—... A little son aged about two years and three months, of W. H. Arthurs, of Centreville, this county, was horribly burned on Wednesday, 26th ult. The mother of the child had gone to a neighbor's house on an errand and while she was gone the child got hold of some parlor matches, which it set afire burning the clothes from its body. The screams of the child soon brought several persons to the rescue but too late. After suffering intense agony for nearly seven hours death came to the relief of the little sufferer. The child was burned to a hard crisp, and the wonder is that it lived so long. Matches were still in the child's hands when found, and were also scattered around. At first the child was rolled in snow to put out the blaze. It then asked for water which was given it in large quantities. This is, indeed, the saddest item we have chronicled in many a day.

The Patter of the Shingle.

(By request.)
 When the angry passion gathering in my mother's face I see,
 And she leads me to the bed-room—gently
 Lays me on her knee—
 Then I know that I will catch it, and my flesh
 In fancy itches,
 As I listen to the patter of the shingle on my breeches,
 Every tinkle of the shingle has an echo and a sting.
 And a thousand burning fancies into active being spring.
 And a thousand bees and hornets' nesth my coat-tail seem to swarm,
 As I listen to the patter of the shingle, O, so warm!
 In a spatter comes my father, whom I thought away had gone,
 To survey the situation and to make her lay it on—
 To see her bending o'er me as I listen to the strain
 Played by her hand the shingle to a wild and weird refrain.
 In a sudden intermission, which appears my only chance,
 I say, "Strike gently mother, or you'll split my Sunday pants."
 She stops a moment, draws her breath, the shingle holds aloft,
 And says, "I had not thought of that, my son—just take them off."
 Holy Moses and the angels! cast your pitying glances down,
 And thou, O family doctor! but a good soft pillow on—
 And may I with fools and dunces everlasting commingle
 If I ever say another word when my mother wields the shingle.

Wise attempted to deliver a written statement, but Judge Henderson would not allow him to proceed. [This is the insurance conspiracy and murder case for which Drews and Stiehler were hanged recently. Sentence on Wise was deferred that he might testify against Zechman, another of the gang. His evidence was discredited however, and Zechman, after having been once convicted, was acquitted on his second trial.]

A VALUABLE PUBLICATION.—We are indebted to the author for a copy of the above described publication, and take pleasure in recommending it to the large class interested in the information contained therein. As Mr. Bierly is a good lawyer and an investigating and laborious worker, we have no doubt but that the book will meet with a large sale. Hundreds of copies should be purchased in this County, as it will be found to be of great value to lawyers and township officers.—Washington, Pa., Review & Examiner.

A \$175,000 Transaction.
 (Bradford Era.)
 The month of November, 1879, will be famous in petroleum history for its large real estate sales. Yesterday a transfer took place in which the amount of cash involved was larger than that in the sale of the Mooly tract. Marcus Hullings, who has handled more large blocks of oil lands than any man in the oil business, sold his half interest in the Hullings & Guffly tract of 6,200 acres in fee in the Kinzua region, on which there are eight producing wells, to H. L. Taylor & Co. for \$175,000. The lands are about equally divided into two tracts which touch a single point. The southern and western division is found on warrants 3691, 3697, 3698, 3124. Mead Run forms its northern boundary line and the south branch of the Kinzua the southern. The dividing line between LaFayette and Hamlin township serves as the northern boundary for the tract on which the producing wells are located. The entire tract is divided up into forty-acre lots. According to W. J. McCullagh's Petroleum History the land were bought by Mr. Hullings for ten dollars per acre. The tract is about sixteen miles south of the city of Bradford. The first well on it, the Hullings No. 1, located on the south side of the North Branch of Kinzua Creek, was finished at the close of the month of July, 1878. Salt water has been found at two of the wells and at the furthest east in such copious quantities that it was abandoned. The eight producing wells are reported to have a monthly yield of 6,000 barrels, which would give a daily average to each well of 25 barrels.

FATAL ACCIDENT.—A sad accident occurred near Millerstown, this county, on Monday last week, which resulted in the death of Mr. Eli McCall, who resided in that vicinity. Mr. McCall was driving to a field after a load of corn, his horses took fright and ran away, throwing him out of the wagon. His body was caught between the wagon and a tree by the roadside, crushing his left shoulder and several ribs, the fractured bones penetrating nearly to the heart. He was taken to his home and properly cared for, but mortal skill was of no avail, and on Tuesday forenoon his sufferings were ended in death.—Clarion Republican.
—The Clinton county court has just concluded a rather remarkable case. A man named Shaw was indicted in the presence of his family, consisting of a wife and several daughters, by a villain named Hamilton. Shaw in his rage hurled a stone at the villain, which missed him, but in its rebound struck him without inflicting injury. Hamilton brought Shaw into court on charge of assault, and the latter plead guilty to save his wife and daughters from testifying to the vile language used by the prosecutor. Judge Cummin in sentencing him said that Shaw made a mistake in not using a larger stone and taking time and imposed a nominal fine and cost.

Light running. Latest Improved DOMESTIC, at prices never heard of before, at Mrs. W. S. Service's.
—All the Ridgway school children will receive a chromo card free by calling at THE ADVOCATE next Saturday.

Brandy Camp Pencillings.

—Weather changeable.
—Furgason has sold the Wm. Maxwell estate for twelve hundred dollars to J. S. Hyde and intends going to Williamsport with his family.
—Miss Margie McIntosh has an attack of diphtheria. Dr. Williams is attending her.
—A pair of pants has been stolen from the Johnson Run cook bought about one year ago and worth four dollars. The gentleman blamed says he had nothing in his satchel but a pair of little boys boots, but yet the cook blames him.
—Is "Vale" sick or is he visiting or has he gone to pick shells from the shores of tropical seas.
—Last Sunday night he could not go as the horse had a shoe off.
—Locals are scarce this week.
—Last Monday morning before daylight we met something in the road that had a long tail. Following the buck track across the creek we came to his hole at the foot of the hill.
—There is strong talk of more Brandy Camp correspondents.

—One of the disciples of the mountain church sometimes called "Foot-washer" who for the past four months has been trying to strike up a correspondence with several of our county papers will have to give up in despair. Twice he has sent his letters and twice they have failed to appear in the columns of our papers. His main effort is to compose poetry.
—Swamp's ring hunt was a total failure. He himself was not present. Some of the old hunters who knew where the deer runways were, went there and watched thinking perhaps that some of us greenhorns would drive the deer to them. Gentlemen we are sorry you were disappointed after watching so faithful all day in the cold.
—L. C. A. is a brave man or he would not have gathered up his calves after the concert and toted it a mile in the opposite direction from his home. We don't know what he did with it after he took it that far. Couldn't say, perhaps he hid it in a fence corner. It may be he sold out to John Caneo.

**Some of our learned neighbors seem to think that the teacher is not so highly educated as themselves, send in tremendous hard questions such as, "What is an oasis?" "What are three proofs that the earth is round?" But as we suppose, to their great surprise, she answered them readily.
—A car load of chop was unloaded at Dry Saw Mill last week.
—There will be preaching in the red school house next Sabbath.
—The question now is, what shall I get for Christmas gifts? D. C. I.**

A Pennsylvania Border Tale.
 In the Philadelphia WEEKLY PRESS of November 29 is commenced a thrilling Pennsylvania historical romance, entitled "The Brady Brothers; or, Bald Eagle's Nest." Its scenes will be located on the West Branch of the Susquehanna during that bloody and troubled period immediately following the massacre of Wyoming, and "the great runaway." John Brady; his brave and stalwart sons, James and Samuel; Colonels Kelly and Plunkett, Queen Esther, Bald Eagle and other border celebrities of that time will figure prominently. The theme was suggested by the late Brady centennial celebration at Muncy, and is from the pen of Charles McKnight, author of "Our Western Border," "Simon Girty, the White Savage," and "Captain Jack, the Scout."

—Mrs. Barbara Neely mother of Isaac, William, Jesse, Hiram, and Paul Neely, all well known throughout Clarion county, died at her residence, near Bostaph's corners, on Friday morning aged ninety-nine years. From the Derick correspondent we learn that Mrs. Neely was born in Maryland in the year 1780. In 1800 at the age of twenty, she married Isaac Neely, who preceded her to the grave many years ago, and emigrated to this State. Her husband bought of the State some land near the spot where Edenburg is now located, but what was then a wilderness inhabited only by wild beasts and Indians. Their nearest neighbors for several years resided fifty miles away, but eventually more settlers came in and the embryo town of Edenburg was started. In 1819 Mr. Neely disposed of his Edenburg property and purchased a tract of land near Bostaph's corners, three miles from St. Petersburg, where he built a log cabin, into which he removed his family in 1820. Here Mrs. Neely remained until the time of her death a period of about sixty years. She was the mother of a family of ten children, all of whom lived to reach the estate of manhood, and seven, five sons and two daughters, are yet living. The venerable lady always enjoyed excellent health and never knew what it was to have a spell of sickness until the last two or three years of her life.—Clarion Republican.
