IMPORTANT FROM SANTA FE. Alarming Indian Depredations-American Murdered-Fort Bent Burnt-The Command Supposed Massacred-Great Political Excitement, &c.

Sr. Louis, Sept. 29, P. M. Mr. James Brown, the Government Freight Agent, arrived here last from Santa Fe. He was 20 days on the way. He reports trade at Santa Fe generally dull particularly in dry goods, though groceries

were in good demand. Two Americans were murdered by the Anache Indians, at Los Vegas, on the 5th September. The Indians stole twenty Government horses at the same time. When about two hundred miles this side

of Santa Fe. Mr. Brown was attacked by a party of 100 Arrapahoes, who robbed him of every thing. The next day they gave him back some mules and left him to pursue his journey.

On the way Mr. Brown met a party of California emigrants, who supplied him with provisions and other necessary articles. Col Alexander was in command at Santa Fe when Mr. B. left.

Col. Washington, at the head of all the available force, had gone in pursuit of a large body of hostile Indians.

Major Beel still continued stationed at Taos Major Stein recently had a skirmish with

the Indians and was wounded. A band of Chevenne Indians, a short time

since, surrounded and burnt Bent's Fort. Wm. Bent, and several men who were in charge of the fort are supposed to have been massacred by the Indians, as nothing has since been heard of them.

Mr B. passed several California traders, who had suffered more or less from the depredations of the Indians.

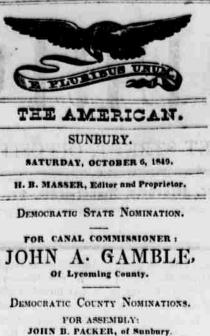

At Walnut Creek he met Col. Monroe. command of 250 dragoons and infantry, en route for Santa Fe.

The Indians were every where evincing hostile demonstrations and becoming quite troublesome.

Grass was plenty on the plains, and the teams appeared to be getting along well. Considerable excitement prevailed at Santa Fe, in consequence of an attempt being made to get up a convention to form a State government.
