There was a lady lived at Leith, A lady very stylish, man, And yet in spite of all her teeth She lell in love with an Irishman— A hasty ugly lrishman, A wild tremendous Irishman-A tearing, swearing, thumping, bumping, ramping, roaring Irishman

His face was no ways beautiful, For with small pox 'twas scarred across And the shoulders of the ugly dog Were almost double a yard across

ing, lathering swash of an Irishman.

He took so much of Lundy Foot That he used to snort and snuffle-O; And in shape and size, the fellow's neck Was as bad as the neck of a buffalo. O, the horrible Irishman, The thundering, blundering hishman-The slashing, dashing, smashing, lashing, thrashing, flashing Irishman.

His name was a terrible name, indeed, Being Timothy Thady Mulligan; And whenever he emptied his tumbler of punch, He'd not rest till he'd fill'd it fall again

The boozing, bruising Irshman, The 'toxicated Irishman-The whisky, frisky, rummy, gummy, brandy, no dandy Irishman. VI.

This was the lad the lady loved, Like all the girls of quality; And he broke the skulls of men of Leith, Just by the way of jollity. O, the lathering Irishman,

As time makes these foets wider and better known, this medicine has gradually become the best relinace of the affineted, from the log calon of the American Peasant, to the palaces of Eurobe and Kings. Throughout this entire country, in every State, city, and indeed almost every handle it contains. Chempt Perronat, is known as the best remedy extant for diseases of the Throat and Longs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection. Chempt Pheronal is introduced, and in constant use in the Armies, Hospitals, Alma Houses, Public Institutions, and in demestic practice, as the stress remedy their attending Physicians can employ for the more dangerous affections of the imag. Also in midder cases, and for children it is safe, pleasant and effectual to cure. In fact, a me of the most flattering testimonials we receive have been from patrents who have found it efficacious in cases particularly incidental to childhood. EDWARD E. EYRE, WASHINGTON I. LANDELL,
