DEMOCRATS TURN OUT!

On Tuesday next, go to the polls and vote the whole ticket.

The assertion of the "Miltonian" that Col. Straub is not in favor of a protective tariff, has no foundation in fact.

Dr. George B. Weiser has certified that he did not vote for Purcell on the last ballot.

PURCELL AND KING CLUB.

Club met according to previous notice—minutes of last meeting were read and adopted.

On motion the Chair appointed C. J. Bruner, Ed. Cass and John V. Martin, Esq., a committee to wait upon the "Pierce and King Club."

The Club was then addressed by Messrs Woleston, McNeil and Youngman in their usual forcible and impressive style.

The Glee Club also entertained and delighted the audience with several of their songs, the following as sung by the Club was composed and presented to them by John Youngman, Esq.:

A DEMOCRATIC SONG.

TUNE—Napoleon's Grave.

Oh, General Scott, where now are the legions Of friends to support you when danger is near?

Alas, they have fled, and the Salt River regions Dark, dark in the gloom of the distance appear.

Bill Seward may shout, and old Greely may bluster, The brave souls of freedom are true to the cause.

Of the Union, and firm in their faith, they will muster, To strike for our loved Constitution and Laws.

Old Scott, to the army direct your attention, The White House was never constructed for you.

We're willing to grant you the invalid's pension, But the Mansion to Franklin the gallant is due.

Your tall plume may wave, and your gold lace may glitter, Six feet you may stand in your stockings or more.

Yet your proud heart will faint, and your feelings be bitter, When at last you will land on the Salt River Shore.

On motion the Club adjourned with 9 cheers for Pierce, King and the Compromise.

THE METHODIST CHURCH CASE.—It was decided by the United States Circuit Court, in November last, that the Church South was equally entitled with the Church North, to the property owned by them, as a united establishment, previous to their separation.

John W. Nelson, Esq., who was appointed commissioner to ascertain and adjust the account between them, has just reported that the amount of property, previous to the separation, was \$362,235.76.

The profits since that period, 1845, have been over \$250,000. The Southern members have received no share of the profits since the separation, as the Northern members who were in possession, claimed the whole fund and profits.

The South have now taken exceptions to the report, and the litigation is not yet ended.

CHOLERA AND ITS CAUSE.—We have received from the author, J. X. Chaubert, M. D., of New York, a copy of a pamphlet, in which he treats of the Cholera, its cause, and method of cure.

Accorded to Dr. C. cholera is caused by inhaling a small green insect, discernible only with the microscope, and existing only where cholera exists.

He found the insect by boring his arm; and while cholera exists, millions of this minute insect will be found upon the arm by using a microscope.

These insects he thinks, are produced by malarious exhalations, and carried from place to place by the wind. They produce inflammation in the stomach, by fixing upon the mucous membrane, and the inflammation is transmitted to the liver through the duct leading from the stomach to the gall-bladder; and by general irritation of the nerves, produce the symptoms of cholera.

This is the theory; his cure he keeps to himself, till the governments of various countries, compensate him for his discovery. He is said to have been very successful in the cure of cholera, and so have others, by the means which he condemns as mal-practice, which he says has killed more than cholera.—Lodge.

A CENSUS OF NEW ORLEANS has just been completed, by direction of the authorities of that city, from which it appears that the total population of the city is 145,449, of which number of persons 116,275 are white, and 29,174 colored, slaves as well as free.

The slaves 16,645, of whom 19,295 are females and only 6140 males. The free colored persons number 12,529, of whom 7,238 are females, and only 5141 males. Of the whites, 63,385 are males and 52,899 females. The total number of voters in New Orleans is 13,111.

MYSTERIOUS.—A writer from Pearisburg, Giles county, Va., says: "At a distance of some three miles from this place, where some workmen were blasting rock, having made an excavation of ten or twelve feet, the earth gave way, and all were plunged into a large room, apparently deep, out of the further extremity of the room, a human skeleton was found in a leaning posture, reclining, as it seems, against the sides of the cavern; and seated upon something resembling a chest. No clue as yet is known to get at the history of the human relic."

A Spirit Rapper at Worcester, told a lady who was inquiring about her dead husband, that he died of a "disease of the gizzard."

The lady went away puzzled, but satisfied that the spirit knew the real cause of her husband's death.

COL. STRAUB. The assertion of the "Miltonian" that Col. Straub is not in favor of a protective tariff, has no foundation in fact.

Dr. George B. Weiser has certified that he did not vote for Purcell on the last ballot.

COMMUNICATIONS. FOR THE AMERICAN. Mr. Editor.—I observed a communication in your "Deutscher Amerikaner," over the signature of "Ein Deutscher," setting forth the claims of David Martz, Esq., to the office of Register and Recorder.

I also observed a communication in the last Sunbury American, in which a "Democrat" takes "Ein Deutscher" to task for misrepresentation falsehood &c.

Now as regards both of these communications, I have only to say that they were written by persons, who are either ignorant of all that transpired in that convention, or strangely prejudiced in favor of their favorite candidate.

It is a well known fact, that both Martz and Purcell, got every delegate that belonged to them, and more too.—Did Dennis Buoy get all that belonged to him, even on the first ballot, when those that were taken from him by fair means, or with his consent, ne, far from it.

The independent voters of Northumberland county will tell on next Tuesday at the ballot box who was *disfied* at the convention. They talk of poverty, large families, aged parents, &c.; and compare them with those of his competitors, he is a poor man who has not even a house of his own to live in, with a family of helpless children to support, and nothing to do with it, but the labor of his own hands, neither is it his own fault that he is so poor, he has had very bad health for several years and is not at present able to bear much labor.

As to his qualifications he is inferior to no man in the field having a business experience of many years. His popularity at home, ought to be a sufficient recommendation as to character &c., he will get nearly every vote in the township in which he lives, that he will be elected is the sincere wish of a CHILISQUAKE DEMOCRAT.

FOR THE AMERICAN. Mr. Editor.—It affords us much pleasure to learn that David Martz, Esq., of Shamokin township, has yielded to the urgent solicitations of his many friends, and consented to be an Independent Candidate for the office of Register and Recorder,

at the approaching election. Mr. Martz is well and favorably known to all the voters of Northumberland county as an honest, intelligent, honorable and upright man, and most eminently qualified for the proper discharge of all the duties pertaining to that office.

That he is the choice of a large majority of the people of this County, there can scarcely be a doubt, and of his triumphant success, this fall at the ballot box, where every man can have *fair play*, and where the will of the people *must prevail*, there cannot, in our opinion, be any question.

MANY INDEPENDENT VOTERS August 4th, 1852. of Upper Mahoning.

WILKESBARRE, Oct. 2. SHERIFF MEREDITH.—A most horrible murder was committed here to-day, the particulars of which are as follows.—A Wellman named Reese Evans residing in this place, a quantity of clothing, Reese requested payment this morning, when Evans told him if he would go with him across the river he would pay him the amount.

Reese accordingly accompanied Evans across the river. After they had got over the bridge they turned into Butler's woods, when Evans drew a pistol and shot Reese in the back of the neck, and the wound not immediately killing him, he beat his victim to death, as appeared from wounds on the body when discovered. Reese had in his possession about \$100, of which Evans robbed the body, and then made his escape to Carlisle, where he was arrested for the murder shortly after, and was committed to await the arrival of the authorities of Wilkesbarre.

THE SEMINOLE IN ROUTE FOR FLORIDA.—General Blake, with Holist Mico (Billy Bowlegs) John Juniper, Nocose Emarrhis, Easa-hatchee Emarrhis, Choctaw Fostenguee, Sarkeoke Yohola, Pasackeehulla and Abram, the interpreter, have arrived by steamer from New York on their way to Florida.

A VERDICT of \$2000 damages was rendered on the 1st inst. in the Superior Court of Baltimore against Dan Rice, for an assault on George Appleby, a compositor in the Baltimore Sun Office. The assault was committed some two years, in the Sun Office, and was quite an aggravated one.

The treasury of Huntington county, Indiana, was entered on the night of the 16th, the iron safe taken out and bursted open with powder, from which some \$3000 were taken, \$2000 of which were in gold. The money mostly belonged to citizens, who had placed it there for safe keeping, the Treasurer having a short time before paid out the public funds in the settlement with the State.

A NEW MUSICAL prodigy has arrived in New York city in the person of Mlle Camille Urso, a girl of 11 years, who performs upon the violin. She is spoken of as a genius of the most remarkable order, by competent critics.

THE Harrisburg Standard says that Col. D. Herr, of "Herr's Hotel," Harrisburg, has purchased the property which he has occupied for several years, for \$29,000, from its owner, John N. Lane, Esq.

BLINDING JUSTICE.—Justice White, while hearing a liquor case at Watertown, Mass., had a quid of tobacco thrown into his eye, by some one of the opponents of the Maine Law.

We would call your attention to the advertisement of Swain's Panacea, for the Cure of Scrofula—in another column.

POISONING. Thousands of parents who use Vermifuge composed of Castor oil, Calomel, &c., are not aware that while they appear to benefit the patient, they are actually laying the foundations for a series of diseases, such as salivation, loss of sight, weakness of limbs, &c.

In another column will be found the advertisement of Hobensack's Medicine, to which we ask the attention of all directly interested in their own as well as their Children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, Hobensack's Liver Pills.

"Be not deceived," but ask for Hobensack's Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. HOBENSACK, as none else are genuine.
