rgeon General Wood, of the army, in which he says that during the present war, the forces being nade up chiefly of volunteers, the public senti ment and the humanity of the age require that the services of women as nurses should be made available in the general hospitals, where, excepin a very humble department, they have heretofor been excluded. As many carefully selected women are in training, in various cities of the loyal States, it is the order and wish of the department that women should be substituted for men in the general hospitals whenever it can be effected, and that such women as have received previous training fo the purpose be accepted as nurses, except when these can no longer be had. And it is ordered that none be received except those who have resented their applications to a lady appointed by the department to preside over the voluntee romen nurses, and who shall have sole authority o select and accept nurses, requiring their age to se above thirty, with cordinates of character and

Troops are moving over into Virginia in large numbers. The Rhode Island regiment and battery, and three other full regiments went out last night. Early this morning there was a movement of troops from various sections of the city toward the Long Bridge; while others went out on the ailroad. It is difficult to ascertain the destination of these-forces; but, we have every evidence that they are ordered to two points, and are to juin the olumns advancing upon Harper's Ferry and upon Manassas Junction. Those regiments remaining in the city are nearly all under orders for march-

night, and were quartered in the Inauguration Ball room, to rest and prepare for marching. A large number of recruits are arriving in the city to fill up vacancies in the ranks of the rerinents from the different States.
