EDITORIAL CORRESPONDENCE. U. S. Hotel, Philadelphia, June 26, 1854. The business season, so far as merchants are concerned, is nearly over, and Philadelphia in Market street and other localities of wholesale dealers, wears a dull appearance.

There is not a town on the Susquehanna, that might not be made equally so, by the expenditure of a little capital and enterprise.—The flourishing towns in the New England States afford a happy illustration of this fact. With a fertile soil and little mineral wealth—

The political campaign has not yet fairly commenced here, although it is about the usual time. The truth is, the late election has opened and disengaged the old laid plans and taken the wind out of the sails of many of the old politicians. Philadelphia has been ruled for many years past by a set of designing and corrupt politicians, who would stop at nothing in order to accomplish their ends.

Improvements in Lewisburg.—The Lewisburg papers are gratulating themselves and congratulating the public upon the growth and improvement of that active little town. The Chronicle says:—Lewisburg justly bears the palm from its neighboring towns in respect to the regularity and beauty of its streets, and the comfort and durability of its dwellings, the latter are open to the objection of too much uniformity or sameness of arrangement and appearance.

THE REPUBLICAN PARTY.—The Boston Transcript says that on the presentation of the petition for the repeal of the fugitive slave law, Mr. Sumner will give notice of a bill for the repeal of the act. It will move it as an amendment to the general appropriation bill. A very lively and excited debate is expected.

report will, we presume, be submitted to the President and Board of Directors in a week or ten days, shortly after which a public letting will doubtless be advertised. They expressed themselves delighted with the City, the Country, and above all, the Harbor. Their commendations of the Harbor, particularly, were hearty and unqualified.— They will leave for their homes to-day or to-morrow.

HEALTH OF ERIE.—Adopting the comments of the Buffalo Commercial upon a kindred subject, we would say no city in the North is so generally healthy as Erie during the season when local diseases and epidemics commit their greatest ravages.

FRANKLIN CANAL RAILROAD.—At a meeting of the stockholders in this city last Monday evening, this Road was formally transferred to the Cleveland, Painesville Ashtabula Railroad Company, coupled with an agreement to place the stock at a valuation equal to that of the last named interest, or in lieu thereof to pay each share-holder dollar for dollar with interest from the date of running operations.

THE UNION COUNTY MUTUAL FIRE INSURANCE COMPANY at its last meeting passed the following order: Resolved that no property in which a steam engine or engines is or are used, shall be insured hereafter in this company.

THE SALE OF HOLLOWAY'S PILLS AND OINTMENT have wonderfully increased in the Union, we presume, therefore, that the well known virtues of the medicines possess, are becoming universally appreciated, among thousands of persons of both sexes testify daily, as may be seen by the Press, that their effect is miraculous, they act conjointly and directly upon the system, the one internally and the other externally, that the most serious cases will readily yield to their wonderful power.

of Tamaqua. The Road will surely be open to Tamaqua by the 4th of July, so that at last we are on the eve of a connection by Railroad between the Susquehanna valley and the city of Philadelphia. The Williamsport and Elmira Railroad will be opened for travel about the same time. The intermediate links between Catawissa and Williamsport will be finished by the first of September at farthest, when there will be a continuous line of rail road from Philadelphia to Niagara Falls, to be run in fifteen hours. This will bring an immense travel through this section of country, where a new impulse will be given, in consequence, to nearly every branch of business.—Danville Democrat.

THE WHEAT crop in Delaware, it is said, was never more abundant. FIFTY miles of the Vicksburg, Shreveport and Texas Railroad have been placed under contract. A resolve appropriating \$3000 for a monument to the memory of Gen. Putnam is before the Legislature of Connecticut.

THE NEW ORLEANS COUNCIL have passed an ordinance to subscribe \$1,500,000 to the Mobile and New Orleans Railroad. Gen. Gonzalez publishes a card in the Union, denying that he has any connection with the Cuban filibusters.

THE RAFTSMAN'S Journal is the title of a new weekly paper published in Clearfield, Pa.; which is politics; neat in appearance, and cleverly edited. I. O. F.—The Grand Lodge of Delaware, I. O. F., held its Annual Communication on Wednesday afternoon last. Unusual large delegations of Representatives from the Lodges were present.

A CURE FOR ALL!! Holloway's Ointment, Citizens of the Union! You have done me the honor, as with our voice, from our end of the Union to the other, to stamp the character of my Ointment with your approval. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short a period.

THOMAS HOLLOWAY, 28, Cornhill at Ann and Nassau Streets, New York. ASTONISHING CURE OF SORE LEGS, AFTER NINE YEARS' SUFFERING. Copy of a letter from Mr. W. J. Langley, of Huntsville, Yankin County, Oorth Carolina, U. S., dated November 1st, 1853. READ HIS OWN WORDS.

To Professor Holloway, Sir,—It is not my wish to become notorious, neither is it my wish to write for the mere sake of writing, but for my, that your Ointment cured one of the most miserable and distressing diseases that flesh is heir to, and which was considered by all who knew me, to be entirely beyond the reach of medicine. For nine years I was afflicted with one of the most painful and troublesome sores that ever fell to the lot of man; and after trying every medicine I had ever heard of, I resorted in despair to all hope of being cured: but a friend brought me a couple of large pots of your Ointment, which applied twice a week to the sore, and I entirely regained my health to my great surprise and delight; and to the astonishment of my friends.
