Journal of the FRANKLIN INSTITUTE.

THE STATE OF PERSETLYANIA FOR THE PROMOTROY THE MECHANIC ARTS. THE oldest Mechanical Periodical extant is

America, is published on the first of each month in the City of Philadelphia. It has been regularly issued for upwards of twenty-five years, and is carefully edited by a committee of scientific accounts of the purpose, by the gentlemen appointed for the purpose, by the Franklin Institute.

The deservedly high reputation, both at home Designs for Monuments, Grave Stones, &c., and abroad, which this Journal has acquired and sustained, has given it a circulation and exchange list of the best character, which enables the Cummittee on Publications to make the best selections from Foreign Journals, and to give circulation to original communications on mechanical and scientific subjects, and notices of new inventions; notices of all the Patents issued at the Patent Office, Washington City, are published in the Journal, together with a large amount of information on Mechanics, Chemistry, and Civil Engineering, durived from the latest and best authorities. This Journal is published on the first of each month, each number containing at least seventytwo pages, and forms two volumes annually of about 432 pages each, illustrated with engravings on copper and on wood of those subjects which

require them. The subscription price is Five Dollars per antum, payable on the completion of the sixth num-ber; and it will be forwarded free of postage when five dollars are remitted to the Actuary (postage paid) in advance for one year's subscrip-
