused by the blood being overcharged with Carbonaccous matter. It is commonly called "thick," and "impure." There is too little waste, or effete matter thrown off from the system, compared to the nutriment taken into it. The system may be likened to a stove.

Abundance of fuel has been introeuced, and burning down the drafts become clogged with ashes and cinders, and the fire burns only feebly. It must be cleansed, then the fire will burn again. So with the system when it becomes clogged. It must be cleansed. Some headaches are nervous-i c. the nerves are irritated and weakened. They need a nerve medieine, but a nerve medicine will not act when the system is clogged. Dr.

The remainder of the gang had fied. remainder of the gang had fied. New York, July 10.—A special from San Aantonie says a train, en route from Chihua-hua to San Antonio, Iaden with specie, was attacked Sunday afternoon by thirty-five white and Mexican highwaymen on Sio Creek, fifty-two miles from San Antonio, The train contained twelve wagons, and twenty men were with it. After a desperate fight the robbers were driven off losing several killed and wounding Major Domo, of the train. Frank Grimsiger, and a Mexican were killed and several others of the train people wounded. No such outrage has oc-curred since the war. Fenner's Blood and Liver Remedy and Nerve Tonic both cleanses the system and builds up the nerves and so cures all those diseases by removing the cause.

It causes the liver to throw off its bile. It cleanses out the entire Alimentary Canal and rids it of worms and other vermin that inhabit an unhealthy stomach and boweis.

It completely cleanses and purifies the blood, and at the same time strengthens and heals the Stomacl Nervous System, Heart, Lungs, Kidneys and all other tissues.

Dr. Fenner can cure any headache in 3 to 10 minutes with his Golden Relief, but the Blood and Liver Remedy and Nerve Tonic prevents their coming on again by removing the cause.

No QUARTER -- A man who looked as dilapidated as the last rose of summer went into the Franklin House recently, and with confidence in human nature and himself depicted in his every movement, strutted to the gentleman present to trot out some of his best brandy. Mr. Barr obeyed the order with alacrity. Millionaires in rags are sometimes to be found in a mining country, and Barr had learned by experience never to despise a man because he wears a ragged coat. The stranger poured out and swallowed a glass of that best teigart brandy. Then he went down into his pocket for a quarter, as the barkeeper and bystanders supposed ; but he didn't

bring up any quarter, but only a piece of a pocket-hand kerchief that looked as if it had spent years about the coal schutes. Wiping his mouth and eyes with the rag he drew a deep sigh and said to Mr. Barr who aas now gazing over his spectacles 'Have you heard about this terrible war in Europe ?" "Oh, that's too thin," replied Barr, "hand out a quarter for that brandy, you old stiff." "Patience, patience, my friend," returned the "old stiff," can you tell me why I am like the barbarian Turk when he gets a Russian soldier in his power ;" "No I can't," snapped Barr who was now getting mad. In the great coal mining case, on trial at Pittsburgh since the 22d of May, a verdict was rendered on Saturday in favor of Grayson M. Prevost, of New Jersey, for \$128,808,41, the full amount claimed. The jury deliberated only a little over two hours.

At Litiz, Lancaster county, a committee has been appointed to collect funds to pay for the arrest and prosecution of the vagabonds with which Warwick township has been so long overrun. Quite a sum of money has been already subscribed to rid the neighborhood of the tramps.

Earnest Kohler, vestryman of Zion's Lutheran church, Lancaster, on Sunday night was gagged and robbed of about \$126 by three highwaymen. The money was collected in the Sunday school of the church. Mr. Kohler was on the way to pay the money to the secretary of the Sunday school when robbed.

Last Wednesuay Louis Watters, of Allegheny, left home depressed in spirits. On Saturday several boys found his dead body in the Allegheny river. His legs were tied together, and thus pinioned it is supposed he threw himself into the river from a raft. The suicide was the result of brooding over the prospective loss of property purchased by him to which the title was worthless.

H. Y. Arnold, deputy collector of customs at Chester, having refused to resign at the request of Collector Tutton, Captain Wm Frick has been sworn in, and on Saturday there were two deputies on duty. The attempted removal of Arnold has not been approved by the treasury department at Washington, and Secretary Sherman on Saturday telegraphed to Tutton to delay action in the matter.

Two robbers broke into the residence of Phares Brubaker, Lancaster county, and one of them approached Mr. Brubaker with a candle in one hand and a pistol in the other.
