WE are not among that class of Editors who for a few dollars will, (at the expense oft ruth and honesty) "crack up" an article and bring it into rapid sale; neither are we willing to remain silent, after having tested the utility of an improvement or discovery in science or art. Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we purchased two bottles of WINSLOW'S BALSAM OF HOREHOUND and so sudden was the cure, that we forgot we ever had a cold.
