OF PHILADELPHIA.

Professing to be an honest man, the candidate of an honest organization I favor honest money.

The volume of the currency should be regulated by legitimate demand, and not by the requirements of bankrupts and wild speculators.

The currency should be redeemable as early as the exigencies of the Government will permit, in the currency recognized by all civilized nations.

The contracts of the Government should be held as sacred as the contracts of individuals, and the bonds, the evidence of its indebtedness, should be paid according to the understanding between the Government and the lender.-[Speech at Butler, Sept. 2, 1878.

tary of the treasury has addressed the following notice to the United States treasurer: TREASURY, DEP'r, Sept. 7, '78.

Hon, James Gilfillan, Treasurer U. S.: On and after the 16th day of this month you are authorized at the treas. ury in Washington and at the several sub-treasuries in the United States, to exchange standard silver dollars for United States notes. Very respectfully,

JOHN SHERMAN, [Signed,] Secretary.

Ben. Butler Nominated for Governor. Boston, Sept. 11.—The State Convention of the independent greenback party of Massachusetts met to-day, nearly one thousand delegates occupying the seats.

Among the delegates was one lady, Mrs. Josephine R. Stone, of Boston. Hon. B. F. Butler was nominated for Governor on a rising vote, and three cheers were given for the nominee.

The resolutions which were adopted unanimously call on the people to declare their independence of false guides and regain the priceless rights bequeathed to us by our patriotic sires; declare that an economical government can and shall be established; demand the immediate repeal of the resumption act, and that the public lands be reserved for actual settlers; oppose the letting out of convict labor; demand that all persons shall have the right to deduct from the value of their estates the sum of the mortgage thereon, and said mortgages STEREOPTICONS AND MAGIC should be assessed to the persons to whom they are due. It is further

Resolved, That the liberties of this people imperatively demand that the far-reaching and deadly hand of capital as it appears in the infamous mon- Micro-scientific Lanters, opoly known as the Associated Press must be torn from the throat of public intelligence. The telegraph companies must be forced to sell the daily news upon equal terms to any paper.

Adjourned. M. T. Reedy, of Wallacetown, Clearfield county, was arrested on Thursday, the 29th ult., by a U.S. Marshal, on a charge of taking a letter or package from the P. O. at Phillipsburg, before the same had been delivered to the person to whom it was directed, with a desire to obstruct the correspondence and pry into the business and secrets of another. Mr. B. was taken to Johnstown, and after a hearing was placed in \$1.000 bonds to appear at the October term of U.S. Court for trial. The prisoner explained the trouble by stating that he had been instrumental in capturing some of the friends of the complainant who were engaged in counterfeiting, and that the prosecu-

tion is a matter of revenge. The "bulls" and "bears" in the Titusville oil exchange have tremendous encounters, in which the bears, as a rule, carry off the fruits of success-

-Negroes in New Orleans believe the height of the fever has been reached. Their faith is founded on a prophecy. Last New Year's day a negro sorcerer in an incantitation said that a plague would come over the south this summer with terrible effeet, killing whites and negroes alike. It would continue, he claimed, until the number of degrees registered daily on the thermometer should be equalled by the number of daily deaths. During the past few days it seems there has been a singular coincidence between the death rate and the height of the thermometer, and the negroes are reported to be very jubilant and confident that the crisis has been reached and that deaths will now decrease in number.

-At Rosendale, New York, two men named Cummings and Miller have a controversy for the possession of the quarries of the New York cement company. The difficulty culmined in a fight between the contesants and their men. The Hon. Isaac Becker, manager for Cummings, and his son were both shot and dangerously wounded. The Cummings party were finally driven away, after about thirty shots were fired, and the Miller party, numbering fifty persons, remain in possession. They are headed by two sons of Mr. Miller, president of the company, one of whom is charged with shooting young Becker. The Cummings party had prepared for the attack by laying a mine. Their battery failed to operate, or a great loss of life would have ensued. This controversy grew out of the company leasing the quarry to Cummings and then attempting to regain possession. EMPLOYMENT FOR LADIES AND GEN-TLEMEN AT HOME.

Our attention was recently attracted by an advertisement in another paper to the " American Housekeepers' ' Scale and the extremely low price induced us to send for one to use in our kitchen.

We find the scale the most convenient and valuable household article we have! It is worth five times its cost, in testing grocers' packages, putting up preserves, making cake, etc. W. H. Thompson & Co., No. 235 Washington street, Boston, Mass., are the manufacturers, and they have the most complimentary Testimonials of the Scale possible to be written. They have as yet no General Agent for this County; and as the Scales are sold exclusively by canvassers to families, we cheerfully recommend the article for the benefit of our numerous lady readers, and partles wanting honorable employment.

N. Y., "Christian Union," N. Y., "Frank Leslie's Illustrated Newspaper," New York, Church Union," N. Y., Boston "Traveler" · Herald" and "Post," and hundreds of other papers, all speak in the highest praise of the Scale, its low price, and convenience to housekeepers.
