When the fruit-tree is in blossom, And the April grass is green; When along the earth's soft bosom, Spronting leaf and bud are seen; When the birds, their love-mates chosen Build their nests upon the spray, And the brook, no longer frozen,

SEVERAL VALUABLE TRACTS OF TIMBER LAND, comprising about 2,500 acres, part of which is situated on Tobyhanna Creek, and part on Muddy Creek, within three miles of Lehigh River, in Penn forest township, Carbon County, one of the great Coal Counties of Pennsylvania, can be had at a bargain, if ap-

These lands are thickly covered with the best timber of that region. It is, therefore, the more valuable. The lumber trade of the Lehigh has been carried on to such an extent for years past, that a scarcity of good timber is beginning to be felt. Every season necessarily increases this difficulty. The consequence must be an enchancement of the value of timber lands. Those un-culled tracts with the advantage of avenues to market, such

After a careful examination of your "Amer ican pleaders assistant," I take pleasure in ex-pressing my entire approval of the selection and composition of the precedents thus offered to the public. Sir —We have given your Cherry Pectoral an extensive trial in our posetice, and find it to surpass every other remedy we have for caring affections of the respiratory organs.

ASTHMA is generally much relieved, and often wholly cared by Cherry Pectorn! But there are some cases so obstincte as to yield entirely to no medicine. Cherry Pectoral will cure them, if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lange, may be cared by taking Cherry Pectoral in small and frequent doses. The uncomfortable opprovation is soon relieved.

Rev. Doest FANSING, of Brecklyn, New York, sintes: "I have seen the Cherry Pectoral cure such cases of harden and Exceptions."

"I have seen the Cherry Pectoral cure such cases of
