AND CONSUMPTION. This truly valuable Remedy for all diseases of the Lungs and Throat, has become the chief reli-ance of the afflicted as it is the most certain cure known for the above complaints. While it is a powerful remedial agents in the most desperate and almost hopeless cases of Consumption, it is also, in diminished doses one of the mildest and most agreeable family medicines for common common coughs and colds. Read below the opinion of men who are known to the world, and the

world respect their opinions. FROM PROFESSOR HITCHCOCK. "James C. Ayer-Sir: I have used your "Cara-BY PACTORAL, in my own case of deep-scated Bronchitis, and am satisfied from its chemical constitution that it is an admirable compound for the relief of laryngial and bronchial difficulties. If my opinion as to its superior character can be of any service you are at liberty to use it as you think proper.

Brown's Essence of Jamaica Ginger. .

Prepared only by Frederick Brown, at his Drug and Chemical Store, North East Corner of Fifth and Chestnut streets, Philadelphia.

THE Essence is a preparation of unusual ex-cellence and of varied properties. In all cases where a powerful and safe stimulant is required, it is unrivalled for efficacy as well as immediate action. To the traveller and to the family circle it is invaluable, as a few drops diluted in sugar and water present a safe and agreeable remedy to the invalid who requires immediate relief, as well as to the convalescing patient who needs a gentle tonic. In a Southern climate, where the relaxa-tion of the system so generally induces thirst for stimulants, it will always be found an excellent substitute for those tempting beverages which de-bilitate the stomach and cause a morbid condition of its powers. In dyspepsia, in relaxation of the bowels, in naussea and sea-sickness, it is an active and safe as well as a pleasant and refreshing remedy, and is prescribed by the most eminent of

the medical faculty.

Depress of the medicine be says —It fully justified your fatter due to proving a special good.

Dear Sir,—I have read with much interest, your little transarists month to "causes, treatment and cure" of the febrile diseases which have so extensively prevailed in our country during the last few months—an interest increased no doubt, by the fact that I have individually militared so much from them. Though I feel myself very his ungettent to judge safely upon a subject as entirely professional, yet your theory seems to me well reas said, and your conclusions inst, and I think withat, that your pumphlet is calculated to produce much practical good.

Speaking of the medicine be says —It fully justified your flattering expectations, and as a safe, contrentent, and popular remedly, my own experience, so far, induces me to believe that it will prove a great public benefit. I am pleased to learn that you have passently established several agencies for its disposition—though I regree that, with a view to a more general dissemination of it, you should have found it necessary to remove from your present residence among us.

With much respect I have the honor to be, sir,

Biransonam. Oastann Co., Dec. 13, 1811.

Sir—you wish me to inform you what I know of Dr. Oagood's India Cholagogne, or anti-bilious medicine. I do believe that if the virine and efficacy of this medicine were generally known, the Fiver and more would disappear in Michigan.

I procured a bottle in the spring of 1811, and have good reason to believe that myself and family escaped the against senson in consequence of its use.

Perhaps in no summer states the settlement of this fine peniusula, has the fever and agen need so prevalent as the last. I have recommended this medicine in numerous instances, and when the disease had become fixed and builted the skill of physicinary; and I have never known it ful. I have mivered by any medicine in removing the bilious diseases of the climate.

Yours, respectfully, P. THOWERLINGS.

HORSE AND CATTLE MEDICINES.

Don't permit your Horses or cattle to die, when the means of cure are within the reach of all!

The undersigned has spent several years in the study of Veterinary practice in "London and E-dinboro'," he has also availed himself of the researches of Leibig, and other celebrated men, who have contributed so much towards a judicious treatment of animals; the principles of our practice consists in the rejection of general bleeding and the total rejection of all medicines that experience has shown to be of a dangerous tendancy. These remedies act in harmony with the vital principle, and when given according to the directions which accompany each article they are capable of exciting and increasing the natural functions, without di-

minishing or destroying their power, hence are safein the hands of every one G. H. DADD, M. D. A List of Horse and Cattle Medicines. Physic balls, 75c, per box.
