Prompt and efficient measures were thron by the State and Federal troops to suppress the insurrection.

We rether-from letters published in the Richmond Wate, of the 25th ultimo, the following statements. A letter from the senior editor of that paper, who is on the spot, states that the number of the insurrectionary negroes had been greatly exagerated, but that it was hardly within the power of rumor itself to exagerate their afroctities; whole families, father, mother, daurier, one sucking babes, and action children, were butchered by thom, thrown into heaps, and left to be devoured by inors and dozs, or to purtely on the spot. At Mr. Levi Waltor's, his wife and ton children were murdered—he himself was absent, but approaching while the dreadful scene was acting, was pursued, and escaped with difficulty-into a marsh. How, or with whom the insurrection originated, is not certainly known. BY THE RORAPH.

I could not oat, and sleep was a stranger to my eyes. I suffered more than longues can tell. I had the advice and aid of various physicions, and used other remedies, but all of no avail. Having noticed your advertisement in the papers, I concluded to call on a person whom I had learned was cured of a case of 20 years standing. He applied the "SALVE" but once, and I felt immediate refile—a second application removed the pain entirely and I now feel like a different man. Since then I have slept well—something that I have not done for months, being obliged to set up all night in a chair.
