MEETING OF COUNCILS The Mayor Returns I'wo Bills without his Signature—The New Mill House—A Bill to Pay for "Extra Services" of an ex-Clerk—The Death of an ex-Member of Council. SELECT BRANCH.

THEO. CLYLER, p. codens, in the chair. Petitions, Communications, &c. For the payment of damages incurred in the opening Recu threet, First ward. From the Board of I calth, urging the establishm From the Boord of I calth, urging the establishment of a suitable heap-tal for contagions diseases.

Mr. Megary presented a communication from the Chief Engineer of the Water Work, relative to the insufficient supply of water in Frankford, in the Twistry-third ward. He states that the principal reason is to be found in the fact that the main pine on which the late berough of Frankford entirely depends for said enopty is not sufficiently large. It is a main of twelve inches in democrater, and is only a communitient of the kelvick mains of the cld Tietrict of Kensington, having lateral connections, principally it the Nineteenth ward, and before it reaches the Twenty-third ward, much reducing tone it reaches the Twenty-third ward, much reducing its ability to supply any point in the latter ward.

The population of Frankford is about 9,000, which ther require about 360 000 gations of water per day, To supply the quantity would require a pipe of about 19 inches in diameter, without connections, and having sufficient momentum derived from the height of the the late borough, but at present the main is only 12 inche in discover. As has been previously stated it has numerous connections, and the momentum or head, is not rehable as the Kensington Darin is at present confive and a half miles, and, as at present laid, makes a ci uit of a consummatic portion of the late sistrict Kensington before taking a cirect course to Frankfor Phere is a hean of water of 28 feet at the highest point rhere is a head of water of 28 feet at the highest point it Frankford, which is near the corner of Waxeling and Pransferd, which is near the corner of watering and Penn streets. The communication conclude by recommending a larger main and racing the Kennington 0 stin. A petition was also presented by Mr. MBGART, signed by persons doing bus ness in the neighborhood of Sciolia and South streets, protesting against the many profices who visit that torotry.

Veto by the Mayor. A communication was received from the Mayor, returning the bill entitled, "as resolution in regard to the deficiency loss." at iont bis aggrature. In doing so, he says, "The ordinance of December 14.1860, authorizes the Mayor to bortow a sum tot exceeding one million two bundred the meand dollars on the credit of the city. the major of the case of the crity, the financial policy, in pursuance of which the Mayor has exercise of such authority until the beginning of the current month, is tulls justified by the present market value of the loans of the crity. It has been customary for Councils, in the physical group of their legislation, to authorize or to request the action of the Mayor—it is not within their province to direct it, mu in less to confer the gower of so doing upon a committee."

The veto was laid on the table.

Interesting Cases. — Yesterday morning, in the Court of Common Pleas, Judge Ludiow the case of Stull vs. Stull was again brought up. It i the case of Sunivas. Stun was again drought up. It is a feigract issue to test the question of the ownership of \$19, being a fund now in court. The only interest arisching to the case is derived from the fact that the plaintiff, in disregart of the maxim, that he who is his own lawyer hath a feel for his client, conducts his own enough on its f riner trial to sain a verdict, notwith-sanding that he had the legal talent of two members of the bar to contend with. A new trial was granted by the court on the ground that the verdict was against the evidence.
Now the number of Mr. Stull's legal opponents is in-

creased to three; but nothing deterrest, he still figsts his case single-handed.

The case of Collyer vs. Collyer was also tried. This was a feigned issue to test whether an assignment of interestin a partnership had been made by the plaintiff to defendant, the former contensing that no such payment had been made. the cheer made.

The case has been a long-litigated one, and grows out of the following facts: Pisintiff and defendant, as permers, had a contract for minimaling the Blue Ridge Mountein, in South Carolina, for the purpose of laying a railroad track through the same. The defendant alleges that his brother, the plaintiff, finding that the contract was becoming a losing one, offered to sell out nis interest for a small sum, said take a acasima at a satury under his brother. This was accepted, and the work was carried through, and resulted in a profit. The plaintiff alleges that he never made any such assignment. The case was tried once before, and the jury was a make to agree; this time they returned a verdict for the defendant.

THE GRAY'S FERRY ARSENAL -Re. THE GRAY'S FERRY ARSENAL—Recently there has been considerable trouble at the United
States Arsenal, on Gray's Ferry road. A chargy was
made some time since that leather of an inferior quality
had been used in the man facture of army shoes,
Quartermaster Orosman immediately ordered an investiguino of the case, which led to the removal of certain
cellicals. Since this time there has onen more or loss
dissatisfaction existing, and affairs have not been worksing as satisfacting as usual. It is said that officers
who were removed have since been reinstated; but we
understand that Quartermaster Crosman will towe
nothing midone that will tend to promote the best futerpsis of the Government—and all those who have in
any manner neglected their duties, or not combined with
the regulations of the arsenal, will be removed. At the
present time there is considerable work on hand at this
place.

CHESTNUT - STREET BRIDGE. - The CHESTNUT - STREET BRIDGE. — The work on the Chestnut street bridge is now being pushed rapidly forward. RESOLUTIONS ON THE STATE OF THE COUNTRY. RESOLUTIONS ON THE STATE OF THE COUNTRY. Rev. Passavant, from the General Committee on the State of the Country, reported the subjoined presmble and resolutions, which, atter some debate on the third, on emancipation, were adopted as a whole:

**Whèrèa's, Our beloved country, after having long been favored with a degree of political and religious freedem, security, and prosperity unexampted in the history of the world, now finds itself involved in a bloody war to suppress an armed rebellion against its lawfully constituted Government; and whereas, the Word of God, which is the sole rule of our faith and practice, requires loyal subjection to "the powers that he" because they are ordained of God, to be a terror to evil doers, and a praise to those who do well, and at the same time declarys that they who "risist the power" shall receive to themselves condemnation; and whereas, we, the representatives of the Evangelical Lutheran Sjunds in the United States connected with the General Synod, assembled in Lancaste", Pa, recognize it as our duty to give public appression to our convictions of truth on this subject, and in every proper way to co-operate with any fallow-integers in sustaining the great interests. Rev. Passavant, from the General Committee on the

on this subject, and it every proper way to co-operate with our fellow-citizens in sustaining the great interests of law and authority, of liberty and righteousness: be il th refere,
1. Resolved, That it is the deliberate judgment of this and religion.

2 Resolved, That in the suppression of this rebellion, and in the maintenance of the Constitution and the Union by the sword, we recognize an unavoidable necessity and a sacred duty which the Government owes to

the nation and to the world, and that therefore, we call upon all our people to lift up holy hands in prayer to the Go dof battles, without person all wrath against the evildeers on the one hand, and without doubting the rightedeers on the one hand, and without doubting the righteun-ness of our cause on the other, that He would give
wisdom to the President and his counsellors, and success
to the srmy and navy, that our beloved tand may speedly
be delivered from treason and anarchy.

3. Resolved, That while we recognize this unbappy
war as a righteous judgment of G.d., visited upon us because of the individual and national sins of which we
have been guilty, we nevertheless regard this rebellion
as more immediately the natural result of the continuance and spread of domestic savery in our land,
and, therefore, hait with unmingled joy the proposition
of our Chief Magistrate, which has received the sanction of Congress, to extend aid from the General Government to any State in which slavery exists, which
shall deem fit to initiate a system of constitutional
emancipation. and deem hat to instact a system of constitutional emoncipation.

4. Resolved, That we deeply sympathize with all loyal citizens and Christian patriots in the rebellious portions of our country, and we cordisally invite their co-operation in off ring united supplications at a Throne of Grace, that God would restore peace to our distracted country, re-establish fraternal relations between all the States, and nake our land in all time to come the asytum of the oppuessed, and the permanent abode of liberty and religion

resching the House, a large mortality is a necessary consequence. Great as this has been qualled in other cities and under other circumstances. During the twenty-one years preceding the year 1789, of 19,272 foundings received in the Publin Infirmary, it is stated, only forty-five accepted death. Under a different management, of 2,168 taken into the same house during the year reading June 24, 1875, only 486 died.

No department of our Almshause excites so much interest minogry visitors as the founding wards.

PIOTINA ROOFING, DIOTINA ROOFING,

MANUFACTURED BY THE
UNITED STATES BIOTINA ROOFING COMPANY,
No. 9 GORE BLOCK,
Corner GREEN and PITTS Streets, Boston, Mass.
This Portable Roofing is the only article over offered to the public which is ready propured to go on the roof without any finishing operation. It is light, handsome, and easily applied and can be safely and cheaply transported to any part of the world. It will not taint or discolor water running over, or lying on it, and is, in all respects, a very desirable article. Its non-conducting properties adapt it especially to covering manufactories of various kinds; and it is confidently offered to the public after a test of four years in all varieties of climate and temperature, for covering all kinds of roofs, flat or pitched, together with care, steamboats, &c.

It is both cheap and durable. Agonts wanted, to whom liberal inducements are offered. Send for sample, circular, &c., with particulars, to "U. S. BOOFING CO., No. 9 GORE BLO.K, Boston."

GLUTEN CAPSULES PURE COD-LIVER OIL. TURE OF D-LIVER OIL.

The repugnance of most putents to COD-LIVES OIL, and the inability of many to take it at all, has induced various forms of disguise for its administration that are familiar to the Medicai Profession. Some of them answer in special cases, but more often the weblets neutralizes the usual effect of the Oil, proving quite as unpalatable and of less therapentic value. The repugnance, nances, 200, to invalids, induced by disguat of the Oil, is entirely obviated by the use of our OAPSULES. 30D-LIVES OIL OAFSULES have been much used lately in Europe, the experience there of the good results from their use in both hospital and private practice, aside from the usturally suggested odventes, or sufficient to warrant our claiming the virtues we do for them, faciling assured their use will result in benefit and deserved favor.
