I told you so, and the wedding has come off all ready. This time Miss Katie Schack to a friend of hers from Ohio. And the boys got up one of the most infernal SCIMILTOUS that ever disgraced the town. Pistols and guns were fired, cow bells rung, anvils and old saws pounded and yelling indulged in until people two miles away thought the materialized spirit of Capt. Jack and his whole tribe of savages had taken posession of the town, and they kept up this halabaloo until three o'clock in the morning, but all to no avail, they could not get the young man out. There he lay and slept the sleep of the just amid all this din and clatter and turned out n the morning as fresh as a new blown rose, While the rioters looked the next day like the last rose of summer. Don't tell anybody, we are going to have another wedding, and I

uppose another scimilitous. They have been playing the dickens at well No. 3, blowing the boiler into just exactly nine million pieces. In fact there is nothing left but hole in the ground, nobody hurt, all gone to breakfast,-and now they have got a fifty orse-power boiler and will bring out those fast tools or bust a goose egg. If perseveronce and energy meets with its just reward he parties putting down this well will reap a

EDITOR ADVOCATE:
DEAR SIE:-The following appeared in the Democrat of last week : "There is too much drunkeness among the boys in their teens in Ridgway. We advise their parents to look into the matter a little

more closely." Now, we have heard of editors minding their own business, but who ever heard of an editor who attended to other people's business nore than his own, except the editor of the Democrat. As every one in the community well knows he seldom issues a paper without slandering some person. For what purpose he wrote the above local we can conceive no idea, unless it was to create the impression Ridgway are all Murphy's but we do claim that there is more gentleman about then than the above named editor, as they are not forever making insulting remarks about their neigbors.

Working of Moffet Liquor Register. Richmond, Va., October 4.-The first official returns under the Moffet register liquor law in this city for seventeen days in September show that the number of malt drinks sold in that time was 135,550, and alcoholic drinks nearly 127,000; the tax thereon amounting to \$3,850. This amount averaged through the year and added to other sources of liquor revenue makes the annual aggregate for Richmond \$102,640. Richmond heretofore paid about one-fifth the liquor revenue of the whole state; such being the did not at once arise there was a cessacase now the total liquor tax in the state will aggregate about \$500,000.

IMPORTANT TO MERCHANTS,-Many groeerymen and other dealers in to bacco are in the habit of cutting plugs of tobacco up into small pieces and retailing them from cases, jars, &c., which is a technical violation of the 100 100 80 95 Internal Revenue laws. Tobacco can only be retailed from stamped packages, and to sell it otherwise than from the original stamped package they are liable to seizure. Peremptory orders are issued to revenue agents and deputy collectors of Internal Revenue to seize all tobacco not found in stamped packages. Penalties are inflicted for not destroying stamps on eigar boxes and tobacco packages as emptied. If all engaged in the sale of tobacco and cigars read this and day about 2,500 school children were comply with the requirements they will save money and trouble.

He hadn't a dol. lar to his name, but he had cheek enough to carry him to Omaha. The Court appointed counsel for him, and as the case was a clear one he was pay one dollar fine and costs of prosecution, and suffer confinement at hard labor in the Western Penitentiary for two years. As the graceless scamp was leaving the dock, he turned to the Judge, and with all the assurance and dignity of a Rothchild, asked. "If it please the Court, may I ask what is the amount of those costs." The sublimity of the fellow's cheek was almost two much for the dignity of the Court."

KEEP IT IN THE HOUSE How often are people attacked with violent pain, cramps or diarrhœa in the dead of night and compelled to send away for the doctor at great trouble and expense to themselves and he doctor's annoyance? Now this proceeding is not at all necessary. A bottle of Dr. Fenner's Golden Relief should always be kept in the house. It will relieve any of those affections in from three to thirty minutes, and it will also relieve a painful neuralgia, toothache, carache, sorethroat or rheumatism just as readily. The doctor could not possibly prescribe a better remedy or better nursing than that accompanying its directions.

Some idea of the magnitude of the petroleum trade in this state, and the immense amount of capital invested in it, may be formed from the fact that there have been sunk 20,000 wells, the estimated cost of which is put down by the best authorities at \$170,000,000. These wells have yielded about 88,000,-000 of barrels, valued at the wells at \$300,000,000. In a row in Philadelphia between
