A CARD. To the Free and Independent Electors of

Northumberland County. FELLOW CITIZENS :- Encouraged by the advice of several of my personal friends, I am induced to offer myself to your suffrages that will come before the next legislature, in at the next election for the office of Associ-ATE JUDGE of Northumberland county. 1 canno! boast of being a democrat, nor will I exult at being a whig-being of opinion that if a man have no other merit than that of belonging to one or the other of those respectable parties, however desirable their countenance and support might be, such a the question of dividing the County should man, I say, is not the best candidate for pubagain be brought forward. That there is a lie support. I am of opinion, with the illustrious Jefferson, that the time has now arrived, when the only question, that should be asked in relation to a candidate (for a Judi- What security have we that the 2 candidates cial office at least,) is simply this: "Is he from the upper end will not favor the mea-Aonest, is he capable, is he fit !" These ques- sure ! Nothing but their simple promise! tions it is your unquestionable province to and what does that amount to when we redecide. Under this persuasion of the qualifications for the office, it only remains for me to say, that should I be elected, I will endeavor so to perform the duties of the office, as never to inquire, or desire to know, the polities, or religion, of any suitor in Court .-One respectable gentleman already named for the office, has declined for the present; but intimates, that in future, he may be obliged to you for your votes. My case is not similar-as I am now in my sixty third year, there is not in any human probability, any "future" for me in reference to this matter. I remain, fellow citizens, Yours, respectfully,

ASSOCIATE JUDGE.

MR EDITOR :- Mr. Samuel T. Brown, o Milton, having declined being a candidate for the office of Associate Judge, of this County, many of us have deemed it advisable to present the name of HENRY READ-ER, Esq., of McEwensville, for that office. Mr. Reeder is well known as having been one of our best Sheriffs. He is an active persevering man, and would make an excellent officer for that station, especially as he is well acquainted with both the German and English languages. The Forks can present no name that will be better received than that of Henry Reader.
CHILISQUAQUE.

For the American. MR. EDITOR :- Permit me to recommend THOMAS S. MACKEY, Esq., of Milton, as a candidate for Associate Judge, of this County. Mr. Mackey is an intelligent and competent man, and has for a number of years acted as a Justice of the Peace. He was also the late Marshall in taking the cen, intellectual powers, to cultivate becoming mansus, and was an excellent officer. The Forks are entitled to one of the Judges, and we know no man in it, better qualified for the office than Mr. Mackey. MANY OF SHAMOKIN.

For the American. OUR NEXT MEMBER. MR. Entron :- The time is nearly at hand when we shall be called upon for the selection of a candidate for the legislature. This, let me remark is a much more important improvements of the country, and the various other interests connected with the legislation of the State, is such that every farmer, mechanic, and laborer, is deeply interested in selecting for their member of Assembly, such a man as will best guard and protect their interests. There have been but three candidates named, and these are all from the Philadelphia prices. western side of the river, or in the Forks .--This, I know, will be a serious objection to every farmer and tax payer, who recollects Principal for a circular.

In every respect then it will be the interest of the people of

candidate for the Legislature. AN AUGUSTA DEMOCRAT.

OUR NEXT MEMBER. H. B. Masser, Esq.-It is conceded that the candidate for Assembly, at the coming election, is to be taken from the Forks. A number of persons have been spoken of as candidates. Among them is COL, WIL-LIAM FOLLMER, of Turbut township, who is known to many as one of the late County Commissioners. Col. Follmer is a practical cellent member. It has been asserted that Col. Follmer would favor a division of the County, because he is a resident of the upper end. Col. P. It. per end. Col. Follmer is in favor of letting where persons have had the disease for several the County remain as it is, and is opposed to spars, without intermission. The proprietor challenges the world to produce an article that POINT.

For the American. MR. EDITOR :- As it is generally conceded that one of the Associate Judges, should reside in the County town, permit us to name stein, Trevorton; S. R. Dixon, Schuylkill Ha-GEORGE WEISER, Esq., of Sunbury, as a GEORGE WEISER, Esq., of Sunbury, as a person in every way qualified to discharge John Sharpless, Cattawissa; Dr. Judd, Williamsthe duties of that post. WHO SHALL BE OUR NEXT MEMBER ? H. B. MASSER, Esq. :- The question is

frequently asked-who will be our next member ! We feel here a deep interest in the matter, and as there are many things of a man. There can be no question we think, that WM. FORSYTHE, Esq., of Northumberland, is decidedly the best man named. Besides, his interests are similar to our own, and we could safely rely on him, if secret design and a determination to divide our County, by a number of individuals in the upper end, is no longer a matter of doubt .collect how easily each of these same men forgot their promises on several other occasions. If I mistake not, one of them, when in the legislature, voted for the removal of our Supreme Court, by mistake, as he afterwards alleged. Such mistakes might divide our County-increase our taxes -destroy out coal and iron interests, and arrest our rail road improvements. We want a man who we know will not make such mistakes. The above reasons, I think, are sufficient to induce every man who has any regard for the interests of the County, to vote for Mr. Forsythe. But independent of all this, Mr. Forsythe is a man in every respect better qualified-of greater ability-more experience in matters of bosiness, and better calculated in line, the Subscriber will sell as low as any other
