Newspaper Laws

1. A postmaster is required to give notice by letter, (returning a paper does not answer the law) when a sub-scriber does not take his paper out of the office, and state the reasons for its not being taken ; any neglect to do so makes the postmaster responsible to the publisher for the payment.

2. Any person who takes a paper from the postoffice, whether directed to his name or another, or whether he has subscribed or not is responsible for

the pay. 3, If any person orders his paper discontinued he must pay all arrear-ages, or the publishers may continue to send it until payment is made, and collect the whole amount, whether it be taken from the office or not. There can be no legal discontinuance until the payment is made.

4. If the subscriber orders his paper to stop at a certain time, and the pub-lisher continues to send, the subscriber is bound to pay for it, if he takes it out of the post-office. The law proceeds upon the ground that a man must pay for what he uses

5. The courts have decided that refusing to take a newspaper and peri odicals from the post-office or remov-ing and having them uncalled for, is prima facia evidence of intentional fraud.

Local Notes

-Green corn and late peas. -Boys still go in swimming. -Warm weather still continues. -Grapes will soon be in market.

-About these days doctor your corns. -You cannot now lawfully eatch brook trout.

-For September term jury list see another column. -As sly as you keep it the sum-

mer is on its last legs.

-Blackberries and pumpkin pies. The one now the other this fall. -The deer hunting season con mences Oct. 1st and ends Dec. 16. -The new addition to the Catholic Church has received a coat of paint. -New article of food, Fresh (not

corned) Beef, in 2lb cans at Morgester's. -Light running, Latest Improved,

DOMESTIC, at prices never heard of before, at Mrs. W. S. Service's. - -Morgester will have in stock by Saturday, 1 Bbl. Cabbage; 1 Bbl. Sweet Potatoes; 50 Water Melons; 34 Cantaloupes.

The Storm Tuesday. TWO MEN KILLED BY LIGHTNING NEAR TROUT RUN.

[Williamsport Gazette & Bulletin, Sist ult.] A terrible accident occurred Tuesday afternoon near Weed's mill, six miles above Trout run. During the violent storm that prevailed in the afternoon, a number of mem took refuge in the barn of Daniel Moyer, at the point named. They had not been there long when lightning struck the building, instantly killing James Bastian and David Brosious, and stunning several of the other men. The barn was not much injured. As soon as possible after the terrible disaster, the bodies of the unfortunate men were removed to their homes. Bastian leaves family, one of his daughters having

been married to Brosious.

LATER PARTICULARS. Since the publication in the evening edition of the Gazette and Bulletin of the terrible accident near Trout Run on Tuesday afternoon, resulting in the killing of two men by lightning, further particulars have been received. When the storm was observed to be approaching eleven men and a team of horses took refuge in a barn, and when the fatal bolt of lightning descended ten of the men were prostrated. The eleventh man was engaged in holding the horses, which kept him on his feet. One of the men knocked down was killed instantly, and another only breathing a few gasps after falling. The others were all more or less stunned, but escaped with their lives. The sad affair has caused a profound MILLINERY AND DRES SMAKING sensation in that neighborhood and it is the theme of conversation in all circles.

HOUSE STRUCK BY LIGHTNING.

The heavy wind and rain storm which struck the city Thursday afternoon did considerable damage here as well as in the country. At Susquehanna, near the end of the Linden bridge, a dwelling house belonging to Mr. Simon Sallade, and occupied by his son Oliver, was struck by lightning and badly injured. Mrs. Sallade was alone in the house when the storm came up, and just as she was in the stairway the shock was felt, but fortunately, she sustained no injury. The bolt apparantly struck the east comb of the building, tearing off the cornice and shattering the studding. Not a weather board was left on the end of the building. When the bolt entered the ground the foundation wall was badly damaged. There was no insur-

ance on the building. RAVAGES IN THE CITY.

Whilst no buildings were struck in the city, as far as heard from, considerable damage was done to trees, shrubbery and vines by the wind. Something like a Kansas tornado on a small scale entered the grounds of Hon. John B. fine plum tree and a favorite Baldwin apple tree. These trees were large and stout, having attained their full growth, but so strong was the whiriwind that they were literally torn up by the roots and thrown to one side. Other yards in the same neighborhood met at the hall of W. C. Healy on the invited guests had assembled to wit- perfluous heat through the skin, the suffered more or less from the violence
