REPRESHMENT SALOON.

To the Chieses of Philadelphia: It will be three years on the 27th day of May, 1884, since the Union Volunteer Refreshment Saloon commenced its operations. The Committee never have pressed their claims. Neither have they lost sight of the fact that there were other institutions equally worthy of public confidence and support; and they have endeavored to discharge the duties entrusted to them in an honest, economical, quiet, and unostentations manner. Up to this time we have been generously supported by contributions from our friends and a portion of the moneyed corporations of Philadelphia. We have tried to lessen the burdens of our kind friends by annual fairs in June; the first was a success; the second comparatively a failure, in consequence of the raid into Fennsylvania last summer, and there is no prospect of holding one this season, as intendey. The high price of provisions, and the heavy and constant demand on our Saloons, have nearly depleted our treasury, and as the signs of the times point to a series of protracted battles, and as there will no doubt be still further calls on our limited resources, we are compelled to make this appeal to the liberality of the citizens of Philadelphia and vicinity for assistance, otherwise our future usefulness will be very much impaired.

Contributions in cash, and notice of Provisions and Sanitary Stores for our use, will be received by the following gentlemon:

Rev. Dr. Thomas Brainerd, No. 634 Pine strect.

Thomas Robbins, Esq., President of the Farmers' and Mechanics' Bank, Chestaut street, below Fith.

The Union Volunteer Refreshment Saloon is situated at the southwest corner of Washington and Swaason streates. The citizens of Philadelphia and vicinity, and strangers, are respectfully invited to visit the Saloon, and winness for themselves the arrangements made for the refreshment and confort of the brave soldiers passing through the City of Botherly Love.

FINANCIAL.

These Bonds are issued under the Act of Congress March 8th, 1864, which provides that in lieu of so much of the loan authorized by the Act of March 3d, 1863, to which this is supplementary, the Secretary of the Treasury is authorized to borrow from time to time, on the credit of the United States, not exceeding TWO HUN-DRED MILLION DOLLARS, during the current fiscal year, and to prepare and issue therefor Coupon and Re gistered Bonds of the United States, and all Bonds issue under this Act shall be EXEMP FROMT TAXATION by r under any State or municipal authority. Subscriptions to these Bonds are received in United States not or notes of National Banks. They are TO BE RE-DEEMED IN COIN, at the pleasure of the Government at any period not less than ten nor more than forts years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually, and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year. The semi-annual Coupons ar ayable at those dates, and the annual Coupons on the 50 and 100-dollar Bonds are payable on the first of March. Subscribers will receive either Registered or Coupo Bonds, as they may prefer. Registered Bonds are re

transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses. Registered Bonds will be issued of the denomination of Fifty Dollars (\$50), One Hundred Dollars (\$100), Five Hundred Dollars (\$500), One Thousand Dollars (\$1,000) Five Thousand Dollars (\$5,000), and Ten Thousand Dollars (\$10,000); and Coupon Bonds of the denomination of Fifty Dollars (\$50), One Hundred Dollars (\$100), Five Hundred Dollars (\$500), and One Thousand Dollars MANDER-IN-CHIEF...... \$1.25 (\$1,000). Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin (or in United States notes, or the notes of National Banks, adding fifty per cent or premium), or receive them drawing interest from

corded on the books of the U. S. Treasurer, and can b

the date of subscription and deposit. As these Bonds are exempt from municipal or State taxation, their value is increased from one to three per cent. per annum, according to the rate of tax levies in arious parts of the country. At the present rate of premium on gold they pay over eight per cent. interest in currency, and are of equal onvenience as a permanent or temporary investment. It is believed that no securities offer so great induc ments to lenders as the various descriptions of U.S. Bonds. In all other forms of indebtedness the faith or ability of private parties, or stock companies, or sepa rate communities, only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the The fact that all duties on imports are payable in specie furnishes a fund for like payment of interest on all Government Bonds largely in excess of the wants of the treasury for this purpose.

of which will be forwarded by the subscriber to the Secretary of the Treasury, at Washington, with a letter stating the kind (registered or coupon) and the denomination of bonds required.
