tors. Infectious Diseases.....Ready Relief & Regulators

Many diseases that afflict humanity are inherited as heir-looms from the diseased bodies of sickly sires Sorofuls, Consumption, Sphilis, and Fits, are among the most common of constitutional diseases. Now, we care not how many generations the seeds of these diseases may have been established in the system, corrupting the blood—Ratury's Renovating Resolvess will eradicate from the bodies of the afflicted every particle of diseased deposits, and fill the veins with new pure, and healthy blood.

CHILDREN'S DISEASES. Radway's Renovating Resolvent should be halled as a blessing by every mother throughout the land whose infants are afflicted with Sores, Humors, etc. These breakings out (thus are) are with a partial are afflicted.

PROTECTED SOLUTION OF PROTOXIDE OF IRON Having successfully passed the ordeal to which new discoveries in the Materia Medica are subjected, must now be received as an established medicine. Its efficacy is

The procise of its efficacy are so numerous, so well authenticated, and of such peculiar character, that sufferer cannot reasonably hesitate to receive the profered aid.

The Peruvian Syrup does not profess to be a cure-all, but its range is extensive, because many diseases, apparently unlike, are intimately related, and proceeding from one cause, may be cured by one remedy.

The class of diseases for which the Syrup provides a cure is precisely that which has so often basiled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

Those persons who may wish for an opinion from disinterested persons respecting the character of the Syrup, cannot fail to be satisfied with the following, among aumerous testimonials, in the hands of the Agents. The signatures are those of gentlemen well known in the community, and of the highest respectability.

The undersigned having experienced the benedical effects of the "Peruvina Syrup." do not healtate to recommend it to the attention of the public

From our own experience, as well as from the test mony of others, whose intelligence and integrity are altogether unquestionable, we have no doubt of its effect of incases of Incipient Diseases of the Lungs and Broschial Passages, Dyspepsia, Liver Complaint, Dropy, Neuralgia, &c. Indeed, its effects would be incredible but from the high character of those who have witnessed them, and have volunteered their testimony, as we do ours, to its restorative power.

QUEEN'S PORTABLE FORGE:

Doubtless many ef our city readers, in passing the gangs of workmen employed in laying downstreast, had their attention attracted to a portable forge, with bellows and everything complete, and in efficient services. These forges, built upon the plan secured, by O. V. Queen's patent, are for sale at the commodious, long-established, and deservedly popular Stove, Range, and Furnace establishment of WARNIUR, GHAD-WIOK, & BROTHER, corner of SECOND and RAOE Streets, who have the sole right for the sale of Queen's potable Forgs in Fennsylvania.

There are, we believe, five sizes of this forge, ranging in price from twenty-two to forty-four dollars—a sum so small, when contrasted with its merits, as to accure its general introduction; for any one who will for a moment consider the advantages of this forge, which may be removed from place to place, so as always to be on the spot where workers in, iron or other metals are to perform service, whether in original construction or repairs, will at once concede its great efficiency, and arrange for its possession and use. The adaptability of this forge to repairs to railroads and mining machinery especially commends it to railroad companies and operators in the mining districts. We, therefore, take pleasure in calling to it the attention of road masters, superintendents of mines, and others.—[From the United States Railroad and Mining Register of-Stopes.

OERTIFICATE OF DR. HAYES.

It is well known that the medicinal effects of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further exidation, has been deemed impossible. In the Peruvian Syrup, this desirable point is attained by combination in a way before unknown, and this solution may replace all the proto carbonates, ditrates, and tartrates of the Materia Medica.

[GRANDAL CHEACTER. A. Hight-yellowish browncolored spirit, having a fragrant odor; when evaporated,

to lore a spirit, having a fragrant odor; when evaporated from clean lines it left no oil or offondire matter.

A malyzed for volatile and fixed drigs, of which so traces of any kind were found. Its color is proved to be due to a colored resin an extract derived from wood.

ID In every respect it is a pure spiritous liquor.

The fragrance or bouquet which it possesses can be isolated, and it then appears unlike that from Oognae Brandy or Wine, being a fruity essence resulting from a peculiar fermentation of Otamba and Labella Grapes.

ORENICAL CHARACTER.—1, parts in volume of this spirit contains at 60 deg F. 461 2-10 parts of pure alcohol, besides the fragrant oil. 1,000 parts of the spirit afford 22 parts of a strong solution of the oil which characterizes this Hrandy; the spirit left, after removing the oil, is pure and odorless, and in all its qualities a perfect spirit not subject to change. One U. S. gallon of this Brandy at 60 deg. s. contains, besides the spirit and oil, only 220 grs. of matter composed of extract of fruit, gum, and colored resin from wood.

Wines and Lignors. CHESTNUT GROVE WHISKEY.—A desire to lessen the consumption of impure spirits,
knowing their injurious effects upon the constitution,
has induced the offering to the public of an article
which the analyzation of Professor Ohilton, Analytical
Chemist, of New York, and Mesars. Booth, Garrett, &
Oamac, of Philadelphia, proves beyond all question, to
be the most pure and consequently least injurious spirits
ever offered the American public.

CERTIFICATE OF DR JAB. B. CHILTON.
I have analyzed a sample of Chestunt-Grave Whiskey. OERTIFICATE OF DR JAB. R. UHILTUM.

I have analyzed a sample of Chestunt-Greve Whiskey, received from Mr. OHARLES WHARTON, Jz. of Philadelphia, and having carefully teled it, I am pleased to state that it is entirely free from poisonous or deleterious substances. It is an unusually cure and fine flavored quality of Whiskey.

JAMES R. CHILTON, M. D.,
New York, Sept. 3, 1858. Analytical Ohemist.

PHILADELPHIA, Sept. 9, 1885.

DEAR SIR: We have carefully tested the sample of Chestnut-Grove Whiskey which you sent us; and find that it contains none of the poisonous substance known its Fasic Oil, which is the characteristic and injurious ingredient of the Whiskeys in general use. Ingredient of the Whiskeys in general use.

Very respectfully,

BOOTE, GARRETT, & CAMAO,

Analytical Chemists.
