

THE GREAT RUSSIAN RAILWAY.

The great Railway from St. Petersburg to Moscow, recently opened, is in nearly a straight line, and 400 miles in length. The track is double, of 5 feet gauge, and some of the bridges are elevated above the water from 125 to 175 feet. The bridges are of wood, on Howe's principle, and were built by Mr. R. O. Williams, of Connecticut.

A WILD BEAST AT LARGE.

A panther which escaped some days since from a menagerie at Hackensack, has since taken to the bush in the neighborhood of Bull's Ferry, whence, as yet, although various attempts have been made to capture it, all have failed.

SUNBURY AND ERIE RAILROAD.

Mr. ENTON:—Below you have a few facts for the consideration of those who may be inclined to invest their means in the stock of the Sunbury and Erie railroad, based upon actual results in a neighboring State.

In July the New York and Erie railroad earned \$240,000. In August \$263,000. In September it is estimated the earnings will be over \$300,000!—This steadily increasing month by month.

As the capture of the animal is attempted with a great deal of perseverance, it may be presumed he will not long enjoy his freedom, and we imagine that the sooner he is caged again, decidedly the more comfortable it will be for the neighborhood.—New York Democrat.

WEBSTER THREATENING WAR.—A letter from Charles W. March, the biographer of Daniel Webster, says: I happened to be in the mouth, where Mr. Webster was last summer, when the news arrived, that England and France intended to order, or had ordered American vessels to be searched, as in former times; and I heard Mr. Webster, then confined to his house by his annual attack of catarrh declare, that the first instance of any such proceeding ought to be, and would be, followed by war!

The Atlantic Coast trade continues large, and prices are very firm. The Lehigh Navigation Company brought down, for the week ending on Saturday last, 25,233 tons, making an aggregate tonnage for the season of 902,615 tons.

THE HUNGARIANS on board the Mississippi will go to the Irving House this evening, where they will remain till Kosuth arrives, when our government (having invited them) will make the country their home.

DEATH OF THE ELEPHANT COLUMBUS.—The Pittsfield (Mass.) Sun gives the following account of the death of the Elephant Columbus:—The Elephant Columbus, attached to the menagerie of Raymond & Co., at Herr Driessbach, died at Lenox, in this county, on Saturday.

DR. MARCH says that the best antidote for dissipation is marriage. Men resort to gin and sugar not because they are depraved, but because they are lonely. Out of every dozen men you see hanging about our porters houses, ten, he asserts, are without a female comforter! Here's a hint worth dwelling on.

A COLORED Citizens' Convention will be held in Cincinnati, in the middle of January next, for the purpose of taking such measures as will be deemed best calculated to promote the interests and welfare of the colored citizens of that State who are allowed to pay taxes, but denied the right of a vote.
