and Vocal Music. CHESSELDEN FISHER, M. D., Lecturer

on Chemistry, Physiology, &c. The Summer Term of this flourishing Insti-tute will commence on Monnay, July 25, 1853.

The course of instruction will be thorough and practical. Mathematics and the Ancient Lanjunges, as well as other branches, will be taught, as far as practicable, on the analytic method.

Daily use will be made of the blackboard. Orthography, Reading, English Composition, and Declamation will receive their full share of Draughting, Construction of Maps, Use of

Compass, &co., will be taught to students in Surveying and Civil Engineering.

Lessons in Music, Drawing, Oil Painting,
Water Colors, &c., Ornamental Needle Work, French and Botany will be given by the Preceptress, who is a graduate of Castleton Female Seminary, Vermont, and comes recommended by the Principal of that Institution, as "a young lady of agreeable manners and high literary at

Young ladies and gentlemen who design to become teachers, will find this Institution an efficient school for preparation, since there will be connected with it, during the great part of the casmen, Pearl, Shell, and Silver Cord Cases, year, a Tractures' Institute, the members of Work Boxes, Cahas, Needle Books, Money Which will have the opportunity of attending an Belis, Cigar Cases, Portfolios, Razors and Razor Evening Course of Lectures on School Teaching.

under the supervision of the Principals.

The government of the school is based upor the law of universal love, which enjoins upon all—to do to others as they would think it right that others should do to them. Hence the rules will be mildly, though strictly enforced; and parents and guardians may rest assured, that the morals, habits of study, and general deportment of the students will be carefully attended to.

The building is now undergoing a complete renovation. It will be painted, furnished with new desks, a bell, convenient recitation tooms, f.c., Mifflinburg is a thriving and healthy borough.

Its inhabitants are morel, intelligent and enter-Patent METALLIC DAMPENERS, Brushes, prining. Its streets have been recently graded und paved. It is, in every respect, a pleasant and desirable retreat for students. We, therefore, trust that the friends of education will deem the cademy worthy of their liberal support. The price of board, in the best of private families, does not exceed \$1.50 per week.

N. B. Students may enter the Academy at any time during the term; yet it is desirable that they be present, if possible, on the first day, Mifflinburg, July 16, 1853 .- 6m.

MARRIAGE CETIFICATES handsomely

CELEBRATED Family Medicines.

IN offering to the public the above invaluable preparations, the subscriber would state that in consultativity has friends and some of the most respectable of Medical faculty, it was deemed advisable to offer to undie, a few preparations of known celebrity, being pared with the greatest ears, and on the most scient principles, as animitates for the numerous worthless tieles that are flooding the country in the form of pause and care alls, prepared by the most ignorant and inverces typersions, intended to cure all discusses and good for no Read and Reflect.

These lands are thickly covered with the best timber of that region. While it is believed that timber of that region. While it is believed that 75,000 feet of homber to the acre, can be cut from a large portion of the land, the balance will average not much less than this figure. The kinds of timber found on the land are Hemlock, Spruce or White Cedar, White Oak, White Pine and Chestnut—but principally made up of White Pine and Hemlock.

The Tobylanna and Muddy Creeks are large and rapid streams, yielding a vast amount of water power, and are capable of driving a large number of saw mills. They empty into the Lehigh, which stream, with the Lehigh Canal affords an outlet to the most desirable lumber markets.—There is, too, under contemplation, a railway leading to the cities of New York and Philadelphia which runs within one mile and three quarters of the land. Through these avenues lumber can be delivered in either of the cities named, for about \$7 per thousand feet—thus enabling persons engaged in the trade to dorive greater profits than also also the cities of acrificates in his possession of the highest amblerty where they have been used and foundary to be a sumpler of certificates in his possession of the highest amblerty where they have been used and though these avenues lumber can be delivered in either of the cities named, for about \$7 per thousand feet—thus enabling persons engaged in the trade to dorive greater profits than also and be Convenced.

gaged in the trade to derive greater profits than attend investments generally.

In addition to the timber, convertible into every shape of lumber, there is much that will answer for spars of vessels—a sort of timber that saip-builders have been obliged to purchase in Maine, or at other distant points.

Unlike most of the innis on the Lebigh there has, as yet, been no culling of the timber on this property. It shouls undisturbed by the wood-property. It shouls undisturbed by the wood-property is the reference of the property of the prop
