All further information, with pros- pectuses, can be obtained of the undersigned. The rmall capital of this Company, with the actual large interests, must make it a favorite as a secure invest- ment.	INSURANCE. INSURE YOUR LIFE	**This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the tonghest, most elastic, fischile, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and fiexibility, to place and fold the skirt when in use as easily and with the same convenience as a slik or muslin dress. It entirely obviates and silences the only objection to hoop skirts, viz: the annoyance to the wearer as well as the public especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them to occupying a small space. This entirely removes the difficulty while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opers, promenade, or house dress. Alady having enjoyed the pleasure, comfort, and graceful entirely fine Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most		AGENTS everywhere to introduce the new SHAW & CLARK SIXTEEN DOLLAR FAMILY SEWING MACHINE, the only low price Machine in the constry-which is licensed by Grover & Baker, Wheeler & Wilson, Bowe, Singer & Co., and Bacheider.
