

SUNDAY READING.

Look Out for Breakers. A writer in the Presbyterian says: There are so many of them on the sea of life. They come to us when we are in the waters of our shore...

Religious News and Notes.

Of the 689 missionaries in India 117 are from the United States. Five graduates of Fisk university have gone to Africa as missionaries.

There are said to be thirty-six Methodist churches in Baltimore, with a membership of 11,600.

There are said to be 134 Baptist churches in the Indian Nation in a population of about 60,000.

The two Church of England foreign missionary societies report this year a total income of \$1,689,940.

Of the graduates of Madison university eighty-six, it is said, have become missionaries among the heathen.

All of the Congregational churches in Chicago, except one—the Union Park church—are reported to be free of debt.

The additions to the Presbyterian churches in Minneapolis, resulting from recent revivals, will number 500 or more.

According to the Baptist Year-Book there are 2,496,327 Baptists in America, the net increase for 1880 having been 163,293.

A bureau has been established in Chicago for the purpose of supplying clergymen with sermons. It is said to be of foreign origin.

There are twenty-seven Protestant Episcopal clergymen, including the bishop, in the State of Delaware. The communicants number 1,980.

The largest Sunday-school in Canada, that of St. James' cathedral, Toronto, although there are on its roll the names of 1,325 children, has only 400. Six average attendance is about 900.

Extraordinary Resuscitation from Apparent Death. A Paris paper tells this strange story: A religious custom has just prevented a person from being buried alive, and, singular to relate, this is the second time the same thing has happened to the same person.

Among the curiosities of the Indian census are the extraordinary professions which some of her majesty's subjects declare they pursue.

The Wonderful Bank of Morocco.

C. Woodman gives this reminiscence in the Expresser's Monthly: Adams & Co. and the Adams express company did a very profitable business in receiving from brokers and others notes of the several banks of the country and presenting them for redemption...

THE FARM AND HOUSEHOLD.

Breaking Cows to the Halter. 'A stitch in time saves nine' in handling cows, as well as in handling clothes. Commence handling the young foals from their very birth.

Farmers' Gardens.

We have had occasion to observe the great increase in the cultivation of flowers throughout the country within a few years, and on riding through some of our larger villages the absence of blooming plants in pots in the windows has been the exception and not the rule.

Farmers' Markets.

Thinking about a piece of corn adds five bushels to the acre, sometimes ten. The fifth rail of a fence is generally worth more than the other four.

Household Hints.

To take grease from floors, rub soft soap on the spots, then press with a hot iron.

Health Hints.

All experience goes to show that people are far more liable to contract disease or contagious fevers on an empty than with a full stomach.

Best Mulching Material.

Mulch is placed about plants to prevent the sun from evaporating the moisture. In many cases it takes the place of cultivation.

Words of Courage.

A great deal of talent is lost to the world for the want of a little courage. Every day sends to the grave a number of obscure men who have only remained in obscurity because their timidity has prevented them from making the first effort.

Strange Professions.

Among the curiosities of the Indian census are the extraordinary professions which some of her majesty's subjects declare they pursue.

Grasshoppers in Turkey.

Turkey, it appears, is overrun with grasshoppers, and the government has been compelled to employ extraordinary measures to overcome the plague.

THE FARM AND HOUSEHOLD.

these to my satisfaction, I now prefer clean straw (old or new) or marsh hay or corn-fodder cut two inches long, less or more. Pine shavings get into the soil and are a nuisance.

Fruit Canning.

Good canned fruit is a stranger to tables of thousands of farmers when it might as easily be used. Fruit is often left to waste and spoil, though a slight expenditure would preserve it for winter.

Drunkens' Stomach.

How many children and women are slowly and surely dying, or rather being killed, by excessive doctored, or the daily use of some drug or drunken stuff called medicine, that no one knows what it is made of, who can easily be cured and saved by Hop Bitters, made of Hops, Buchu, Mandrako, Dandelion, etc.
