LEHIGH COAL AND NAVIGATION COM-PARY.—Yesterday morning, the anoual meeting of the stockholders of the Lehigh Coal and Navigation Company was held at the room of the Board of Trade. The attendance was quite large, and much interest was manifested in the proceedings. Coleb Cope, Ecd., presided, and Mr. Edwin Walter acted as secretary

The annual report was read, reviewing the opera-tions of the company, and giving a comprehensive summary of the past year's business. It specially alludes to the loss sustained by the company on the 4th of June by the great flood which then prevailed. It was stated that the cort for repairs thereby ren-dered necessary amounted to \$600,000. The report congratulates the stockholders on the prospect of an early recovery from this severe loss. A railway which has been authorized to be built, and the re-pairing to the canal will call for an expenditure of about a half a million of dollars. The committee appointed at the last annual meet-ing, to consider the propriety of converting the sorip of the company into shares, presented a majo-rity and a minority report; the first favoring the project, and the latter opposing it. A written opinion of Hon. William M, Moredith, counsel for the company, was also presented, against the legality of the proposed conversion of the serip into stock. The annual report was read, reviewing the opera-

the legality of the proposed conversion of the serip into stock. After considerable discussion, the following reso-lution offered by Mr. Lewis Elkin, and seconded by Mr. John A. Brown, was unanimously adopted : *Resolved*. That the stockholders of the Lehigh Coal and Navigation Company meet, at this place (Board of Trade Rooms), this day week, between the hours of ten and twelve, for the purpose of taking a stock vote on the adoption of the resolu-tion presented by the majority of the scrip commit-tee, this day, and that the Board of Managers be requested to publish the report and the accompany-ing resolution.

How THE REBELS ARE DUPED.—A cer-tain kind of fine sheeting, made in New England, by the Lonsdale Works, was very popular and exten-aively patronized by the Southern merchants before the rebellion, but since the war broke out they have been unable to procure them. Among the merchan-dize captured on hoard the British prize steamers off Charleston, trying to run the blockade, and brought to this port to be sold, was found a lot of goods made by the English manufacturers in exact imitation of the Lonsdale article, and bearing a label which is a perfect counterfeit of the New England label, except that for Lonsdale is substituted the word Lansdale. Of course no such works exist in England, and the goods are merely to be palmed off as the American make upon a people at the South who have been for two years past swearing that they would never wear Yankee goods, if they could get other. It seems that even their English friends are obliged to coun-teriet the Yankee labels before they can get them to buy English sheetings. How THE REBELS ARE DUPED .- A cer-

THE WAR NEWS, AND HOW IT WAS RE-THE WAR NEWS, AND HOW IT WAS RE-CRIVED.—The good news received during yesterday, from the Army of the Potomac, threw the dity into a high state of excitement. Crowds flocked around the various newspaper offices, and every scrap of news was read and reread by those collected about the various bulletine boards. "Extras" were in de-mand, and the newsboys reaped quite a harvest. Flags were thrown to the breeze in all parts of the good news was made the subject of discussion up to a late hour last night.

They will prove highly acceptable to the numerous friends of this institution, both gentlemen being well and widely known as teachers of their special branches.

SALE OF WINES.—The auction sale of wines, announced to take place yesterday morning, at Patterson's bonded wärehouse, was mostly post-poned on account of the slim attendance and the low bids «fiered. The whole sale comprised 436 cases and baskets French wines, on importers' account. The only lots disposed of were five baskets red Bur-gundy Chambertin, 12 quarts each, at \$7 per basket; 5 cases sparkling Burgundy, 24 pints. each, at \$11.50 per case, and 5 cases Chateau D'Issan, 12 quarts each, at \$650 per case. ARGUMENT.

ELECTION .- The annual meeting of the guns.

ELECTION.—The annual meeting of the Musical Fund Society was held last evening, at the Hall, in Locust street, near Eighth. The annual re-port was submitted, showing the financial condition of the society to be in quite a prosperous state, after which the following gentlemen were elected direc-tors for the ensuing year: Francis Gurney Smith, Franklin Peale, Francis Cooper, Pierce Butler, M. W. Baldwin, Carl H. O. Sentz, J. Da Costa, M. D., and S. Winner. ARGUMENT. Mr. District Attorney Coffey now arose and said that he would have to ask for a further continuance of the hearing, as he desired to have the evidence of two im-portant winesses, who are sick, and unable to leave their homes. Be had many other witnesses present, but he oid not think it necessary to take up any more time in examining them, as he thought he had already furnished enough to convict all the defendants except two in the conspiracy.

APPOINTMENT OF Assessors .- In com-APPOINTMENT OF ASSESSORS.—In com-pliance with a special act of Assembly, creating two additional assessors for the Twentieth ward, the City Commissioners yesterday appointed Robert H. Clinton and Andrew W. McClasky. The former is a Republican, and the latter a Democrat. Their duties will be comprised in that portion of the ward lying west of Broad street.

MULTUM IN PARVO.—The speech re-cently delivered by Hon. J. R. Ingersoll, at the Union League rooms, has been copied by Professor Davidson, in his peculiar calligraphic style, covering about the one-twentieth part of an ordinary sheet of paper. The speech itself filled over half a column of *The Press.* PROMOTED.—We learn that Segt. Major James J. McMenamin, of the 2d Delaware Regi-ment, has lately been promoted to be lieutenant of Co. G. The promotion was in recognition of fidelity to duty and bravery in action

THE STEAMSHIP PROJECT .- The bill to establish a line of ocean steamers between this port and Europe, which has passed both branches of Councils has not yet been signed by the Mayor, nor is it probable that it will.

MONUMENT CEMETERY.—The Board of Managers of the Monument Cemetery have present-ed their twenty-fifth annual report, from which we learn that during the year there were 433 interments in the ground, being 61 more than in the preceding year, making the whole number of persons buried in the cemetery up to this time 10,365; 73 private monuments and tombs have been erected, and 30 lots enclosed with posts and raillogs. So that the pri-vate improvements in the cemetery are as follows : 70 vaults, 1,570 monuments and tombs, 1,607 lots en-closed with posts and raillogs, 48 with posts and chains, and 72 with posts only. The managers of the cemetery, ir view of the dis-tracted condition of the country, and of the large number of our citizens who are engaged in the fierce oivit war now raging, deemed it proper and advisa-ble to set apart a portion of the grounds of the cem-tery for the purpose of giving decent sepulture to all such as had immolated themselves upon the altar of their country's salvation. The following is the action of the Board in the premises: "Resolved, That the secretary be, and he is hereby, authorized to grant permits free of expense for the burial of soldiers dying in the service of the United States, during the present rebellion, in any of the following lots, in section A. T. Sees, of this city. The time of the men ex-pired yesterday, and it is intended that the presen-tation ahall take place at Acquis Creek. The plate has been gotten up with great care and attention by Wm, Wilson & Son, southwest corner of Filth and Cherry streets. It consists of a waiter, urn, water pot, tea pot, sugar dish, slop bowl, lined with gold, cream pot, and tea bell, all enclosed in a neat rosewood case. Upon the waiter is inscribed, "Presented to Gen. M. R. Patrick by his old brigade, 20th N. Y. S. M., 21st, 23d, and 35th N. Y. S. Vols. May, 1863." Each piece bears an an appropriate inscription, is handsomely and deloately engraved, and bears upon it some military design—the design on to two being similar. This service of silver is one of the finest ever gotten up in this city, and calls forth loud praise from the many friends of Gen. Patrick who have called to see it. The cost of the whole set is \$1,200, and it will, no doubt, far exceed the expecta-tions of the brave boys under whose auspices it was gotten up. A committee of gentiemen were to leave for Acquis Creek last evening, for the purpose of conveying the present down, and superintending the presentation.

Of all the discoveries that have been made to purge it out, none can equal in effect H E L M B O L D 'S COMFOUNDEXTRACT OF SARSAPARILA. It cleans-es and renovates the blood, instils the vigor of health into the system, and purges out the humors which make disease. It stimulates the lealthy functions of the body, and expels the disorders that grow and rankle in the blood. Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not admit which they can depend. Our space here does not admit certificates to show its effects, but the trial of a single bottle will show to the sick that it has virtues surpassing
