Brown's Essence of Jamaica Gia-

Prepared only by Frederick Brown, at his Drug and Chemical Store, North East Corner of Fifth and Chestnut streets, Philadelphia.

THE Essence is a preparation of unusual excellence and of varied properties. In all cases where a powerful and safe stimulant is required it is unrivalled for efficacy as well as immediate action. To the traveller and to the family circle it is invaluable, as a few drops diluted in sugar and water present a safe and agreeable remedy to the invalid who requires immediate relief, as well as to the convalescing patient who needs a gentle tonic. In a Southern climate, where the relaxastimulants, it will always be found an excellent substitute for those tempting beverages which debilitate the stomach and cause a morbid condition of its powers. In dyspepsia, in relaxation of the bowels, in naussea and sea-sickness, it is an active and safe as well as a pleasant and refreshing re-medy, and is prescribed by the most eminent of

the medical faculty.

As I think that a public acts awisefurent of the great benefit I have received from the use of your medicine is not only due to you, but may be useful to others, I now make it. READ the following certificate from Capt Devoe, the well known and popular Shain Boat Captain (of the Traveller.) PHILADELPHIA, October 31, 1816. PRILADELPHIA, October 31, 1846.

Several years since I was attacked with a breaking out on my neek in the form of Tetter, which I am convinced was contrasted at the Barber's Shop. It grandually extended over my face until it reached the upper part of the cheeks. During the several maths that it continues aptending, I used different applications, some of which had the effect, appendly at least, of instraining the disease, but from none of them did I pergeive the least benefit until I applied the Rose Onyment. By the use of one jar of it, I was perfectly cuted and have remained free of the affection. tica.

I have since used the Ointment, lightly applied for roughness of the face, bistches, chapped hands, &c. With perfect auceus. Thave no hesitation in recommending it is the strongest manner to the public.

Dear Sit,—I have read with much interest, your little Tragatise upon the "causes treatment and cure" of the febrile discusses which have so extensively prevailed in our country during the last few membrane interest increased or drabt, by the fact that I have individually suffered as much from them. Though I feel myself very inc magnetist to judge safety upon a subject as entirely professional, yet some fire many to me well reasoned, and your cache shows just, and I think within, that your pamphlet is calculated to produce much cractering each courted good.

Speaking of the medicine he says.—It fully justified your fluttering expectations, and as a safe, convenient, and popular remedy, my own experience, as far, induces us to be level that it will prove a great public benefit. I am pleased to learn that you have recently established several agrencies for its disposition—though I regret that, with a view to a my regeneral discensionation of it, you should have found it necessary to remove from your present residence among us.

With much respect I have the hours to be, sir,
