THE BEST REMEDY

Diseases of the Throat and Lungs.

nary organs are so provalent and fatal, that a safe and reliable remedy for them is invaluable to every community.

Ayen's Cherry Pro-

CHERRY

CHERRY

AYER'S CHERRY ProTORAL is such a remedy,
and no other so eminently merits the condidence of the public. It
is a scientific combination of the medicinal
principles and curative
virtues of the finest
drugs, chemically united, to insure the greatest possible efficiency
and uniformity of results, which enables
alwaysicians as well as invalids to use it with physicians as well as invalids to use it with confidence. It is the most reliable remedy for diseases of the throat and lungs that science has produced. It strikes at the foun-dation of all pulmonary diseases, affording prompt and certain relief, and is adapted to prompt and certain relief, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it without difficulty. In the treatment of ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effects of Aver's Cherry Pectoral are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household, for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

The marvellous cures which Aver's Cheeny Pecronal has effected all over the world are a sufficient guaranty that it will continue to produce the best results. An impartial trial will convince the most acepti-cal of its wonderful curative powers, as well as of its superiority over all other preparations for pulmonary complaints.

Eminent physicians in all parts of the country, knowing its composition, recom-mend Aven's Cherry Pectonal to invalids, and prescribe it in their practice. The test of half a century has proved its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.
