occurred in this city yesterday. The building on Main street, occupied as a banking house by Mestrs. Robinson & Co., and Robert Codd, while undergoing repairs, suddenly caved in, the roof and every story being carried through to the ground

It is feared that 14 or 15 workmen, and some persons occupying the upper stories are beneath the ruins. The utmost excitement prevails and the

Fire department and a large number of citizens are clearing the rains. The front of the building had been taken out for repairs, and the building was left

without proper support. The building was five stories high, and the centre inside and back wall fell into the cellar, carrying the men who were at work

on each story down with it. An immense pile of lumber has been got out, and five men have been rescued alivene with his leg badly crushed and the others seriously injured.

Three dead bodies have been removedme that of John Hufford, master carpenter, whose head was completely crushed.

While digging in the rear, a man felt his hand tightly grasped by one beneath the ruins, and clearing away, a boy was discovered who had been jammed in between the timbers for upwards of an hour. The men worked hard to rescue him, the little fellow bearing up bravely, though much crushed and exhausted. He was at length restored o the arms of his father, who stood by in speechless agony watching the efforts of the men. marked A, B, C, exhibiting the results. The report of the County Anditors for 1845, shows that the Commonwealth was falls paid all taxes assessed for that year, including Tavera licenses and other sources. But there was still outstanding part of the taxes for previous years, which outstanding tax was fully paid to Guick, Simpson, and Youngman. The portion received by each one is charged in said accounts; and the whole amount of State tax assessed, and other sums due the Commonwealth, as far as we could ascertain them, (and we believe them correctly stated) and charged upon one side of said accounts, and the proper credits on the other.-Those accounts were prepared for the purpose of determining what amount the Common

wealth is entitled to receive from all the outstanding taxes on the first of January, 1852 the expiration of Youngman's term. By account "A" it appears that accounting to the Commonwealth for the amount received by Gulick of the taxes previous to 1845, and all taxes assessed in '46 and '47, and all moneys' received for the State from unseated lands, and making allowance for the proper credits, the State was overpaid on State tax the sum of \$766 07; and the Commonwealth was overpaid for Tavern licenses, and Retailers licenses, and Pamphlet Laws for 1847; but there were balances in favor of the Commonwealth for Retailers licenses of '46, & mitira fines of '46 & '47. Those balances set off against each other exhibit an overpayment to the Commowealth, in the years '46 & '47, of \$697 20. We therefore report that, after paying in full to the Commonwealth all taxes and dues for '46 & '47, there is coming to the County from the Commonwealth \$697 20. The account "B" exhibits in the same manner a statement for the years '48 and '49, during Simpson's term, and discloses a balance due the Commonwealth, from all sources for those years, the sum of \$1,302 03. We therefore teaport that for those years there is due the Commonwealth, subject to the balances in favor f the county, for the years '46 and '47, the sum of \$1,302 03 from the outstanding taxes of those years. And by statement "B," which in like manner accounts to the Commonwealth for all her dues for the years '50 and '51, it appears there is a balance due the Commonthe is much injured internally, but hopes are entertained for his recovery. Balance the Commonwealth is entitle to receive from outstand- -Much excitement prevails throughout the We therefore report that on the payment to the Commonwealth of the said sum of \$3,587 924, all taxes and other dues, except outstanding militia fines, will be fully paid and accounted for to her to the 1st January, 1852.

The report of the County Auditors for 1851, states the amount of outstanding taxes for all previous years at the sum of \$5,940 781, and appears to represent that the whole of that is due the Commonwealth. But the foregoing statement it appear that only the sum of \$3,587
921 is due the Commonwealth, being a difference in favor of the county of \$2,352 86— That the Commonwealth is not entitled to all the State tax outstanding on the 1st of Jan., 1852, is accounted for by the facts exhibited by the statements herewith annexed, that in Gulick's term nearly \$1,600 more than was received from the State tax and other State dues, were paid to the Commonwealth from county funds; and also by the fact that in Gulick's and Simpson's terms money was borrowed from the Bank of Northumberland, and applied in payment of the State tax, before the same was collected. During the terms of Simpson and Youngman less of the Commonwealth money was paid to her than was received from her taxes and other dues but part was used for county purposes, as may be seen by the annexed statement. During those last two terms, part of the money paid from county funds and borrowed from the Bank, was replaced, but not all, and the Commonwealth is not entitled to all of the taxes outstanding on January 1st, 1852. The balance of \$3,587 924 above stated as due the Commonwealth from the outstanding taxes does not include the outstanding militia fines. We report that the sum of \$1,578 54 is all the outstanding militia fines on the 1st of January, 1852, and, subject to all exonerations and other

credits, is due the Commonwealth.

From the statements marked D, E. F, and G, H, I, it will appear that there are balances in the hands of the above named Trensurers. In case those balances are paid it makes little difference whether paid to State or County, for the State being entitled to receive \$3,587 925 from all her sources of revenue in the county, in full satisfaction thereof (except onistanding militia fines) for the years '46, '47, '48, '49, '50, and '51, and if she receives those balances, that sum due the Commonwealth would be diminished that amount. But in the event of loss, it may become important. We have therefore prepared the accompanying statements, marked D. E. F. G. H. I. so as to exhibit the amounts received in cash and expended in each for the State and county respectively, from which statements it appears, that the State received for 1846 and '47 more than was received by the Treasurer of We therefore report the balance in the hands of Wm. Gulick as properly belonging to the county, and payable for county purposes. But for '48 and '49, '50 and '51, the amounts received from State funds were not all paid over to her. We report that the balances in the hands of Simpson and Youngman properly belong to the State, and payable for State purposes. But whatever amount of said balances is paid to the Commonwealth, the same will be a credit from the sum of \$3,587 924, reported above as due the Common-

The statement D, with William Golick respecting county matters, exhibits a balance due from him to the county of \$1,982.56. But the one respecting State funds, marked E. ex-hibits an over payment by him to the state of \$1,598.18, the difference between those balances, viz. the sum of \$334 38, is the sum that remained in his hands at the time he went out of office. We therefore report that there is due from the estate of William Gulick, the

sum of three hundred and eighty-four dollars and thirty-eight cents.

The statements F, G, with Jesse M. Simpson, shew a balance of \$2,266 87 due the State from the cash received by him, and a balance of \$2,181 89½ from the county to him for each paid by him for county purposes, the difference is \$84 97½, the amount in his hands. We therefore report that there is due from Jesse M. Simpson the sum of eighty-four dollars and ninety-seven cents. The statements H, I, with George B. Youngman exhibit a balance of \$921 181 from the

cash received by him due the Commonwealth, and a balance of \$587 15 from the county to him, for each paid by him for county purposes. The difference between those sums is \$334 031, the sum in his hands. We therefore report that there is due from George B. Youngman the sum of three hundred and thirty-four dollars three and a half cents; all of which is W. I. GREENOUGH, respectfully submitted
