Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notificity by far exceeding the most sanguine expectations of its friends. Nothing but its intrinse virtues and the immistakeable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained triends by every trial, conferred benefits on the afflicted they can never forget, and preduced cares too numerous and remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infulfilly cure—saidl there is abundant proof that the Cherry Pectoral. does not only as a general hing, but atmost invariably care the maisdless for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American Peasant, to the publices of Eurobe and Kings. Throughout this entire country, in every State, city, and indeed ulmost every homiet it contains, Cherrity Pectoral is known as the best remedy extant for diseases of the Throat and Langa, and in many foreign countries, it is employed.

By the most intelligent Physicians. In Great Britain, Prance and Germany, where the medical actences have reached their highest perfection, Cherry Pectoral, is introduced, and in constant use in the Armea, Hospitols, Alms Houses, Public Institutions, and in domestic practices, as the surest remedy their attending Physicians can employ for the most adaptives affections of the image. Also in middle cases, and for children it is safe, pleasant and effectual to cure. In fact, some of the most attering testimentals we receive have been from parents who have Cound it efficacious in cases particularly incidental to childhood.

The Chenny Pertonal is manufactured by a practical chanist, and every causes of it under his own e-e, with invariable necessary and care. It is scaled and protected by law from a unterfeits, consequently can be relied on as genaine without adherentien.

We have enderwored here to furnish the community with a medicine of such intrinsic superiority and worthus should commend fixelf to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countries trials proved used to be; and true by repeated and countries trials proved used to be; and true by great care in preparing it with chomical accuracy, of uniform strength to afficial Physicians a new agent on which they can only for the hest results, and the affected with a remedy that will do for them all that medicine can do.
